Pike's "Can't-Be-Beat" Snapdragons

Few realize what wonderful new varieties of Antirrhinums or Snapdragons have been brought out of recent years. The flowers of the newer types average about twice the size of the old types on long two foot stems under favorable conditions. The continuous-blooming qualities of the Snapdragons, their ease of culture, bright colors, entitles them to a permanent place in every garden.

VARIETIES ILLUSTRATED ABOVE

| | |
|---|---------------|
| 1—Autumn Glow | Pkt. 15c |
| 2—Soft Canary Yellow | Pkt. 15c |
| 3—Purple King | Pkt. 15c |
| 4—Crimson King | Pkt. 15c |
| 5—The Rose | Pkt. 15c |
| 6—Old Gold | Pkt. 15c |
| 1—Cover Collection (6 packets) one packet each of the above six separate colors | 69c, Postpaid |

POT GROWN PLANTS After April first we can furnish pot grown plants of any of the above Snapdragons for 12c each, 3 for 33c; 6 for 54c; doz. 96c, Prepaid. (See Snapdragon plants on page 38)

PIKE'S "Can't-Be-Beat" Flower Seeds

PIKE'S NEW NOVELTIES for 1936

CALENDULA
Frilled Beauty. This new variety is one of the finest and although similar to Orange Shaggy, it is actually quite distinct from it. The flowers are large and full, completely double, with good stiff petals which are semi-rounded in appearance, giving good body to the flower. Stems are long and fine for cutting, while the plants make a strong heavy growth. The color is deep orange. Pkt. 20c; 3 pkts. 50c.

Calendula, Frilled Beauty

NEW SWEET PEA

—Exposition Pink (Named in Honor of "A Century of Progress" Exposition in Chicago) We can best describe this wonderfully fine Early Sweet Pea as a gorgeous rich pink. It is considered one of the richest and most fascinating colors ever produced in Sweet Peas and its peculiar color tone is such that when used at night under artificial light it appears more beautiful than ever. The large blooms, four to a stem, are wavy and well spaced. In all its beauty there is no Sweet Pea more vigorous, with stems long and stout and the plant is a very prolific producer of blooms over an unusually long flowering period. In every detail Exposition Pink is magnificent. Pkt. 15c; 2 pkts. 25c.

**All
POST
PAID**

POPPY—The Emperor—This beautiful Iceland Poppy is without a doubt the best poppy available, orange in color with large fluted flowers and many with an extra row of petals. The color is very true and the flowers are much larger, borne on very long strong stems. Pkt. 25c; 3 pkts. 60c.

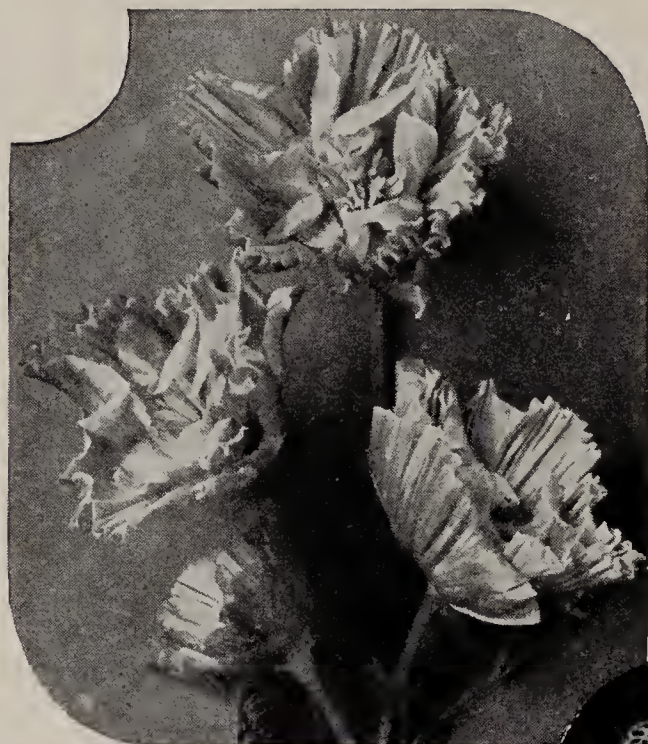

NEW SALVIA—Blue Bedder—A perennial variety but best treated as an annual as seed sown in open ground in May will bloom from late July until frost. Plants are 2½ to 3 feet high producing long spikes well above the foliage set with very attractive light blue flowers, excellent for the bed or border. With slight winter protection the plants will last for years. Pkt. 10c; 3 pkts. 25c; 1-8 oz. 65c.

Linaria,
Fairy
Bouquet

ESCHSCHOLTZIA

MIKADO—This lovely new California Poppy is extremely large with fluted flowers of coppery gold on neat growing plants. They are very effective when used as a border or for ground cover in a Rose Garden, succeed everywhere and bloom from early summer until frost. Pkt. 25c; 3 pkt. 60c.

Eschscholtzia Mikado

MARIGOLD TAGETES SIGNATA PUMILA LITTLE GIANT—Little Giant is the highest development yet attained in the development of a neat, dwarf, really compact strain of the Signata Pumila Marigold. It is very dainty, with slender fernlike foliage and an abundance of gay, single, deep orange flowers on plants which are only 4 to 6 inches high with a spread of 8 to 10 inches. To those who are seeking a dwarf compact edging plant of this sort, we heartily recommend Little Giant. Pkt. 20c; 3 pkts. 50c; ¼ oz. 45c.

VERBENA VENOSA—Lilacina, the new Verbena Venosa variety, has all the desirable characteristics of the older Venosa without the drawback of its less desirable color. It is a strong grower, about one foot in height, perfectly hardy, and very free flowering, being literally covered with its many delicate lavender blue flowers throughout the season. For bedding use or for cutting it is a welcome addition to the verbena group. Pkt. 25c; 3 pkts. 60c.

NEW ASTER—Giant California Sunshine—A very lovely Aster and considered by many the most beautiful Aster in the world. The large flowers are 4 to 5 inches across, the outer petals somewhat loosely placed, creating a lace-like effect. The flowers show shades of Enchantress pink, apple blossom, deep rose, blue and lavender, contrasting with the centers of either light yellow or blue, giving a dual tone effect which is fascinating. The plants are about three feet high and bear blossoms on long, stiff stems, much prized for cutting.

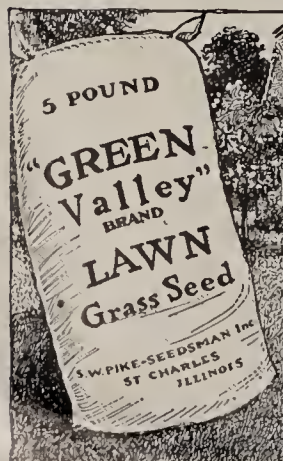

Mixed Colors: Pkt. 15c; 3 pkts., 35c; 1/16 oz., 55c.

Dianthus
Loveliness

LINARIA—Fairy Bouquet—An improved strain of this very small hardy annual plant, compact in form but of light and airy appearance, often referred to as baby Snapdragons as this small flower resembles Snap-dragon blooms. The flowers come in distinct colors of rose, yellow, pink, carmine, lavender, red, violet, salmon and white. The plants grow about 8 inches high and bloom within a short time from seed and are well adapted for low border or rock garden. Pkt. 20c; 3 pkts. 50c.

DIANTHUS—Loveliness—Stately and magnificent in habit of growth, yet delightfully charming and informal in flower form, this new garden Pink is one of the finest of the newer cut flower varieties. The plants are 12 to 15 inches tall, of good branching habit and very free flowering. The shaggy appearing, finely fringed flowers of delicate rosy lilac are highly sweet scented and measure from 1½ to 2 inches across. They are fascinating in the garden, and exquisitely dainty in flower arrangements. Pkt. 30c; 3 pkts. 75c.

PIKE'S "Supreme" LAWN SEED

PIKE'S "GREEN VALLEY" LAWN SEED is of the highest quality lasting and hardy mixture. The most economical to plant, free from weeds and chaff and contains no Timothy or cheap annual grasses. ½ lb. 25c; 1 lb. 45c; 3 lbs. \$1.25; 5 lbs. \$2.00, postpaid.

PIKE'S "SHADY GLEN" LAWN SEED for unsightly spots under trees where it is difficult to grow grass, this mixture is guaranteed. Composed of hardy grasses for shady places and the finest and most costly kinds. ½ lb. 30c; 1 lb. 49c; 3 lbs. \$1.45; 5 lbs. \$2.25, postpaid.

OUR GUARANTEE

We GUARANTEE everything listed in this catalog to be absolutely as represented or money will be refunded immediately. All Seeds are guaranteed to grow or will be replaced free of charge. Plants and bulbs are guaranteed to reach our customers in first class condition and should any arrive in poor shape, report to us immediately and we will replace for any losses sustained in transit. Furthermore, we guarantee our seeds, bulbs, plants, etc., to be absolutely free from disease or other dangerous insects. All our stock is state inspected and a clean certificate is issued by the Department of Agriculture certifying our stock is permissible for shipping.

Market Gardeners and Large Planters

If one is interested in securing larger quantities of any one item than we quote in this catalog, send us a list of your requirements and we will quote by return mail and send PREPAID prices direct to Planters. This also entitles one to the FREE GIFTS as listed in our catalog or optional gifts of plants. We are never undersold, quality considered.

TO OUR CUSTOMERS & FRIENDS:

We again take this means of sincerely thanking our old customers and friends for their greatly appreciated orders and also letters commenting on the success they have attained with the seeds, bulbs and plants which we have sent them.

As we have been located in this town of St. Charles for nearly fifty years, we have built our business from a very small beginning until today we are one of the oldest and foremost seed houses of its kind in America, dealing direct with the planter. We have no Agents or representatives. All our seeds, bulbs and plants are sold direct to our customers. Our old customers know they receive greater value for less money than could be expected from sources other than Specialists. Not having Agents' commissions to pay we are able to give valuable "FREE GIFTS" with every order and pre-pay most everything listed in this catalog to the planter.

Our orders are packed in our own establishment under our personal supervision. A staff of trained and experienced men and women carry out the work of growing to the filling of all orders. This assures customers of better stock, better packing of orders and absolute satisfaction. Read a few of the comments throughout this catalog from our customers. Sorry we are limited on space, for we would like to print more.

Your attention is directed to the list of NEW 1936 NOVELTIES offered for the first time in this catalog. Each and every one has been thoroughly tested and we know you will not be disappointed with a single one.

Sincerely hoping all will have their finest garden this coming year and that PIKE'S Seeds, Bulbs and Plants will contribute largely to everyone's success, we wish to remain

Cordially yours,
S. W. PIKE—Seedsman, Inc.

We Pay Postage & Express

Unless otherwise noted

WE PREPAY:

Unless items are marked "NOT POSTPAID or NOT PREPAID" we pay the postage or express charges on everything. As we have no commissions to pay we are able to do this and also send FREE GIFTS with each order. OUR LOW PRICES:

Pike's "Can't-Be-Beat" Seeds, bulbs and plants are sold direct to Planters and not through Agents or Representatives. Your saving today is greater than ever. See our low prices on Garden and Flower seeds as well as plants and bulbs. Only Specialists could give such bargains.

HOW TO REMIT:

Send remittances some safe way. We recommend using U.S. Postal Money Orders, Express Money Orders, Bank Drafts, Checks,—but do not risk currency in large amounts, or stamps.

SHIPPING DATE:

Unless shipping date is given on the order we usually send it out immediately so that the order is on the way within 12 hours after we receive it.

FREE
OPTIONAL GIFT

Customers who prefer to make their own selection, may select FREE any plant priced at 20c or less when the order amounts to \$1.25 or more. On larger orders this selection can be increased a plant for each dollar the order amounts to.

PIKE'S "Can't Be Beat"

FLOWER SEEDS

All Flower Seed Sent Postpaid.

NOTE: We guarantee our seeds to grow and will replace any which fail, due to unfavorable conditions.

AGROSTEMMA

AGROSTEMMA (Rose of HEAVEN)—Hardy annual. Grows about 6 inches high. Handsome pink flowers. Pkt. 6c, 3 for 15c.

ABRONIA

ABRONIA (Sand Verbena)—A beautiful trailing plant with Verbena-like heads. Flowers are fragrant and of a bright rose with white center. Exceptionally fine for rockwork, etc. Pkt. 8c, 3 for 21c.

ADAM'S NEEDLE

ADAM'S NEEDLE—A symmetrical growing plant with stiff sword-like leaves. Flowers are large creamy white and borne on tall erect stalks. Flowers in June. Will stand any amount of dry weather and will live in dry arid locations if watered occasionally. Pkt. 5c, 3 for 12c.

SWEET ALYSSUM

Alyssum—Carpet of Snow

ALYSSUM (Carpet of Snow)—A beautiful plant covered with fragrant white flowers. Very desirable for edging and baskets. Grows about 6 inches high. Hardy annual. Pkt. 4c, 1/8 oz. 15c. **ALYSSUM (Lilac Queen)**—Dwarf compact growing variety with delicate lavender flowers that are very sweet scented. Hardy annual. Pkt. 6c, 3 for 15c.

PIKE'S LITTLE GEM—This attractive annual produces pure white flowers, dwarf, compact habit and about 4 inches high. Begins to bloom when small and blooms until frost. Pkt. 8c, 3 for 21c, postpaid.

BLUE LILY

Blue Lily of the Nile

BLUE LILY OF THE NILE (Agapanthus.)—Not hardy. An unusually showy plant which carries its bright blue flowers in large clusters well above the foliage which is rich green. Plants should be left in pots or tubs, and set upon the lawn or in the garden during summer. Pkt. 12c; 3 for 29c. Postpaid.

ASTER

AMERICAN BEAUTY—One of the most pleasing varieties grown. Flowers are immense, often measuring 4 to 5 inches in diameter. Color is carmine-rose shade. Pkt. 5c, oz. \$1.65.

PAID**

FREE GIFTS

Our wonderful FREE GIFTS with every order are worth your serious consideration. Be sure to ask for yours when making out your order. We are able to send these GIFTS and Prepay your order for we have no Agents commissions to pay. Remember the children. See their FREE GIFTS.

CULTURE

Great care should be taken to sow the seed SHALLOW and to cover as thinly as possible with sifted soil or sand and press firm with a board. Keep watered frequently so that the soil will not crust on top, for the tender sprouts cannot push through the hard surface unless kept moist. Be very careful when watering not to wash the soil or sand and expose the seed, for if you do the germination will be destroyed. By following these instructions carefully, one will be surprised how easy it will be to succeed with our seed which has a high germinating test.

ASPERULA

ASPERULA—A beautiful free flowering fragrant plant with clusters of fragrant sky-blue flowers. Blossoms from June to August. Pkt. 8c, 3 for 21c.

EVERLASTING

Acroclinium

ACROCLINIUM—A pretty everlasting with daisy-like flowers of various colors, with yellow centers, which cut in the bud may be dried and used for winter bouquets. Mixed, pkt. 5c, 3 for 12c.

AGERATUM

Ageratum

AGERATUM (Mexican Paint Brush)—Has clusters of feathery flowers all summer. A very free blooming plant and one that can be used for edging and is very attractive. Flowers blue. Height 8 to 10 inches. Hardy annual. Pkt. 4c, 3 for 14c.

NEW AGERATUM — Princess Victoria. — A beautiful variety having sky-blue flowers with white centers, the contrast being beautiful. 8 inches tall. Pkt. 10c, 3 for 25c.

BOUQUETS

ALL SUMMER

ADONIS

Adonis

ADONIS (Pheasant Eye)—A beautiful early blooming annual with deep crimson flowers and feathery foliage. Sow where plants are to remain. Height 12 inches. Pkt. 7c, 3 for 18c.

African Lilac Daisy

African Lilac Daisy

AFRICAN LILAC DAISY (Arc-totis)—Flowers white tinged lilac. Good for cutting. Pkt. 5c, 3 for 12c.

BEAUTIFUL ASTERS PEONY FLOWERED

Peony
Flowered
Aster

ASTER SPECIAL—One packet each of the 7 colors listed, white, pink, scarlet, purple, blue, lavender, shell pink (Queen of the Market), for 20c postpaid. Catalog price 28c.

QUEEN OF THE MARKET—Considered by most growers the earliest Aster grown. It is low branching, free blooming and very popular. Colors, white, rose, pink, scarlet, purple, blue, lavender, shell pink, mixed. Each, pkt. 6c, 1/8 oz. 25c.

ABUTILON

Abutilon

ABUTILON—(Flowering Maple or Chinese Bell Flower)—An easily grown plant from seed which bears beautiful bell shaped flowers in an assortment of colors. Mixed, per pkt. 8c.

PACKETS 4c and up

NOTICE

Plant Early, Medium and Late flowering varieties of Asters for flowers all summer.

PEONY FLOWERED—A beautiful aster that resembles the Peony in shape. Blossoms in August. Offered only in mixed colors. Pkt. 5c, 1/8 oz. 25c.

PIKE'S "PRIZE" MIXTURE—Every year many requests are made for a mixture in which customers ask us to select them something in a good mixture of Asters, so this year we have selected the cream of the list and we are more than confident that it will please every one of our customers. This "Prize" Mixture will give you almost a continuous season of blooming for it is comprised of the early, medium and late varieties. Each pkt. 6c, 1/8 oz. 35c.

EARLY FLOWERING—Very fine strain of early blooming Asters. One of the favorites with many of our old customers. You will like this variety. Colors, white, shell pink, rose pink, lavender, blue, red, mixed. Pkt. 6c, 1/8 oz. 25c.

NEW BEAUTY—One of the finest. Pkt. 10c, 3 for 24c. Colors: red, white, pink, purple, mixed.

Giant Branching Aster

GIANT BRANCHING—A fine late branching aster. A variety that is planted largely for commercial purposes. Colors, white, pink, lavender, purple, blue, scarlet, mixed. Pkt. 4c, 1/8 oz. 25c.

**All
POST
PAID**

Special Offer S. 206

ASTER SPECIAL—Will send one packet each of the following asters for 32 cents, postpaid. Catalog price 45c.

American Beauty, carmine rose; Giant Comet, white; Giant Branching, blue; Giant Comet, lavender; Giant Branching, purple; Peony Flowered, mixed; Early Flowering, red; New Beauty, mixed; Pike's "Prize" Mixture; Early Flowering, rose pink.

NEW WILT RESISTANT ASTERS

AN AMAZING NEW STRAIN

A fungus disease known to growers as "Wilt" attacks many varieties of Asters, especially when planted on the same soil year after year, in fact, this disease will stay in the ground from ten to fifteen or more years. This new "Anti-Wilt" strain produces stronger plants and larger flowers and we guarantee this strain against wilt.

QUEEN OF THE MARKET—(See description above). Pkt. 8c, 1/8 oz. 45c, postpaid.

PIKE'S "PRIZE" MIXTURE—(See description above). Pkt. 8c, 1/8 oz. 50c.

PIKE'S EARLY FLOWERING—(See description above). Pkt. 9c, 1/8 oz. 45c, postpaid.

PIKE'S ASTERMUM—See prices and description below.

NOTE: BE SURE TO SPECIFY "WILT RESISTANT" when ordering this Aster seed.

PIKE'S ASTERMUM

The Beauty of the Aster—the size of the Chrysanthemum. The Astermums differ from all other of their type in the larger size and greater profusion of their flowers, each plant, bearing from 20 to 30 blossoms. These loose, airy heads, made up of very long, wavy, twisted petals, have a distinct feathery effect, resembling the finest Japanese Chrysanthemums. Plants grow 2 feet high. Mixed Pkt., 10c; 1/8 oz. 39c.

SUPER GIANT LOS ANGELES

The Super Giant Los Angeles was given Award of Merit, All American Selections 1934. It is the most fully double of any Aster and the largest Aster grown. The flowers are from six to eight inches across, full petaled and artistically graceful in the feathery effect of the interlacing ostrich feather type petals. The color is a lovely soft shell pink, blending to a creamy pink at the center. The plants reach a height of 2 1/2 to 3 feet, with six to eight long, non-lateral stems per plant. For those who want the finest Aster yet developed, we heartily recommend the Super Giant Los Angeles. Pkt., 10c; 2 pkts., 15c; 1/8 oz., 39c.

Giant Comet Aster

GIANT COMET—Grows from 18 to 24 inches high and blooms very early. One of the most satisfactory of the early flowering Asters to grow. Flowers resemble that of the Japanese Chrysanthemums. Color, white, pink, lavender, purple, scarlet, mixed. Each, pkt. 6c, 1/8 oz. 25c. Mixed, per oz. \$1.50.

Gt. Los Angeles

"The seeds and bulbs came over a month ago. Everything is very satisfactory and are growing very nicely." Mrs. B. R. Thomas, President, Thomas Commercial School, South Bend, Indiana.

Plant Flowers For Beauty & Color

AMARANTHUS

Amaranthus

AMARANTHUS (Love Lies-Bleeding)—A brilliant ornamental annual with drooping red flowers. Grows from 2 to 3 feet high. Hardy annual. Pkt. 4c, 3 for 14c.

AMARANTHUS (Joseph's Coat)—Has wonderful colored foliage that is highly ornamental. Flowers grow in clusters. Makes a wonderful show in the autumn. Grows from 2 to 3 feet high. Pkt. 4c, 3 for 14c.

AMARANTHUS—Princes Feather. These plants have dark red feathery heads, drooping like a large ostrich plume. Pkt. 8c; 3 Pkts. 21c.

AMARANTHUS—Mixed. Contains all of the varieties mixed. Pkt. 5c; 3 Pkts. 12c.

ANTIRRHINUM—See Snapdragon. Page 20.

BEGONIA

Begonia

BEGONIA—An excellent house and garden plant. Flowers are of an orange carmine with yellow centers. Foliage is waxy and beautiful. Pkt. 7c.

BACHELOR'S BUTTON — See Centaurea. Page 5.

NEW CHRYSANTHEMUM FLOWERED CALENDULA

CALENDULA CHRYSANTHA—This new variety produces flowers of a beautiful golden yellow that are large and double with long loosely arranged petals which droop like a Chrysanthemum. For cut flowers the stems are long and stiff. Was awarded a Gold Medal in the All American Selections for 1934. This variety is also known as "Sunshine." Pkt. 15c; 3 for 40c, postpaid.

CANDYTUFT

CANDYTUFT (White Rocket)—Large white flowers on long stems. Good for cutting. Fragrant. Hardy annual. Will blossom almost continuously. Seed can be sown in fall as well as spring. Give plants plenty of water. Pkt. 5c, 1/4 oz. 20c.

CANDYTUFT (Giant Hyacinth Flowered)—Flowers of immense size and very fragrant. Hardy annual. One of the finest of its kind grown. Pkt. 6c, 1/4 oz. 25c.

CANDYTUFT (Mixed)—Just a good ordinary mixture. Pkt. 4c, 1/4 oz. 15c.

BUSH PASSION FLOWER

Bright yellow flowers with crimson and brown center. Sure to grow, and bloom.—A dwarf variety of the popular climbing Passion flower, whose beauty is well shown by illustration. It is an annual flower which will grow and blossom within a few weeks from time seed is planted, and continue in blossom all summer and fall. Flowers are of good size, mostly bright yellow with a crimson brown spotted center. Grows about 10 inches in height. Pkt. 10c; 3 for 25c.

BROWALLIA

Browallia

BROWALLIA—A half hardy annual that is covered with a profuse amount of flowers. Flowers from early summer until late fall. Colors, blue and white. Pkt. 5c, 3 for 12c.

BABY BLUE EYES

Baby Blue Eyes

BABY BLUE EYES (Nemophila)—Hardy annual. Fine for edging flowers. Very attractive. Pkt. 5c, 3 for 14c.

BALSAMS

Balsam

BALSAM (Lady Slipper)—Grows in shape of a tree to about 15 inches high. Covered all along the stem with slipper shaped flowers. Hardy annual. Very showy. Good pot plant also. Colors: White, purple, pink, scarlet. Pkt. 5c, 1/4 oz. 35c.

BALSAM (Lady Slipper) — Pike's "Prize" Mixture. The flowers are exceptionally large with a profusion of bloom in a great array of colors. Mixed pkt. 8c, 3 for 21c.

**All
POST
PAID**

Our packets are full of seed and all tested.

TESTS PROVE QUALITY

CELOSIA

CACTUS

CALIF. POPPY

CALIFORNIA POPPY (Escholtzia)—Very showy colors among the flowers. Foliage is very attractive as well. Hardy annual. Mixed. Pkt. 4c, 3 for 10c.

Cactus from Seed

CACTUS MIXED—Cactus make an excellent house plant and by planting seed one can get many forms that's hard to buy. Sow the seed in small boxes and cover very lightly with fine sand on loose soil. Place glass over the box for best results. Pkt. 12c, 3 for 34c.

Cockscomb (Celosia)

COCKSCOMB (Celosia)—Very striking. Everlasting if cut and dried in fall. Hardy annual. Remarkable for its immense size and striking appearance. Grows from 2 to 3 feet high. Pkt. 4c, 3 for 10c.

CANARY BIRD FLOWER

Canary Bird Flower
CANARY BIRD FLOWER—Vine covered with canary yellow flowers, that resemble the bird it is named after. Grows 10 to 15 feet high. Hardy annual. Pkt. 5c, 3 for 12c.

BLACK EYED SUSAN

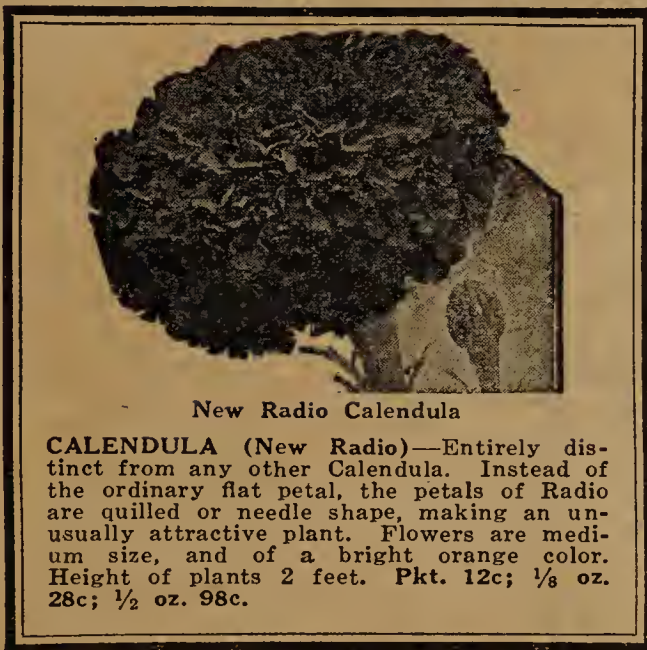

Black Eyed Susan
BLACK EYED SUSAN (Bicolor Superb)—A very showy low growing vine like plant that trails over the ground forming a dense mat. Covered with various shades of flowers that have jet-black centers or eyes. Mixed. Pkt. 4c, 3 for 12c.

CYPRESS VINE

CYPRESS VINE—A vine with fern-like foliage and star-shaped flowers. Colors rose, white, scarlet. Mixed. Plant seed early for best results. Hardy annual. Pkt. 5c, 3 for 12c.

CALENDULA

New Radio Calendula

CALENDULA (New Radio)—Entirely distinct from any other Calendula. Instead of the ordinary flat petal, the petals of Radio are quilled or needle shape, making an unusually attractive plant. Flowers are medium size, and of a bright orange color. Height of plants 2 feet. Pkt. 12c; 1/8 oz. 28c; 1/2 oz. 98c.

CALLIOPSIS

CALLIOPSIS (Tickseed)—A very showy border plant. Grows from 12 to 24 inches high. Half hardy annual. Mixed colors. Pkt. 4c, 3 for 10c.

CARNATIONS

CARNATIONS (Giant Flowering)—Considered the finest and largest of the fragrant carnations. A wonderful variety of colors. Plants make a very rapid growth and commence blooming in mid-summer. A plant that is excellent for inside and outside culture. Mixed pkt. 8c, 1/8 oz. 35c.

CARNATIONS (Mixed)—Summer flowering hardy annual with spicy fragrant flowers. Per pkt. 7c, 1/8 oz. 25c.

FREE
BIRD
WARBLER

For the Boys and Girls

Known also as the ventrillo whistle. It imitates the calls, cries and songs of all kinds of birds. Complete instructions easy to learn given with each warbler. Sent FREE on any order of \$1.25 or more when asked for on the order.

CENTAUREA

Bachelor Button
CENTAUREA (Bachelor's Button or Corn Flower)—Hardy annual. Flowers resemble clover blossoms in shape. Many shades. An old fashioned garden favorite. Varieties: Emperor, single dark blue; Good for cutting. Pkt. 4c, 1/4 oz. 15c. Double Blue—Pkt. 6c, 1/8 oz. 20c. Double mixed—Pkt. 5c, 1/4 oz. 20c. **BRACHYCOMBE**—A free flowering dwarf growing annual 12 inches tall covered during the greater part of the summer with a profusion of dainty flowers, which resemble small Cinerarias. Fine for edgings, small beds or pot culture. Colors, white, pink, blue and mixed. Pkt. 8c, 1/8 oz. 20c.

GAY FLOWERS FOR HAPPY SURROUNDINGS

CASTOR OIL BEAN

Plant
Sprinkler \$1.50

CINERARIA

Cineraria

CINERARIA HYBRIDA—A very popular house plant with a variety of many fine colors. Flowers in profusion. Best Mixed, per pkt. 8c.

CLARKIA

Clarkia

CLARKIA—Double mixed. Various colors. Fine for cutting. Hardy annual. Grows from 2 to 2½ feet high. Continuous bloomer. Pkt. 5c, 3 for 12c.

CACALIA

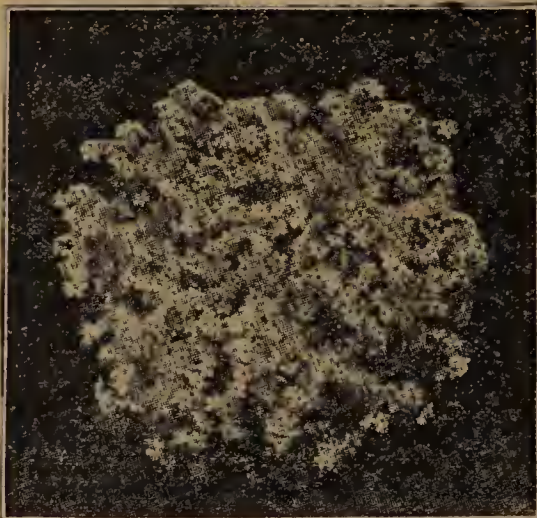

Cacia

CACALIA (Flora's Paint Brush)—Sometimes called Tassel Flower. Hardy annual. Grows about 2 feet high. Flowers orange scarlet. Good cut flower plant. Pkt. 4c, 3 for 10c.

CASTOR OIL BEAN (*Ricinus*)—Mixed. Seed should be sown in the open ground in May so the plants will be in full foliage in July. Many plants grow from 12 to 14 feet high and the enormous leaves, beautifully lobed, measure 2½ feet to 4 feet across. Planted as a solitary plant on the lawn, it makes a perfect pyramid of foliage, thickly set from top to bottom with gigantic leaves. Pkt. 6c each, oz. 14c.

New Pink Chinese Cynoglossum

Cynoglossum—New Pink Chinese

CYNOGLOSSUM (New Pink Chinese)—often spoken of as gem of the garden. Forms perfect bushes 24 inches high and just one mass of beautiful forget-me-not-like flowers from May until frost. Stems of flowers over 18 inches long. Few other annuals will blossom as quickly from seed. Pkt. 9c, ½ oz. 48c, ½ oz. \$1.24.

CYNOGLOSSUM (Blue)—A counter part of the pink except in color. Pkt. 7c; ½ oz. 21c, ½ oz. 60c.

FREE

Don't forget your
American Beauty
Rose—It's FREE
—See Page 73.

CALCEOLARIA (Pouchflower)—Grows about a foot and a half tall. Flowers are pouch-shaped, beautifully spotted and quite small. A very desirable plant, but rather difficult to grow, unless given the best of care. Pkt. 20c.

CAMPANULA CALCYCANTHEMA (Cup & Saucer)—A beautiful dark velvety flower borne on clusters at the top and all the way up the stalks. Fine cut flowers and border plant. Have full sun or partial shade. Flowers resemble cup and saucer as the name implies. Pkt. 8c each.

CHRYSANTHEMUMS

Chrysanthemums

CHRYSANTHEMUM—Pike's Finest Mixed is well suited for pot and garden culture. This seed is saved from the finest specimens and will produce the finest of flowers. Sown in early spring they will produce excellent flowers in the fall. Pkt. 5c, 3 for 12.

Castor Oil Bean

CANNA

CANNA — This tropical plant is usually grown from roots or started plants, but if seed is planted early, good results may be had. The seed must be pierced in one spot and soaked in warm water for 24 hours before sowing. Pkt. 9c, 3 for 24c.

CELOSIA

Chinese Woolflower

CHINESE WOOLFLOWER (*Celosia*)—Very striking. Everlasting if cut and dried in fall. Hardy annual. Remarkable for its immense size and striking appearance. Grows from 2 to 3 feet high. Pkt. 6c, 3 for 15c.

NEW "FLAME OF FIRE" CHINESE WOOLFLOWER—This plant resembles a blazing fire, thus the name "Flame of Fire" which impresses one, as this beautiful red flowering plant attracts the eye of the passer-by. Plant grows from 18 to 20 inches in height in perfect pyramidal form. Pkt. 25c each.

"The seeds I received from you made perfectly lovely plants and flowers. Please send your new catalog as soon as issued."
(signed) Mrs. J. Durfee, Newark, New York

MORNING GLORY

Convolvulus

CONVOLVULUS (Morning Glory)—Hardy annual. Tall growing climber. The profusion of bloom and array of color is magnificent. Mixed, pkt. 4c, 1/8 oz. 14c, oz. 30c.

HEAVENLY BLUE—Pkt. 9c, 3 for 25c.

BRAZILIAN ROSE—Pkt. 10c, 3 for 25c.

JAPANESE FANCY FRINGED—Pkt. 10c, 3 for 25c.

DOUBLE MORNING GLORY

CONVOLVULUS (Morning Glory)—Double flowering. Mixed. An attractive fringed double and semi-double Morning Glory. Pkt., each 8c, 3 for 21c.

COBAEA

Cobaea

COBAEA SCANDENS—Splendid climber. Used for inside window gardens as well as for outside climbing. Seed should be planted **EDGEWISE** in a box inside and covered lightly with light soil. Half hardy annual. Pkt. 8c, 3 for 21c.

BUTTERCUP—RANUNCULUS

Cut Flowers Last Well in Water—A Bushy Plant 18 inches High, Flowers of Golden Yellow. Large cup-shaped flowers of rich golden yellow, stems long, petals heavily crinkled. Keeps well as a cut flower. Plants grow easily into a compact bush-like form. Pkt. 8c, 1/8 oz. 20c.

CHINESE FRAGRANT FERN

The foliage is exquisite, very delicate and lace-like. Blooms profusely, and both flower and foliage are deliciously fragrant. It is a plant of easiest culture; will thrive in any soil or situation. It is not a true fern, but a beautiful tropical-looking ornamental variety of Artemisia. Grows rapidly from seed and soon reaches a height of 4 to 5 feet. No bouquet is complete without a spray or two of these perfumed beauties. Pkt. 10c, 3 for 25c.

CHINESE MONEY PLANT

A beautiful hardy biennial, about 2 feet in height, which is known in the different provinces of China as the silver, satin or money plant, and in Europe as St. Peter's Penny. Flowers are violet-purple, white and dark crimson, followed by the silvery seed pods, which present a beautiful and rather curious appearance. When dried, the stems which are loaded with these glistening seed pouches, will last indefinitely and are exquisite for winter bouquets and other decorative purposes. Pkt. 10c; 3 pkts., 25c.

GLIANTHUS

(Glory Pea of Australia)—This attractive freely producing flowering climber is covered with bright red flowers having a black spot. Flowers hang in clusters. Sow seed where plants are to remain. Pkt. 18c, 3 for 48c.

BALLOON VINE

Balloon Vine

BALLOON VINE (Love in a Puff)—A rapid annual climber growing 10 to 15 feet high. Flowers pure white which look like miniature balloons. Pkt. 7c each, 1/2 oz. 14c.

NEW ORANGE FLARE—The sensational introduction securing the All American Gold Medal. Blossoms in less than 4 months from seed. A gorgeous sight with a brilliant orange-colored flare. Pkt. 20c; 3 for 55c, postpaid.

NEW GOLDEN AFRICAN

African Daisy

NEW GOLDEN AFRICAN (Venidium Fastuosum)—A magnificent flower from South Africa. Rich bright orange colored marked with dark purple at the base of each petal. Blooms in 4 months from seed. Foliage is silky gray. Plant grows 2 to 3 feet high and blossoms are 3 to 4 inches in diameter. Pkt. 18c each, 6 pkts. for 98c.

ORNAMENTAL COTTON

Few of our Northern customers who have not traveled south realize what a beautiful plant the cotton is, in fact it attracts lots of attention when grown in the north. Pkt. 10c; 3 for 20c.

COSMOS

Cosmos

COSMOS (Double Anemone Flowered)—A rather new variety that has attracted considerable attention. The strain will not all blossom 100 per cent double, but even the single ones are very attractive. Pkt. 10c, 3 for 27c.

COSMOS—Common varieties in various shades and mixed. (Colors White, Pink, Crimson.) Pkt. 5c, 1/4 oz. 15c.

COSMOS (Early Flowering Mammoth Hybrids)—Exceedingly showy half hardy annual that blossoms profusely in an array of colors. Covered with large daisy like flowers. Pkt. 7c, 1/4 oz. 20c.

CYCLAMEN

CYCLAMEN—Sometimes called Persian Violet. An exceedingly showy house plant that is very easy to grow. Probably the best winter blooming plant that is easy to handle under various conditions. Varieties: Persicum Mixed, 10c per pkt.; Giganteum Mixed, 17c a pkt.

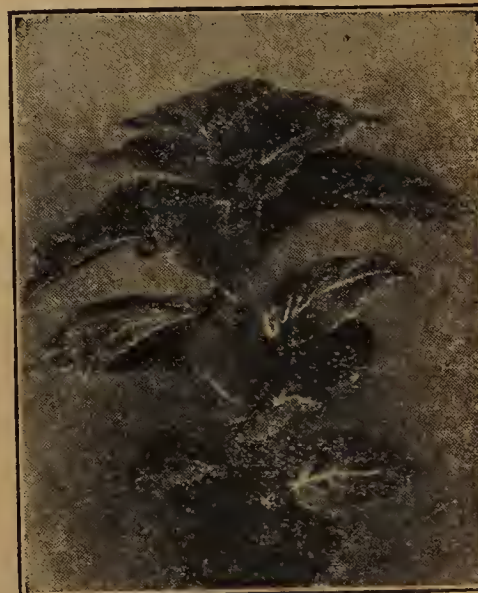

CIGAR PLANT

Cigar Plant

CUPHEA (Cigar Plant)—A beautiful little plant used for hanging baskets. Has bright scarlet flowers shaped like a cigar and tipped white. Hardy annual. Pkt. 8c.

COLEUS

Coleus

COLEUS—Used extensively for edging. Has a great variety of shades and colors in the foliage. Variety Hybrid. Mixed, pkt. 12c; good mixed, pkt. 9c.

DIANTHUS

Dianthus

DIANTHUS (Garden Pinks)—A biennial that will blossom the first year. Sweet scented with a great variety of color. Varieties: Chinese Single Mixed—A very fine selection of colors in this mixture. Pkt. 4c, 1/4 oz. 20c. Japanese Single Mixed—A beautiful array of colors in this mixture. Pkt. 5c, 1/4 oz. 25c. The Bride—Single white with purple centers. Pkt. 8c. Eastern Queen—Single Rose. Pkt. 7c. Crimson Bell—Single dark scarlet. Pkt. 7c.

ALL POSTPAID

DUSTY MILLER

Dusty Miller

DUSTY MILLER (Centaurea)—Used very largely for edging. Has beautiful silver colored leaves that are showy. Hardy annual. Varieties: Candidissima, broad cut leaf, pkt. 6c. Gymnocarpa, fine cut leaf, pkt. 6c.

DIDISCUS

Didiscus—Lavender Ball

DIDISCUS COERULEUS (Lavender Ball)—A charming blue annual with dainty lavender and blue flowers which resemble Queen Anne's Lace of our roadsides. A marvelous bedding and cut flower plant. Pkt. 8c, 1/8 oz. 18c.

DAHLIAS

Dahlias from Seed

DAHLIAS—One of the easiest plants to grow from seed. Will blossom the first year. If you want a fine variety of Dahlias with a possibility of getting some new kinds, plant seed. Half hardy annual. Pkt. 6c, 3 for 15c.

MEXICAN FIRE PLANT

EUPHORBIA HETEROPHYLLA (Annual Poinsettia)—This annual resembles in habit and color the beautiful greenhouse poinsettia. The plants grow from 2 to 3 feet high, bush-like form with smooth, glossy, green leaves. During mid-summer the leaves become a beautiful orange scarlet, presenting a striking and brilliant appearance. Pkt., each 9c, 3 for 24c.

FREE PRIZE for answering these RIDDLES

If you will name the coldest, hottest and fastest flowers, we will give you a beautiful "PRIZE." See if you can catch your friends on these riddles after you receive your "PRIZE." Your friends will probably answer that the coldest flower is the Ice Plant; the hottest the Burning bush and the fastest the Wandering Jew, but these answers are wrong. The correct answers are on pages 52 and 44 where these plants are listed. You will have a lot of fun with these riddles. Try them. First see if you can get a "PRIZE."

AFRICAN ORANGE DAISY

DIMORPHATICA—An easily grown plant sometimes considered hard to grow due to the seed germinating very slowly. Plant grows about 12 inches high with daisy like flowers 2 1/2 inches across. May be grown in either pots or in the garden. Colors, mixed. Pkt. 8c, 1/8 oz. 18c, 1/2 oz. 55c, postpaid.

Sweet Wivelsfield

Also known as the Everblooming Hybrid Sweet William, for the plant is a cross between a Dianthus and Sweet William. Has the hardness of the Dianthus and the free flowering quality of the Sweet William. Good for borders, cut flowers, and for planting in Rock Gardens. Will blossom first year from seed and live over and flower again the following season (a biennial). Pkt. 15c, 3 for 35c.

DAISY

Daisy Bellis

FAMOUS NEW UNWIN DAHLIAS—This outstanding strain of Dahlias can be grown from seed and blossom within 90 days after planting. The flowers are borne in great profusion simply covering the plants in a beautiful array of colors. Tubers may be saved if preferred, although seeds are so easily grown it hardly pays to bother. Pkt. 20c of about 50 seeds or 3 Pkts. for 50c postpaid.

All Packets 4c and Up

DAISY (Bellis)—Sometimes called the English Daisy. A dwarf growing plant used largely for edging of flower beds. A prolific bloomer. Hardy annual. Varieties: Longfellow, pink; Snowball, white. Each, per pkt. 5c, 3 for 12c.

DATURA

DATURA (Horn of Plenty)—Has large funnel shaped flowers. Colors, violet, yellow, purple and white. Mixed. Hardy annual. Pkt. 10c each, 3 for 27c.

DUTCHMAN'S PIPE

DUTCHMAN'S PIPE (Aristolochia)—A very rapid climber. Perennial. Foliage is very attractive and flowers are of a brownish red. Shaped like a Dutchman's pipe. Pkt. 8c, 3 for 21c.

EUPHORBIA

Euphorbia—Snow on the Mountain
EUPHORBIA (Snow on the Mountain)—Has beautiful leaves margined white. A very ornamental plant that grows about 2 feet. Hardy annual. Pkt. 6c, 3 for 15c.

"Received the plants and they are doing fine. I shall always want your seeds and plants." (signed) Mary E. Thomas, Tangier, Va.

DEVIL-IN-A-BUSH

This beautiful, easily grown annual is most interesting. This beautiful and unique, little known plant makes one of the showiest borders. The delicate blue and white flowers surrounded with feathery foliage is wonderful for show. Forms seed pods red crown shaped, horn tipped suggesting "Devil-in-a-bush." Fine cut flower. Pkt. 10c, 3 for 25c.

GERBERA

GERBERA (*Transvaal Daisy*)—Mixed only. This marvelous new winter and summer flowering daisy is a plant of great beauty. The flower stems are two feet long and are very graceful, bearing a large daisy-like blossom, which is 3 to 4 inches across. The flower petals have a variety texture peculiar to itself. Truly rich and beautiful. There are many new shades in this rare plant variety, the beautiful crimson in particular. Pkt. 18c each.

DRACAENA

Dracaena Indivisa

DRACAENA INDIVISA—An ornamental palm-like plant that is used for porch boxes and vases as well as house plants. Very easy to grow and highly ornamental. Pkt. 10c.

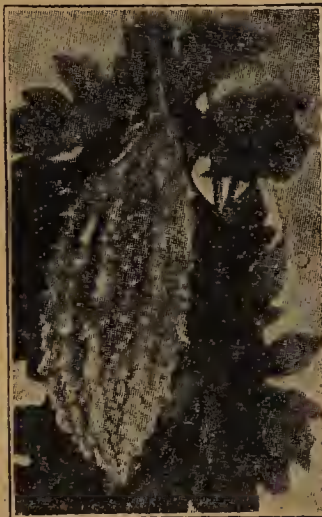

FORGET-ME-NOT

Forget-Me-Not

FORGET-ME-NOT—Beautiful blue flowering plant with long stems that make the flower very desirable for cutting. Good keepers. A biennial. An old garden favorite. Pkt. 6c, 3 for 15c.
FLORA'S PAINT BRUSH—See Cacalia, page 6.
FLOWERING MAPLE—See Abutilon, page 3.

BALSAM CARD. CLIMBER DOLICHOS

Balsam Apple

BALSAM APPLE—A beautiful climbing plant with apple-shaped fruits, which if preserved in alcohol, makes a most useful liniment. Foliage gracefully cut and although tender annuals, the vines run 10 feet or more during the season. A truly beautiful vine. Pkt. 8c each, 1/4 oz. 16c.

Cardinal Climber

CARDINAL CLIMBER—A rapid climbing vine which attains a height of 30 feet or more and prefers a sunny location. Flowers are dazzling scarlet and literally covers the vine. If started outdoors seed must not be sown until the weather is settled and warm; otherwise the seed is liable to rot. File or cut a small notch in each seed and soak in lukewarm water over night to hasten germination. Pkt. 12c each, 1/8 oz. 32c.

DOLICHOS (*Hyacinth Bean*)—Very fine climber making a very dense growth of foliage and is a profuse bloomer. One of the finest annuals for climbing. Half hardy. Pkt. 9c, 3 for 24c.

FREE

Can you name a plant on this page which produces a root like a carrot? The root may be planted year after year (Perennial in the south) and a single plant will often measure 3 to 4 feet both ways and produce a thousand open flowers at one time. Will send a packet of seed FREE if you name this plant.

NOTE: We apologize to our old customers for reprinting the above again.—Thought some of our new customers might be interested.

GODETIA

Godetia

GODETIA (Satin Rose)—Hardy annual with a rich velvet flower. Very showy. Per pkt. 6c, 3 for 15c.

JAPANESE HOP VINE (Humulus)—A rapid climbing vine, probably one of the fastest growing and best covering vine of all grown from seed. The foliage is luxuriant. One of the most satisfactory annuals we can recommend. Pkt. 7c, each, 1/8 oz. 14c.

"Pest-Za-Way"

Rid your premises of Rodents, Ants, Dogs and Cats. Spray the New Modern Way. (See back of catalog envelope.)

FUCHSIA

FUCHSIA HYBRIDA (Ladies' Eardrop)—This well known house and greenhouse plant needs no description. Mixed, pkt. 18c.

FEVERFEW

Feverfew

FEVERFEW (White Gem)—One of the most satisfactory plants to grow for both inside and outside culture. Flowers are very double and at times the plant is completely covered with flowers. When cut are great keepers. Hardy annual. Pkt. 5c, 1/8 oz. 25c.

FEVERFEW (Golden Ball)—A very striking plant that has flowers of a rich golden color with a fine cut leaf. Pkt. 5c, 1/8 oz. 25c.

GLOXINIA

GLOXINIA—A beautiful house plant with handsome bell-shaped flowers in various shades. Mixed, pkt. 14c.

"I received my bulbs today and wish to say they are the finest bulbs I have ever bought." (signed) Mrs. Chas. Mansbarger, Roy, N. M.

CUT FLOWERS DECORATE THE HOME

Moon Flower

Moon Flower

IPOMOEA (Moon Flower)—Large flower with a fine point star in the flower. Very showy on dark days when other flowers are not so brilliant. Vine. Soak the seed in warm water 24 hours before planting. Half hardy annual. Pkt. 5c, 3 for 12c.

Kochia

Kochia, or Summer Cypress

KOCHIA (Summer Cypress)—Known as Mexican Fire Bush. Has fiery red foliage in fall of year. Foliage resembles an Evergreen and plant grows like a tree. A beautiful border plant. Hardy annual. Pkt. 4c, 3 for 10c.

Grevillea

Grevillea or Silk Oak

GREVILLEA (Silk Oak)—Grows from 2 to 5 feet high, rapid grower, and with its long drooping silky foliage it resembles a fern. Pkt. 9c.

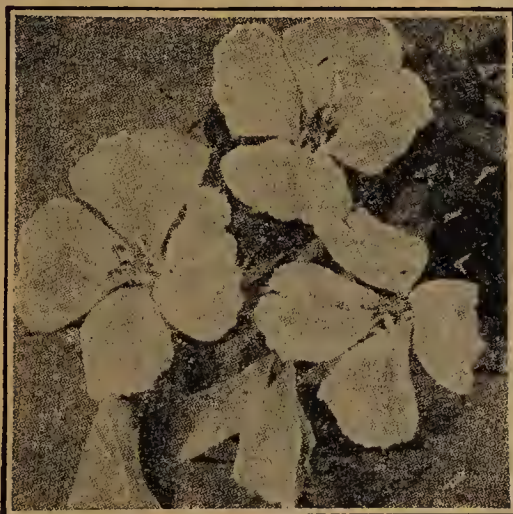

Geraniums

Geraniums

GERANIUMS—Many wonderful new varieties are often obtained by planting seed of the Geranium. They will make a rapid growth and it is really interesting to watch results. Varieties: Apple Scented, an old favorite, pkt. 12c; Lady Washington, often spoken of as Pelargoniums, pkt. 24c; Zonale, single mixed, pkt. 9c. **HORN OF PLENTY**—See Datura—Page 8. **HUMULUS (See Japanese Hop Vine)**—Page 10.

New "Azalea" Godetia

The New Azalea-Flowered Godetia is a marvelous bedding plant as well as a pot plant for house culture. The seed should be sown in the open ground and thinned out to a foot apart. The plants make a compact bush about a foot high and are covered with a mass of Azalea-like flowers. Especially desirable for shady locations where many other plants will not grow. We offer these in three shades and mixed. Dark Crimson, Deep Rose and Mauve. Pkt. 15c; 3 for 40c—Mixed Pkt. 12c; 3 for 30c, postpaid.

Hesperis

(Sweet Rocket) Also known as Sweet Rocket, being similar to the Perennial, but flowers the first year and is a biennial. Grows two feet high and bears an abundance of flowers in spikes of Lilac, purple and white. Very fragrant. Pkt. 6c; 3 for 15c, postpaid.

HELIANTHUS (Sunflower)—Hardy annual with small golden yellow flowers. Fine for cutting and wonderful keepers. Very showy. Grows from 2 to 4 feet high. Pkt. 6c, 3 for 15c.

Globe Amaranth Hen and Chickens

Globe Amaranth

GLOBE AMARANTH (Everlasting or Eternal Flower)—Beautiful for Christmas decorations when cut and dried in fall. Hardy annual. Pkt. 7c, 3 for 18c.

Heliotrope

HELIOTROPE—A plant that is admired for its wonderful fragrance. A fine house plant as well as a garden favorite. Be sure to plant this seed and watch results if you have never tried growing it from seed. Colors range from white to violet and purple. Mixed only. Pkt. 6c, 1/8 oz. 35c.

Hunnemannia

HUNNEMANNIA — Sunlite — Unlike other double flowers this novelty develops a band of short petals on the outside, rather than the inside, of the cup. This adds to size and beauty, giving the appearance of an open flower at all times, being a clear canary yellow color. Pkt. 10c; 3 pkts. 25c.

PIKE'S "can't be beat" SEED

A ALWAYS PLEASE

MOLTEN FIRE The Brightest Colored Foliage Plant

This is a most magnificent foliage plant and is attracting a great deal of attention wherever grown. It belongs to the Amaranthus family, and grows rapidly, attaining a height of 3 feet. It has handsome bronze foliage until it reaches a height of about 2 feet, when the leaves change to clear, glistening, fiery rose-crimson, increasing in size and brilliancy until the whole plant is illuminated with huge tufts of flaming fire which can be seen for half a mile. Retain their brilliancy for 3 months or more. Very easily grown. Pkt., 15c, 3 for 35c.

NASTURTITIUM GOLDEN GLEAM

NASTURTITIUM (Golden Gleam)—This outstanding novelty of double flowering Nasturtium is truly a beautiful sweet scented variety with attractive golden yellow flowers of a delightful fragrance. Excellent for cut flowers, making a wonderful bouquet for the home. Entirely different from the ordinary type. Pkt. 10c each, oz. 18c.

Double Nasturtium

SCARLET GLEAM—Scarlet Gleam when grown in a large space has been likened to a huge fiery carpet. It is the most intense dazzling scarlet, plain petaled, deep throated, with individual petals at least twice the size of ordinary Nasturtiums. The doubleness is caused by an overlapping of the smaller petals toward the center of the flower. Scarlet Gleam is equally useful and beautiful, for both garden use and cut-flowers. Pkt. 10c, oz. 20c.

GLORIOUS GLEAM HYBRIDS—The flowers are fine large, sweet scented doubles, of the same type as Golden Gleam and Scarlet Gleam. The habit of growth is the same, with semi-dwarf plants throwing short runners from well rounded, free flowering bushes. The stems are long and the foliage a lovely green. The color range includes an evenly balanced blend of the glorious assortment of brilliant shades of salmon, golden-yellow, orange-scarlet, cerise, cream-yellow, orange, maroon, crimson and many spotted varieties. It is a Glorious Mixture. Pkt. 10c, oz. 20c.

Special Offer

Will send one packet each of Golden Gleam, Scarlet Gleam and Glorious Gleam Hybrids for only 25c or 3 packets of each (9 in all) for only 65c, postpaid.

FREE Chirping Skip Bird

FOR THE KIDDIES—The bird is made of heavy celluloid, attractively decorated. You press on the ball and the bird will chirp merrily and skip along. Will give one FREE on any order amounting to \$1.50 or more when asked for on the order.

NASTURTITIUM (Ivy-Leaved)—A mighty fine strain of flowers with a remarkably pretty leaf. Dwarf mixed, per pkt. 9c, 1/2 oz. 20c. Tall pkt., 9c, 1/2 oz. 20c.

NASTURTITIUM (Variegated Leaved)—The foliage is very striking with variegated white, yellow and green leaves. Flowers are as fine as on the green leaved variety. Finest mixed, per pkt. 9c, 1/2 oz. 20c.

NAMED VARIETIES KING OF THE BLACKS—Tall growing. Pkt. 10c, oz. 20c.

MOONLIGHT—Tall growing amber. Pkt. 9c, oz. 18c.

GOLDEN KING—Dwarf rich golden. Pkt. 9c, oz. 18c.

NASTURTITIUMS

Nasturtium

NASTURTITIUM—In Nasturtiums you will find many so-called mixtures vary in both size and variety of color. In what we are offering we believe they will measure up with any in the country. Many of our customers will not plant anything but the strains we offer, for they are very particular what they have blooming. Pike's Special Dwarf Mixture, per pkt. 8c, oz. 15c, 1/4 lb. 40c, 1 lb. \$1.40.

NASTURTITIUMS—A very good strain of just ordinary Tall and Dwarf kinds. Tall mixed, per pkt. 5c, oz. 10c, 1/4 lb. 35c, 1 lb. \$1.00. Dwarf mixed, pkt. 5c, oz. 10c, 1/4 lb. 35c, 1 lb. \$1.00.

NASTURTITIUMS (Lobb's Mixed)—This strain is much preferred by some. The colors are very fine and striking. Finest Mixed, per pkt. 8c, 1/2 oz. 20c.

Nicotiana

Nicotiana

NICOTIANA—Half hardy annual. Flowers borne in clusters and have a fine fragrance. Grows 2 to 3 feet high. Pkt. 5c, 3 for 12c.

NEMOPHILA—See Baby Blue Eyes. Page 4.

OXALIS—A dwarf growing little plant that is used for baskets and boxes. Covered with yellow flowers and a rich brown foliage. Pkt. 9c, 3 for 24c.

Oxalis

Oxalis

"Just a word to let you know that I have had wonderful results with your seed and hope you will keep me on your mailing list." (signed) Mrs. E. Beauregard, Pawtucket, R.I.

ALWAYS EASY TO GROW FLOWERS *from* TESTED SEED

Aloha Flower

Nemesia or Aloha Flower

NEMESIA—A dwarf growing annual excellent for edging rock gardens producing orchid like flowers which are often three quarters of an inch across, are varied in color, ranging from rose, yellow, orange and blue. Mixed. Pkt. 14c each.

OENOTHERA—See Evening Primrose.

PAINTED TONGUE—See Salpiglossis.

Oriental Lily

New Everblooming Oriental Lily

NEW EVERBLOOMING ORIENTAL LILY—Probably no lily produces as many flowers of such a long season as this new introduction from the Orient. Flowers often within 90 days from seed and as many as 20 to 30 flowers will appear on one stem. Lily is perfectly hardy in all climates and is probably one of the most satisfactory lilies to grow from seed we have for amateur cultivation. Pkt. 25c; 3 for 66c, postpaid.

Double Portulaca

Double Mixed Portulaca

PORTULACA (Moss Rose) Double Mixed—A low growing creeping type of a plant that thrives in hot dry places where most plants die. Covered with a mass of blooms all the time. Fine for edging or carpet effect. Pkt. 8c, 1/8 oz. 38c, 1 oz. \$2.25.

Pansies

Pansies

PANSIES—Hardy annual. Probably the most satisfactory annual grown. Will winter over in some places if given a little protection. A wonderful profusion of flowers from early to late in season. Every description of colors imaginable. Plant in good rich soil in a partly shaded place if possible.

Pike's Butterfly Mixture. Pkt. 12c. 3 pkts. 30c.

Giant Exhibition Pansies. Pkt. 20c. 3 pkts. 50c.

Pike's "Miracle" Mixture. Pkt. 16c. 3 pkts. 39c.

Early Flo. Mixture. Pkt. 9c. 3 pkts. 22c.

Pike's Improved Swiss Giants. Pkt. 25c. 3 for 60c.

See Page 53 for Pansy Plants

POPPIES

POPPY (American Legion)—One of the sensations of the world. Blossoms all summer and has immense scarlet flowers on long stems. Pkt. 6c, 1/8 oz. 20c.

POPPY (Golden Gate)—Hardy annual Grows about a foot high and especially showy. Pkt. 6c.

POPPY (Pike's Best Mixture)—Hardy annuals. Grows from 12 to 15 inches high. An excellent mixture. Pkt. 4c, 1/8 oz. 15c, 1/2 oz. 28c.

POPPY (King Edward)—New variety of gorgeous coloring. Deep scarlet with yellow anthers. Hardy annual. Grows from 15 to 18 inches high. Pkt. 5c.

POPPY (Giant Double Mixed)—An excellent mixture of giant flowering Poppies comprised of the richest and brightest colors. Pkt. 6c, 1/8 oz. 11c, 1/2 oz. 22c, oz. 33c.

POPPY (Shirley)—Sometimes called Silk or Ghost Poppy. Flowers are satiny in various colors, all with white centers. The foliage is finely cut which adds to the beauty of the plant. Mixed. Pkt. 6c, 1/8 oz. 16c, 1/2 oz. 24c.

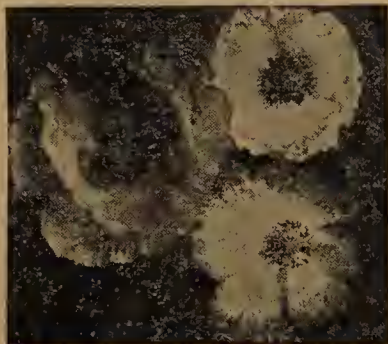

POPPY (Giant Tangerine)—This is one of the newer of the Iceland Poppies and is a color very unusual in this flower, being a true tangerine or orange scarlet. Stems are strong and long enough to make beautiful cut flowers. Pkt. 9c each, 1/8 oz. 26c.

POPPY (Mikado)—A brilliant scarlet and white poppy with beautifully curled petals, like Japanese Chrysanthemums. Pkt. 5c, 1/8 oz. 16c, 1/2 oz. 24c.

SPECIAL OFFER S. 211

Will mail one packet each (6 in all) of Poppies: Iceland, American Flag, Golden Gate, King Edward, Pike's Best Mixture and Shirley for 20c postpaid.

ALL POSTPAID

Passion Flower

PASSION FLOWER (Passiflora)—Sometimes called Southern Beauty. A beautiful window vine with blue flowers, followed with handsome fruit. Its foliage is also very attractive. Half hardy annual. Pkt. 6c, 3 for 15c.

New Tangerine Poppy

POPPY (Iceland Poppy)—Mixed. Used for edging extensively. Flowers are of medium size and very delicate. Very early. Grows from 12 to 15 inches high. Pkt. 5c, 3 for 12c.

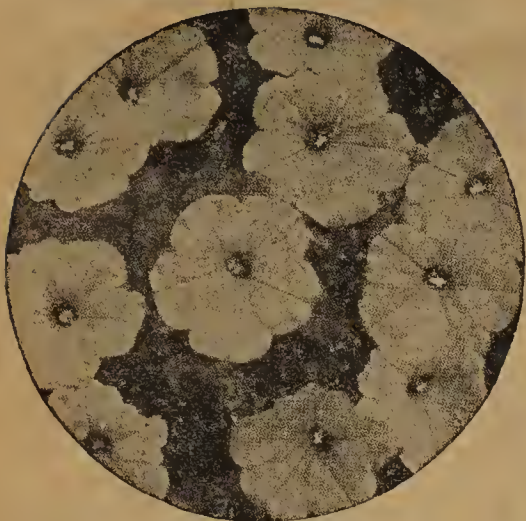

POPPY (American Flag)—Hardy annual. Grows about a foot high and especially showy. Pkt. 6c.

"The plants came yesterday in perfect condition. I thank you for the prompt service." (signed) Mrs. Maude Kepley, Poplar Bluff, Mo.

Balcony Blue

Balcony Blue Petunias

PETUNIA (Balcony Blue)—This splendid variety of single Petunia usually grows about 12 inches high and are used extensively for window or porch boxes and vases, also fine for beds and borders. Pkt. 8c each, 3 pkts. for 21c.

New Fluffy Ruffles

New Fluffy Ruffles

PETUNIA (Fluffy Ruffles)—This new variety of Petunia is considered by many the prettiest of all. They are more deeply frilled and heavily ruffled than any other type and the flower three inches in diameter will often measure twenty inches in circumference, so deep are the frills and ruffles. Mixed pkt. 10c; 3 for 25c.

Carnation Flowering

PETUNIA (New Double Carnation Flowering)—This new type of Double Carnation Flowering Petunia resembles a beautiful carnation both in size and appearance. A rare combination of colors. Pkt. 25c each.

Rainbow Corn

This is a very pretty variegated foliage plant, the leaves being striped with bright green, silvery white, rosy purple, and sulphur yellow. Used a great deal for dividing line between vegetable and flower gardens. Pkt. 8c; 3 for 20c, postpaid.

PIKE'S BEAUTIFUL PETUNIAS

Gt. Mixed Petunias Triumph of Giants

Pikes Gt. Mixed Petunias

PETUNIAS—No garden is complete without this attractive flower. A prolific bloomer. Grows from 6 to 12 inches tall. Hardy annual. Plant used extensively for porch boxes, vases, etc. **VARIETIES:** Pikes Giant Mixed, pkt. 10c. White, pkt. 4c; Red, pkt. 4c; Rosy Morn, pkt. 4c; Monstrous single, pkt. 12c; Double mixed, pkt. 15c; Little Star, pkt. 10c; California Gts. pkt. 20c; 3 pkts. for 50c.

PETUNIA (Triumph of the Giants)—This exceptionally large flowering Petunia is entirely distinct from any others in the exquisite colorings and in the general appearance of the flowers. This is without question the largest, prettiest and most wonderful Petunia ever grown. The colors are startlingly brilliant—some solid colors, but mostly a combination of colors never seen before in one flower. All seed is hand picked from the largest and heaviest frilled flowers showing the finest colorings. Pkt. 20c each; 3 pkts for 49c.

We guarantee satisfaction or money refunded.

Triumph's of the Giant Petunias

Rose of Heaven

PETUNIA (Rose of Heaven)—This beautiful dwarf single small flowering variety of Petunia has a rich brilliant rose color with inconspicuous white throat and is much darker than Rosy Morn. Pkt. 10c each, 3 pkts. for 25c.

Gaity

This outstanding variety produces almost a solid mass of pink and white flowers. One of the most prolific flowering Petunias we know of. Pkt. 15c; 3 for 40c, postpaid.

Rose of Heaven Petunia

Australian Rose Flower

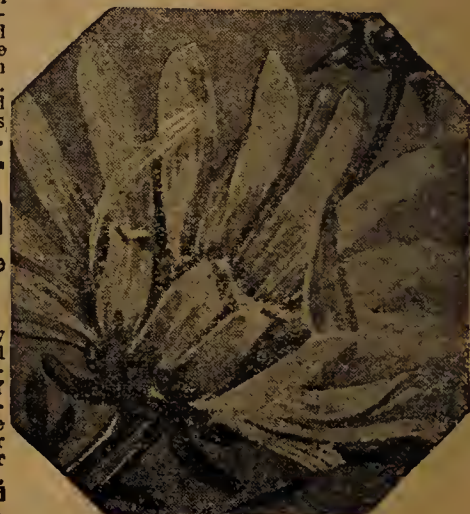

Rhodanthe

RHODANTHE—Also called Australian Rose Flower. Colors, white, rose, crimson and purple. Plants blossom early and flowers may be dried for winter bouquets when picked young and dried in shade so they will retain their beauty all winter. Mixed only. Pkts. 7c each, 3 for 18c.

RICINUS (See Caster Oil Bean) Page 6.

Sea Dahlia

Something new in flowers. Feathery foliage and yellow dahlia-like flowers with darker center. Hardy annual and grows 20 inches high. Pkt. 7c.

Phacelia

California Blue Bells

Campanularia

Plants grow about 8 in. tall producing terminal racemes of gentian-blue flowers with white anthers. Fine for edgings, etc., or as pot plants, very early and blooms long time. Pkt. 10c.

CHOICE FRAGRANT COLORFUL

Phlox

New Double Flowering Phlox

PHLOX—Hardy annual. This is one of the most gorgeous annuals grown. Grows about a foot high. Flowers form in heads or trusses and are beautiful. Assorted colors. Pkt. 4c, 1/8 oz. 18c.

PHLOX (New Double Flowering)—Where a desirable cut flower is wanted we question if you can improve on this variety for the flowers last longer than the single ones. The fine blossoms produced in large trusses furnish a grand display in the gardens and are very effective for table decoration. Mixed. Pkt. 9c each, 3 for 24c.

PINKS—See Dianthus—Page 8.

FREE

On all orders made up from this catalog amounting to \$1.25 or more, will give you FREE 1 doz. blooming size assorted Gladioli bulbs, if mentioned on your order.

Starred Phlox

Fringed & Starred Phlox

PHLOX (Starred and Fringed)—This wonderful starred and fringed phlox is a real sensation. In the fringed flowers the petals are fimbriate, three toothed, of a great variety of magnificent velvety colors with a bright eye in the center and a white border. In the Starred Phloxes the central teeth of the petals are five or six times as large as the lateral ones, and projecting beyond them like little spines, give the flowers a distinctly star-like form. All colors mixed. Pkt. 6c each, 1/8 oz. 24c.

Periwinkle

Vinca

PERIWINKLE (Vinca)—Beautiful little plant with green shiny foliage. Flowers fine for cutting and plant may be potted in fall for winter blooming. Mixed, pkt. 4c, 1/4 oz. 18c.

Pyrethrum

PYRETHRUM AUREUM. Golden Feather—A dwarf growing little plant only a few inches high, with golden foliage, which makes it an attractive border or formal bedding plant. Though half-hardy, it is best treated as an annual. Pkt. 10c, 3 for 25c, postpaid.

Tufted or Sweet Scented Pansies

The Hardy Pansy Violet. A hardy, everlasting Pansy which blooms all season

Tufted or Sweet Scented Pansies

Plants are hardy, of vigorous growth, forming deep-rooted compact clumps, covered by myriads of flowers from spring until frost. Many are as highly scented as the sweetest Violet. Tufted Pansies do not run out like the Pansy, but may be left year after year in the same bed. Mixed Colors. Pkt. 10c.

Bird of Paradise-Poinciana

Bird of Paradise

NEW EVERBLOOMING WONDER LILY

Hardy Lilies from Seed

AMAZING NEW LILY GROWN FROM SEED AND FLOWERS FIRST YEAR.—

We consider this one of the finest Lilies we have ever grown and every garden lover should start this year by planting seed if they want a garden full of lilies. It is so easy to grow they hardly need any attention after sowing. Found originally in the rocky hill sides of Asia where little rain ever occurs, it grows like our Wild Daisies in many parts of America. It is the Everblooming type or cut and come again Lily. Will have as many as 10 to 12 flowers on a single stem of the purest white tinted purple outside, of about the same size and form as the Easter Lily. Delightfully fragrant. A wonderful house plant as well as garden. Many of our customers in different parts of America claim they have picked their third and fourth picking of flowers in one year, but two to three is the average in the northern states. Sow the seed in shallow boxes or pans, using rather light soil and transplant when plants have 5 to 6 leaves. This way you will have best results. Pkt. 25c, 5 for \$1.00.

BIRD OF PARADISE

The color of the flower is a golden yellow, it measures 2 1/2 inches across, and is produced in very large trusses. The most beautiful part of the flower is the large pistils which are spread out in fan-like form and are of bright crimson color. The foliage is also highly decorative. If the seeds are started early it will produce blooms in great profusion the first year. Pkt. 10c; 3 for 25c.

FREE GIFTS

For the children. Don't forget them.

Save Time PLANT ONLY TESTED SEED

Spider Plant

SPIDER PLANT (Cleome)—This large growing plant which attains a height of 4 to 5 feet is covered with panicles of flowers as large as hydrangeas, and seemingly unaffected by wind or weather. The flowers are deep purplish pink when they first open but turn to light pink so that the lower of the panicle is a different color from the upper. The stamens are several inches long, from which it derives the name—Spider Plant. Once the plant starts to blossom in July, it will continue until frost. Pkt. 8c each; 3 for 20c.

Scabiosa

SCABIOSA (Mourning Bride)—Be sure and plant this hardy annual this year for no garden is complete without this. Its vivid colors and sweetness make it especially attractive. Grows from 2 to 3 feet high. Extra fine for borders. A great variation of colors. Mixed, pkt. 7c, 3 for 18c.
SCABIOSA (Loveliness)—This delicate soft salmon rose is truly a beautiful flower. The demand for this color is increasing every year for it gains in popularity. Packet 8c; 3 for 20c, postpaid.

Sunflower

SUNFLOWER—Varieties: New Red, Double Yellow and Mixed. Pkt. 6c, 3 for 15c.

SUMMER CYPRESS—See Kochia. Page 11.

Rock Garden Snapdragons Sutton's Little Gem

Early flowering hybrids forming small compact bushes with variously colored flowers of rose, purple and many bi-color shades. Very early, about 6 inches high and well adapted for Rock Gardens and alpine plantings. Pkt. 15c.

SALVIA

SALVIA (Scarlet Sage)—Half hardy annual. One of the most showy of the fall flowering annuals. Bright scarlet. Grows from 2 to 3 feet high. Pkt. 8c, 3 for 21c.
SATIN ROSE—See Godetia, page 10.

Salpiglossis

Salpiglossis

SALPIGLOSSIS (Painted Tongue, also known as Velvet Flower)—Hardy annual. Grows from 2 to 3 feet high. Funnel shaped flowers of yellow veined with shades of red, purple, etc. Very odd and exceptionally beautiful. Pkt. 6c, 3 for 15c.

SCARLET FLAX—See Linum. Page 12.

SPECIAL OFFER S. 203

(Sweet Pea Special)

Will send one packet each of Pike's Orchid Flowering Giant Spencer, in 5 different colors, our selection, for 18c, postpaid.

Pike's Orchid Flower Spencer

SWEET PEAS (Pike's Orchid Flowered Giant Spencer)—This is really a wonderful type of a Sweet Pea. The flowers are simply beautiful beyond description often measuring 2 1/2 inches across. Many have four and five of the large flowers on one stem. If one has never planted this strain they should by all means and we are sure will become as enthusiastic as we are over this strain of Peas. Colors: White, Primrose, Orange, Pink, Scarlet, Lavender and Blue. Order by color, Per pkt. 6c, oz. 25c. Mixed per pkt. 5c, oz. 20c.

SWEET PEAS (Pike's Early Flowering Giant Spencer)—This strain is practically the same as the Orchid Flowering but blossoms five to six weeks earlier and continues to blossom, if kept picked, up to frost. This variety is especially adapted to the southern states. Colors: White, Lavender, Scarlet, Salmon, Pink, Blue. Order by color. Per pkt. 7c, 1/2 oz. 50c. Mixed, per pkt. 6c, 1/2 oz. 45c.

Pike's Giant Hybrids

SWEET PEAS (Pike's Giant Hybrids)—This is a select strain of very fine Sweet Peas that are excellent keepers. Flowers are very fragrant with vivid colors. Colors: White, Lavender, Scarlet, Salmon, Pink, Blue. Order by color, per pkt., 5c, oz. 15c, 1/4 lb. 45c. (Mixed same price.)

SWEET PEAS (Pike's Best Mixture)—This mixture is comprised of the finest strains of Sweet Peas. The flowers are of good ordinary size and fragrant. Pkt., 4c, oz. 15c, 1/4 lb. 45c.

SWEET PEAS (Pike's Special Mixture)—This is one of the best late flowering ruffled Sweet Peas in mixture that we can offer. This is really a distinct type that is gaining popularity wherever planted. Pkt. 6c, oz. 25c, 1/4 lb. 65c.

Dwarf "Cupid" Sweet Peas

This is a Dwarf Sweet Pea, growing only 5 inches high yet spreading out and forming a solid mat of foliage and flowers 1 1/2 feet across. The blossoms are very sweet, of largest size and very abundant, usually with three flowers to each stem. Superb for bedding, massing and edging. Very desirable pot plants. Mixed. Pkt. 7c; oz. 16c.

Plant Sweet Peas
4 to 6 inches deep

SWEET SCENTED AND DELIGHTFUL FLOWERS

Wishbone Flower

TORENIA
FOURNIERI

Torenia

TORENIA (Wishbone Flower)—A magnificent bushy globular plant covered with beautiful richly colored snap-dragon-like flowers of a delightful sky-blue. With a touch of gold on the lip. They are excellent for beds, pots or hanging baskets. Height 12 inches. Pkt. 6c each; 3 for 15c.

Wallflower

Double Wallflower

WALLFLOWER—Hardy annual with fragrant flowers and a wide range of colors. Grows about a foot high and fine for potting, making a good house plant if planted in fall. Mixed. Pkt., 6c; 3 for 15c.

Wonderful Weather Plant

The Unique Floral Barometer

If the leaves stand upward from the twig, the weather will be beautiful. If they stand out straight, changeable weather is expected. As the leaves droop, the indications range toward rain, when the leaves hang straight downward, water may be expected to fall in torrents. A local storm is indicated by the curling together of the leaves, and a fog by the bending of the twigs. Seeds are of good size and sometimes slow to germinate; should be soaked in lukewarm water before planting. Pkt., 10c; 1/4 oz., 24c.

Weather Plant

Umbrella Plant

Umbrella Plant

UMBRELLA PLANT (Cyperus)—Used largely for inside planting. Will grow in water as well as soil. Plant often takes the place of ferns in the house. Pkt. 7c.

(Auratum)

We have had so many calls for this Lily seed, we succeeded in securing imported seed from Asia which will germinate and produce blooming plants in this country. See description under hardy bulbs of this lily. Pkt. 15c, postpaid, or 3 pkts. for 40c, postpaid.

WHITLAVIA

Whitlavia

WHITLAVIA—(California Canterbury Bells)—Deep lavender blue with white throat resembling small Gloxinias. One of our most attractive annuals. Pkt. 8c; 3 for 21c.

Virginia Stock

Virginia Stocks

VIRGINIA STOCK—A low growing little plant that is very fine for edging and early summer blooming. Their bright colors produce a charming effect. Mixed. Pkt. 6c, 1/2 oz. 14c, oz. 24c, 1/4 lb. 58c.

WILD CUCUMBER

WILD CUCUMBER—Hardy annual. Vine that is a rapid climber covered with a fragrant white Flower. Pkt., 5c; 3 for 12c.

Wild Cucumber

Wild Flower Garden

PIKE'S MIXED WILD FLOWER GARDEN—This is comprised of a fine mixture of all the best annuals and it will be of great interest to you to plant one of these gardens and watch results. Pkt., 6c; 3 for 14c.

Everlasting Flower Mixture

Planting this mixture gives a wonderfully interesting garden display of many odd forms and also beautiful glistening colors. They are excellent for cutting and you can have a good supply for winter bouquets. Mixed Annuals: Pkt., 10c; 3 for 24c

VINCA ROSEA—See Periwinkle—Page 17.

"My plants received today. They are all fine and I am more than pleased with them." (signed) M. F. Beidler, Coffeyville, Kans.

Beautiful Zinnias for all occasions

Lilliput or Pompon
Zinnias

ZINNIA (Lilliput or Pompon)—This beautiful strain of Zinnia grows from 12 to 15 inches high. They make beautiful little plants which are in bloom all summer until late in the fall. Colors are bright and cheerful and the bushy little plants are fairly covered with tiny short stemmed flowers, which always come perfectly double. The colors are well fixed and can be depended upon. Colors, purple, salmon, white, red, orange, yellow. Pkt. 8c each, $\frac{1}{8}$ oz. 22c, $\frac{1}{2}$ oz. 65. Mixed colors, Pkt. 7c each, $\frac{1}{8}$ oz. 20c, $\frac{1}{2}$ oz. 58c, oz. 98c.

ZINNIA (Pike's Champion Giant Flowering)—Separate colors, deep blood red, burnt orange, flesh color, golden yellow, lilac, rose shades. Mixed. Pkt. 5c, $\frac{1}{8}$ oz. 16c.

ZINNIA (New Dazzler—Dahlia Flowering)—New fiery red Zinnia. Stems are strong and upright and flowers are large, resembling the decorative dahlia. One of the most attractive recent introductions in the zinnias. Pkt. 15c each, 3 for 40c.

Giant Dahlia
Flowered Zinnia

ZINNIA (Dahlia Flowering)—Flowers are of enormous size and resemble large Dahlias. Plants are strong growers and are excellent for cutting. Pkt. 6c, 3 for 15c, $\frac{1}{8}$ oz. 18c.

CREeping ZINNIA

SANVITALIA PROCUMBENS. A lovely free-blooming trailing plant, producing a wealth of flowers about 6 weeks after the seed is sown. The plants are of compact, dwarf growth, with branches measuring 8 to 10 inches long. It is particularly suited for dwarf border. The flowers are fully double, not unlike a small Zinnia in appearance. They are a bright orange-yellow color. Pkt. 10c, 3 for 25c.

ZINNIA—A hardy annual that is very popular. Grows 2 to 3 feet high. Flowers are very handsome and make a wonderful border. Varieties: Pike's Tall Mixed. Pkt. 6c, 3 for 15c. Pike's Dwarf Mixed. Pkt. 6c, 3 for 15c.

Mexican or New Star Zinnias

ZINNIA (New Mexican Star)—Very dwarf—very small—very double. Grows 12 to 15 inches high. Excellent for borders, rock gardens, etc. Nearly every color known from crimson to white, beside color combinations. Petals are rich and velvety and appear almost artificial in their perfection. Pkt. 6c each, $\frac{1}{8}$ oz. 18c.

New Cactus Zinnia

ZINNIA (New Cactus Flowering)—Entirely distinct from all the Zinnias by the shape of the petals which are tubular at the base and expand toward the tips, displaying a rich variety of color. On the reverse side of the petals the color runs into a softer tint, making a beautiful combination. Many colors mixed. Pkt. 8c, $\frac{1}{8}$ oz. 24c.

Pumila Delight

The New Ruffled Zinnia

A most striking new variety with medium size flowers of exceptional beauty. The petals of the flowers are ruffled and curled and each petal is outlined by a contrasting color which harmonizes with the body of the flower. The plants are of compact growth and are a mass of blooms, coming into flower early in the season. This is one of the most attractive varieties of Zinnia and the best all around cut flower for basket work. Our seed is from a fine mixture of colors, including salmon shades, cream, buff, golden yellow, lavender, etc. Pkt. 15c, 3 for 40c.

Baby Zinnia—Red Riding Hood

A lovely new type of Zinnia for edging, bedding or pots. Plants are covered with perfect shaped miniature double blooms less than 1 inch in diameter, of a brilliant fiery scarlet color. Pkt., 10c; 3 pkts., 25c.

New Picotee Zinnia

PLANT FOOD

Pike's Food For Plants—Seasons house supply only 15c, post-paid.

ZINNIA (New Giant Picotee)—A new and distinct class with double flowers in orange, flesh, lemon, cerise and pink. Each petal being distinctly tipped with darker shade. Giant Picotee Mixed. Pkt., 9c each, 3 for 24c.

Curled and Crested and New ZINNIAS—see page 22.

"My house plants I bought from you are all lovely and doing fine. I am very well pleased with them." (signed) Mrs. H. E. Barnett, Uhrichville, Ohio.

BEAUTIFUL HOMES

are well
Planted

Viscaria

Viscaria

VISCARIA—A showy garden annual which grows about a foot high and produces red, white and blue flowers. Very striking for bedding and good for cutting. Mixed only. Pkt. 6c, 3 for 15c.

Plant Food

Our 5-8-7 Mixture for Garden and Lawn Use.

For cultivated gardens use from 4 to 5 pounds to the hundred square feet. Lawn 2 to 4 pounds to hundred square feet.—We use this mixture ourselves and will GUARANTEE results. Shipped by Express or Freight only. 5 lbs. 48c; 10 lbs. 75c; 25 lbs. \$1.40; 50 lbs. \$2.35; 100 lbs. \$3.48—NOT Prepaid. Larger quantities will quote special prices.

Seeds

**All
POST
PAID**

Freesias

These are well known for their delightful fragrance. Seed should be sown in flats and transplanted after the bulb has formed. Will bloom the first year from seed.

REFRACTA ALBA—White. Pkt. 9c, 3 for 25c.

RAINBOW HYBRIDS—Very attractive because of their unique colorings and shadings. Pkt. 15c, 3 for 40c.

FREE

Ask for the finest Red Peony grown, "Karl Rosenfield." IT'S FREE. See page 51.

Excelsior Giant Stocks

This new non-lateral Stock grows to a height of 3 to 4 feet. Each plant produces one large flowering spike. The individual florets measure 2 to 2½ inches in diameter, and are very double. This is the latest improved strain of Stocks, and our fine mixture of seed contains all the light and dark shades and colors. Pkt. 20c.

CURLED AND CRESTED ZINNIA

The petals are elegantly twisted and curled, giving the flower a most attractive appearance. The plant grows 18 inches high by 2 to 2½ feet in diameter, and blooms freely until killed by severe frost. The colors range from white through many shades of yellow, rose, pink and salmon to deepest crimson. The new Curled and Crested is a grand cut flower which will last a considerable time in water. Pkt. 10c, 3 pkts. 25c.

NEW FASCINATING ZINNIAS

Fantasy or Chrysanthemum Flowered Zinnia

Probably the most fascinating new type of Zinnias introduced to the floral world in many years. The very informal shaggy appearing flowers are graceful and interesting, very distinct from the stiff, formal zinnias to which we are accustomed. The fascinating shades of orange, pinks and creams give beauty to this remarkable plant. Mixed colors only. Pkt. 15c; 3 for 40c.

New Zinnia Fantasy

Desert Gold

This striking new Zinnia Desert Gold contains all the rich yellow and golden shades of the Crown of Gold Mixture that was offered a few years ago, but in our opinion surpasses this variety by far so that we are not listing it now. Desert Gold is of a Giant Dahlia Flowered type, the flowers often measuring 5 inches across. Pkt. 15c, 3 for 40c.

New Scabiosa Zinnia

Among the oddest and most attractive Zinnia forms the Scabiosa Flowered type deserves to be more widely grown and better known than at present. The flower bears a close resemblance to the annual scabiosa from which they get their name. Grows 2 to 2½ feet high. Colors mostly crimson, scarlet, orange, yellow and pink. Flowers double. Pkt. 20c; 3 for 55c, postpaid.

Annual Flower Seed

This is a beautiful mixture of the finest annuals which will be found desirable for planting in "fill in spots" and other places where it would be too costly to use named varieties. We offer this as reasonably as we possibly can for the benefit of our many friends and customers. Large pkt. 4c, 3 for 11c, 1 oz. 20c, ¼ lb. 49c, ½ lb. 74c, 1 lb. 99c.

Climbing Mixture Flower Seed

By planting this mixture of vine seed one not only obtains a cheap mixture but one that will be sure to cover unsightly spots such as rock walls, fences, old brush, wood piles, etc. The variety of flowers one will have when these vines blossom is a sight worth going miles to see. Liberal size pkt. 6c, 3 for 15c, ¼ lb. 49c.

JUNE "SURPRISE" OFFER

At the end of our spring selling season we sometimes have a surplus of plants and as it is hard to carry many of these plants over in the greenhouses during the hot summer months we must go to the expense of moving them outside under shaded beds. Rather than go to this expense of added handling we offer after June 1 a "removal sale" of miscellaneous plants at \$1.35 a collection. In this collection you will secure several dollars worth of plants at this low price of our selection. You may place your order any time before June 1 and we will ship promptly on this date if you request. When ordering be sure to state the type of plants wanted. For example: House plants, Bedding plants, or Perennial plants, your choice as to type. COUPONS CANNOT BE USED ON THIS OFFER.

Royal Bouquet Bush Verbena

A new, upright, compact form, growing 15 to 18 inches in height and not more than 10 inches across, with no lateral branches being thrown out. It bears in the utmost profusion, very large, brilliantly colored flowers. The blooms are borne on long stems and group themselves together at the summit of the plant. One great possibility in connection with this valuable introduction is its suitability for growing in pots, a thing which has hitherto been impracticable with Verbenas. The color range is from purest white to pink, red, blue and purple, many flowers being distinctly auricula-eyed. The seed is offered in mixture of colors only. Pkt. 15c, 3 pkts 30c.

HOUSE AND BEDDING PLANTS

BIG PRICE CUTS

Baby Tears

Baby's Tears

BABY TEARS—Also known as Helxine or Irish Moss. The miniature foliage is drooping in habit and the leaves are very tiny forming a dense graceful appearance. Grows best in the shady location and we do not recommend the full sunlight. Select potted plants 22c each, 3 for 59c.

22c

Amaryllis

Amaryllis

AMARYLLIS—The Amaryllis is of easy culture, producing under the simplest conditions gorgeous trumpet shaped flowers. Pike's New Hybrids (Mixed)—Each 52c, 3 for \$1.48. Postpaid. Equestre (Orange Scarlet)—Each 34c, 3 for 94c. Postpaid. Johnsoni—Prolific flowering, red with white stripes in center of petals. Each 28c, 3 for 78.

28c

Aloe

Aloe

22c

Dracaena Fragens

Similar to the Dracaena Terminalis, but foliage is a beautiful dark green, in direct contrast with the other. The two make a fine combination for house or porch. Each 48c, postpaid.

ALOE ARBORESCENS—Will prove a desirable house plant, growing and thriving under most adverse conditions. Long narrow leaves of heavy texture are about two inches wide at the stem, tapering to a point. Very attractive. Fine potted plants, 22c each, 3 for 58c.

Air Plant

Air Plant

FLOWER
1/2 NAT-SIZE

32c

AIR PLANT—A beautiful and strange plant which produces little plants around the leaves. The flowers droop directly downward and are swayed by every breath of air like so many Chinese lanterns. These flowers are reddish green spotted with white. A plant anyone can grow and something distinctly different. Strong potted plants, 32c each, 3 for 85c.

Artillery Plant

ARTILLERY PLANT (Pilea)—An extremely showy plant for use in window boxes, vases, hanging baskets, etc. It also makes a graceful plant as a single specimen. Easy to grow and requires no special care. Strong potted plants, 16c each, 3 for 45c.

Dracaena Terminalis

This beautiful ornamental plant is so easy to grow and attracts attention wherever grown for the long broad leaves with rich crimson coloring marked with pink and white are simply beautiful. Each 48c, postpaid.

Angels Trumpet

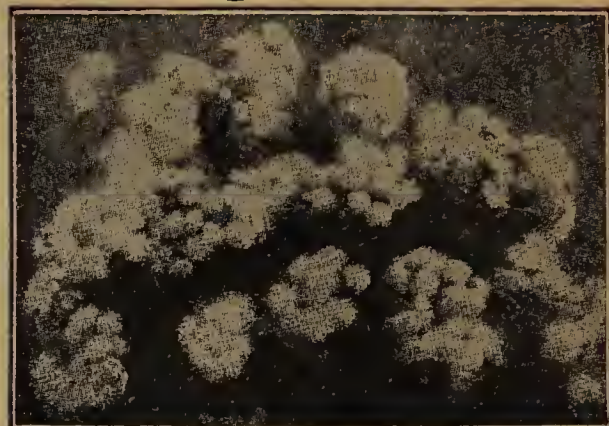

Angels Trumpet

34c

ANGELS TRUMPET (Brugmansia)—An all year around blooming plant for pot and garden culture. Flowers are large trumpet shaped, often measuring 8 in. long and as fragrant as Jasmine. Pure waxy white. Very ornamental. Strong potted plants, 34c each, 3 for 98c, 6 for \$1.87.

Ageratum

Ageratum

AGERATUM (New Blue Wilsoni)—Intense blue, five to six inches high; fine for edging window boxes and vases. Strong potted plants, each 14c, 3 for 36c, 6 for 69c, 12 for \$1.32, prepaid.

14c

AGERATUM (New Mundelein)—One of the most attractive small bush like plants with flowers deep amethyst blue. Fine for edging. Fine potted plants 16c each, 3 for 42c, 6 for 72c, 12 for \$1.24.

African Violet

African Violet

AFRICAN VIOLET (Saintpaulia loantha)—One of the most popular of all pot plants of today. Introduced from Africa. The general type of growth is similar to the Cyclamen, leaves soft and hairy, the plant producing flowers of a beautiful blue and similar in appearance to our well known violets. Easily grown and unusually free flowering. Strong potted plants, each 32c, 3 for 68c.

32c

Baby Primrose

BABY PRIMROSE (Primula Malacoides)—The freest flowering of all Primroses. A dainty fragrant rosy lilac flowering plant with Heliotrope fragrance which adds a charm to the plant during its long blooming period. Strong potted plants, 22c each, 3 for 63c. Postpaid.

Blue Marguerite

This waxy leaved blue flowered plant is very attractive. Grows about 12 inches high and is covered with blue flowers most of the summer. Very easy to grow. Strong potted plants each 15c; 3 for 40c; 6 for 65c, prepaid.

HOUSE AND Conservatory PLANTS

Pike's Wonderful BEGONIAS

Begonia—Thurstonii

20c

BEGONIA THURSTONII—A large growing plant and a perpetual bloomer. Flowers rosy pink, in clusters, leaves large, like polished jade, of an emerald green color; dull, blood red underneath, very ornamental. Grows about 3 feet high. Strong potted plants, 20c each; 3 for 58c.

Watermelon Begonia

24c

WATERMELON BEGONIA—Where a plant is wanted for house purposes to stand dry, hot air, this plant is hard to duplicate. The leaves are distinctly variegated white and green, thick and waxy like and have the appearance of being powdered like or frosted silver. A beautiful plant for the dinner table or the window. Nice potted plants, 24c each; 3 for 66c.

BEGONIA ARGENTEA GUTTATA—Grows 3 to 4 ft. Purple bronze leaves. Strong potted plants, 20c each, 3 for 58c.

20c

Chatelaine Begonia

16c

BEGONIA CHATELAINE—A thrifty Begonia that flowers at all times. Makes a mass of color. Rose shading darker. Strong potted plants, 16c each; 3 for 42c.

Argentea Guttata Begonia

Coralline Lucerne

26c

BEGONIA CORALLINE LUCERNE—Flowers coral-red, changing to delicate pink. Strong potted plants, 26c each; 3 for 72c.

BEGONIA CRINKLED BEEFSTEAK—A new and valuable variety distinctly different, magnificent crinkled, crested and curled, glazed, reddish olive green foliage, topped by clusters of flesh pink flowers. Strong potted plants, 28c each; 3 for 78c.

BEGONIA HAAGEANA—Flower coral-pink and bronzy-green foliage. Strong potted plants, 20c each, 3 for 58c.

Rex Painted Leaf Begonia

24c

BEGONIA—Rex—(Painted Leaf)—This Begonia is one of the most attractive plants grown with large mammoth leaves of rich metallic luster and colors blending from brightest green, glistening silver and orange to a beautiful plum. Flowers blush-pink. Strong potted plants, each 24c; 2 for 46c; 3 for 66c.

15c

Begonia—Rosa Picta

BEGONIA ROSA PICTA—Beautiful dark glossy green leaves with clusters of light pink flowers. Strong potted plants, 15c each; 3 for 42c.

Begonia—New Beefsteak

24c

BEGONIA — Beefsteak — (Feastii)—A well formed spreading plant; leaves deep olive green, red underneath. Flowers coral red in compact form easily grown and very attractive. Strong potted plants, each, 24c; 2 for 46c; 3 for 66c.

Venus-Begonia

BEGONIA VENUS—A new and distinctly "different" Begonia. Glossy, bronze-green cut leaves, free flowering habit, pink flowers. Blooms the year round. Strong potted plants, 20c each, 3 for 58c.

Begonia Xmas Cheer

BEGONIA XMAS CHEER—Excellent winter bloomer with coral-pink flowers. Strong potted plants, 16c each, 3 for 42c.

16c

"My order received and many thanks for sending me such fine plants. I am very pleased with all I bought." (signed) Mrs. F. Viebrock, Plainfield, N. J.

A wide VARIETY TO PICK FROM

Begonia-Alba Perfecta

BEGONIA ALBA PERFECTA—A free blooming Begonia producing pure white colored flowers in clusters. The foliage is light green in color and is often termed "Angel Winged" owing to the peculiar shape of the leaves which shares a resemblance. Strong potted plants, **15c** each, 3 for 42c.

20c

Pres. Carnot Begonia

BEGONIA PRESIDENT CARNOT—Strong growing, large foliage, upper side deep green, under side purplish-red. Blooms beautiful coral-red. Strong potted plants, **20c** each, 3 for 58c.

18c

Begonia Evansiana

BEGONIA EVANSIANA—Rapid grower with pink flowers. Strong potted plants, **18c** each, 3 for 48c.
GRAPE BEGONIA—The leaves are shaped like a grape-leaf and the plant grows very compact, making a beautiful pot plant covered with light pink flowers. Fine young plants, each **40c**; 3 for **98c**; postpaid.

NIGHT BLOOMING CEREUS

Introduced from Mexico this beautiful plant flowers in the evening and through the night. Flowers are immense, often measuring 12 inches in diameter. Very easy to grow inside. Fine plants each **40c**, 3 for **98c**, postpaid. **40c**

CHINESE PAPER PLANT

A magnificent pot plant, with splendid Camelia-like deep shining green foliage. Commences to bloom when small and continues throughout the year. Dazzling rosy crimson, with deep golden yellow anthers. Fine potted plants. Each **25c**, 3 for **50c**, postpaid. **25c**

CHINESE EVERGREEN

Famous as a decorative house and conservatory plant. Easily grown, odd and attractive. Each **38c**, 3 for **98c**, postpaid. **38c**

Bird of Paradise

Bird of Paradise

(Poinciana Gilliesi.) The color of the flower is a rich golden yellow, it measures 2 1/4 inches across and is produced in very large trusses. The most beautiful part of the flower is the long incurved stamens and pistils which are spread out in fan-like form and are of bright crimson color. The foliage is also highly decorative. It should be grown as a tub plant, except in the warmer parts of the South, where it is hardy. If the plants are started early it should produce blooms the first year. Plants, **25c** each, 3 for **65c**, postpaid.

Century Plant

An interesting plant with large, thick, leathery, grayish green and white lance-like leaves. Tall flower spikes; large clusters of flowers; individual blossoms 2 1/2 to 2 3/4 inches across. Useful as a garden or lawn specimen in summer and a house plant in winter. Strong potted plants, **35c** each, 2 for **65c**, postpaid.

"FISH HOOK CACTUS"

FISH HOOK CACTUS—Also known as Candy Cactus by some. A curiosity among Cacti. Plant is covered with spines hook-like in shape from 2 to 3 inches long. It has been claimed that Indians in the southwest use these hard as steel hooks for fishing. Also used for making Cactus candy. Fine young plants each **75c**, **75c** 2 for \$1.40, postpaid.

Calla Lily

16c

CALLA LILY (White)—An old favorite white calla lily with grand white flowers. Strong potted plants, **16c** each, 3 for **42c**.

OTAHEITE ORANGE

This dwarf growing fragrant flowering plant produces edible fruit. The fruit hangs on for months after ripe. Fine young plants each **25c**, 3 for **98c**, postpaid.

Yellow Calla—See page 48

Chrysanthemums—See page 40

"SHRIMP PLANT"

SHRIMP PLANT—The New sensational novelty. Unlike most any other plant. The inflorescence of the Shrimp Plant is composed of a series of overlapping bracts or floral leaves. These bracts assume a rich golden bronze tint and the two lipped white flowers are produced successively between the bracts. The lower lip of the flower has a tessellated marking of pale purple. Excellent for the border outside and a most unusual house plant. Strong potted plants each **24c**, 3 for **68c**, postpaid. **24c**

Plume Plant

20c

BRAZILIAN PLUME PLANT—This plant resembles a mammoth chrysanthemum in many ways, but is much larger with broader petals and a different formation. The plant is rapid growing with plume-like flowers which blossoms profusely for several months out of the year; are a beautiful Coral Pink. Strong potted plants, **20c** each, 3 for **54c**.

Plant Food

Pike's food for plants. Season's house supply only **15c**.

The GREATEST MONEY SAVING VALUES IN YEARS

Cactus

The Desert Cactus makes a most interesting house plant. Extremely odd and curious. Many have gorgeous and beautiful sweet scented blossoms, and bloom profusely. These oddest of all plants grow in many shapes and sizes, are easily grown, thrive and bloom with very little care, and endure the heat and dryness of the ordinary living room.

If you are an admirer of Cactus plants we can supply you with a collection that will please you. Our selection of varieties, 24c each; 3 for 48c; 6 for 90c.

Comet Plant

Comet Plant—Sanderii **24c**

COMET FLOWER (Acalypha Sanderii)—A plant which attracts much attention owing to its trailing fluffy habit with long soft crimson blossoms. Very unique. Strong potted plants, 24c each, 3 for 63c.

FIRECRACKER PLANT—This plant may be cultivated in either the garden or house. Flowers are scarlet shading into a flame, tipped with bright golden yellow. One of the most unique and ornamental plants which every window garden lover should have. Fine potted plants, 18c each, 3 for 48c. Postpaid.

Cigar Plant

Cigar Plant **14c**

CIGAR PLANT—A very pretty little plant covered with cigar shaped flowers that grows about 12 inches high and has a charming appearance. Strong potted plants, 14c each, 3 for 36c.

Cyclamen

Persian Violet (Cyclamen)

Firecracker Plant

Crown of Thorns

18c

Crown of Thorns

Ivy

English Ivy

18c

ENGLISH IVY—An excellent evergreen climbing vine with dark glossy green leaves. Used for covering walls, etc., and for cemetery work and also one of the best plants for house culture. Strong potted plants, 18c each, 3 for 48c.

FREE

Ask for a Jane Cowl Dahlia—It's FREE—See Page 27.

CYCLAMEN (Persian Violet)—One of the most popular house plants grown. Flowers are very beautiful and are shaped somewhat like an English Violet only much larger. The leaves are deep green and waxy with different shades of green throughout. Strong potted plants, 34c each, 2 for 66c, 3 for 89c.

X'mas Cactus

CHRISTMAS CACTUS—Beautiful decorative Christmas plant. A beautiful blooming plant usually in full bloom around Christmas. Flowers are crimson scarlet with long drooping heads similar in appearance to the Fuchsia and borne in great profusion. A free blooming cactus entirely spineless. Fine strong plants, 24c each, 3 for 66c.

Fancy Coleus

FANCY BEDDING COLEUS (Foliage Plant)—Customers may order most any variety grown, from us, such as Fire Brand, Butterfly, (Beckwith Gem), Nero, Sensation, Sunrise, Setting Sun, Verschaffelti and many others; but most prefer to leave the assortment to us. We will send any colors wanted if you will mention this on your order showing your preference. Strong potted plants, 12c each, 3 for 27, 6 for 45c, 12 for 85c.

TRAILING COLEUS (Foliage Plants)—Excellent for plant boxes, hanging baskets and vases. Leaves beautiful mottled yellow, pink and green. Strong potted plants, 11c each, 3 for 24c, 6 for 42c, 12 for 79c.

CROWN OF THORNS (Euphorbia Splendens)—The great Biblical plant. A curious plant claiming to have originated on the wild, rocky hills of Judea. Very peculiar, thorny, with a few bright green leaves and an abundance of light rose blossoms. Easy to grow and can be trained to assume any desired shape. Strong potted plants, 28c each, 3 for 78c.

ALL POSTPAID

"My order of seeds and roses all received and I thank you very much." (signed) Miss Mary E. Foenger, Vincennes, Ind.

Elephant Ears

Elephant Ears (Caladium)

ELEPHANT'S EAR — Mammoth Leaves (Caladium Esculentum) — A rapid growing plant which will grow in any garden soil but when given plenty of moisture and rich soil it will grow to the enormous size of 6 or 7 feet high. It has a marvelous tropical effect. Bulbs are safely stored over winter in dry sand. Strong select bulbs (good size) 12c each, 3 for 24c. Postpaid. Extra strong mammoth size bulbs, 24c each, 3 for 66c.

Copper Plant

One of the most valuable plants for pot culture. A beautiful metallic bronze foliage speckled and splashed with yellow and gold markings. Flowers of small white and yellow tassels, early in summer. Thrives well in all climates. 22c each; 3 for 62c, postpaid.

Jerusalem Cherry

A very showy house plant, loaded with ornamental "cherries," which turn to glossy scarlet when ripe. Fine for Thanksgiving and Christmas decoration. The bright cherries, which are not edible, will hang on the plant all winter; foliage always green and very ornamental. Strong potted plants, 28c; 3 for 72c, postpaid.

FREE

Ask for the finest Red Peony grown, "Karl Rosenfield." IT'S FREE. See page 51.

Everblooming Impatiens or Sultana Hybrids

One of the most beautiful and free blooming bedding or house plants. They produce a great abundance of bright colored flowers which are well shown off by a background of heavy, rich foliage. Colors pink, orange-pink and brilliant vermilion. Continuous bloom may be expected from July to October. We can supply both seed and plants in finest mixture of colors. Strong potted plants, 25c, 3 for 65c, postpaid.

PAID**

Kalanchoe Globulifera Coccinea

The new, free and easy growing semi-succulent that has no rival as a winter blooming pot plant. The bright scarlet Bouvardia-like flowers will keep eight weeks without fading. 20c each, 3 for 50c, postpaid.

PLANT FOOD

Pike's food for plants. Season's house supply only 15c.

We guarantee satisfaction or money refunded.

BRIGHTEN UP YOUR HOME

CALADIUM—FANCY LEAVED

Fancy Leaved Caladium

Lemon Verbena

LEMON SCENTED VERBENA—This plant has the most fragrant foliage of any plant grown. Fragrance of the Lemon. White flowers. Strong potted plants, 15c each, 3 for 39c, postpaid.

FANCY LEAVED CALADIUMS—A class of beautiful variegated foliage plants, excellent for window boxes, vases or single pot plants, succeeding equally well in a somewhat shady situation out of doors. Among all foliage plants they are undoubtedly the showiest, reveling in many soft colors and indescribable beauties of design. After becoming well established, they require liberal watering, coupled with adequate drainage. The bulbs should be started into growth about the first of April and dried off in October and kept in a warm and dry place until spring again. Mixed 24c each, 3 for 58c.

24c

Giant Cineraria

An excellent pot plant. Flowers are large and of the richest shades of blue, purple, white, pink and crimson. Mixed varieties. 24c ea., 3 for 70c.

24c

Dragon Plant

A superb decorative plant with slender, drooping leaves. Very graceful in habit, beautiful green foliage with delicate stripings of yellow and red. Indispensable as a center plant, for vases and house decoration. Strong potted plants, 18c each, 3 for 48c.

18c

Gardenia

The beautiful Gardenia hardly needs describing for nearly every Florist Shop has flowers on display and their fragrance ladens the air with a delight everyone is attracted to. Strong potted plants 24c; 3 for 60c, postpaid.

Violas

APRICOT—Do not confuse this color with yellow as it is an exceptionally fine and distinct shade. **JERSEY GEM**—The color is pure, rich violet purple and the flowers are very sweet scented. Strong plants 15c ea.; 3 for 40c; Doz. \$1.48.

Strawberry Geranium

22c

Strawberry Geranium

STRAWBERRY GERANIUM—An exceedingly beautiful plant, especially adapted for hanging basket purposes. Leaves are nearly round and striped freely with silver bands. Blossoms profusely and is truly handsome. Will stand a lot of neglect and mistreatment. Select potted plants 22c each, 3 for 59c.

Forget-Me-Not

Forget-Me-Not

FORGET-ME-NOT — Beautiful flowering plants with long stems which make the flowers very desirable for cutting. Excellent keepers. An old garden favorite. Colors blue and pink. Strong plants, 14c each, 3 for 39c, 6 for 72c, 12 for \$1.32.

14c

FREE

On all orders made up from this catalog amounting to \$2.25 or more we will give FREE a beautiful Jane Cowl Dahlia tuber when mentioned on the order—World's Finest Dahlia. See Illustration, Page 50.

"I received the seeds and plants O.K. in wonderful condition, and I am very grateful to you for sending me the extras." (signed) Mrs. Joseph Hogan, Long Island, N. Y.

EASY TO SUCCEED WITH PIKE'S FERN

New Crested Fern

NEW CRESTED FERN—In habit this fern is similar to the Teddy Jr. with dense feathery fronds or leaves. Each frond or leaf has a double row of perfect fronds set at right angles to the mid rib and so thick they seem almost crowded. A very vigorous grower. A fern that will give marvelous results. Strong young plants, 25c each; 2 for 46c; 3 for 66c. Postpaid.

25c

Maiden Hair Fern

24c

Maiden Hair Fern

For table decoration this fern has no equal. Will thrive well in any living room and grows more beautiful from year to year. Always in large demand. Nice strong young plants, 24c each; 2 for 46c; 3 for 66c. Postpaid.

Teddy Jr. Fern

TEDDY JR. FERN—A fern that is more or less dwarf with heavy and fluffy fronds or leaves and very shapely in its growth. A distinct type by itself. Fine young potted plants, 18c each; 3 for 51c; 6 for 96c. Postpaid.

FERN FOOD

Pike's Fern Food is especially prepared for fern culture. Ferns grow better and are more beautiful when this fertilizer is used. A season's house supply sent for only 15c prepaid.

Moss Fern

Moss Fern

MOSS FERN (*Selaginella Emilliana*)—One of the most beautiful feather ferns for house purposes growing from 12 to 15 inches high, makes a marvelous growth under glass when a bell shaped dish is inverted when air is too dry during winter months. This can be placed over the plant each night if desired. One will be highly pleased with results. Strong potted plants, 25c each; 3 for 66c. Postpaid.

25c

Feather Fern

25c

Feather Fern

(*Asparagus Sprengeri*)—This plant is unsurpassed for window boxes, hanging baskets, vases or even as specimen plants making a very desirable house plant. Sprays are often used for cut flower work, as the dark green foliage forms a dense covering hiding the stem with its feather-like foliage. Strong young plants potted, 25c each; 3 for 66c. Postpaid.

Japanese Lace Fern

Japanese Lace Fern

25c

W.L.

Roosevelt Fern

ROOSEVELT FERN—In many cases this fern is similar to the Boston Fern but it produces more fronds or leaves and in many respects makes a more compact, handsomer plant. Fine young potted plants, 17c each; 3 for 48c; 6 for 89c. Postpaid.

17c

Boston Fern 25c

BOSTON FERN—A compact growing fern extremely bushy and very dwarf. Strong young potted plants, 25c each; 3 for 66c. Postpaid.

Table Ferns 18c

TABLE FERNS—We offer an excellent assortment of table ferns for fern dishes, jardiniere and table boxes. Fine young plants, 18c each; 3 for 51c; 6 for 88c. Postpaid.

Hanging Basket Fern

Especially desirable where long drooping fronds or leaves are desired. Often growing 4 to 5 feet in a single year and one of the very best we can recommend for this purpose. Fine young strong potted plants, 18c each; 3 for 51c; 6 for 96c. Postpaid.

18c

Silver Fern 40c

This beautiful light green frond fern silver banded is a most unusual fern and very easy to grow. Strong potted plants, 40c each, 3 for 98c, prepaid.

Shaking Fern 40c

This unusual plant is so sensitive it actually shakes and quivers with the slightest movement of air. Each 40c, 3 for 98c, prepaid.

All POST PAID

NOTICE

All plants are wrapped in moss, covered with wax paper. We guarantee safe arrival and satisfaction.

JAPANESE LACE FERN (*Asparagus Plumosus*)—These ferns may be grown as a pot plant or in window boxes and have very graceful fronds or leaves. More delicate than most any other fern grown. Often used for curtain climbing owing to the vine-like tentacles. When grown as a pot plant makes a wonderful center piece for stand or table. Strong potted plants, 25c each; 3 for 66c. Postpaid.

CHARMING FUCHSIAS FOR ALL HOMES

LORD BYRON—A very attractive and easily grown plant with large red and violet flowers. Strong potted plants, 18c each, 3 for 51c, postpaid.

Finest Scarlet

18c

Durango—Fuchsia

Midnight

20c

Midnight

MIDNIGHT — One of the deepest flowering variety known. The plant grows tall and branches like a tree. The flowers are exceptionally large often measuring 3½ inches across. The sepals are bright scarlet and the corollas are rich violet purple. Strong potted plants, 20c each, 3 for 58c, postpaid.

"The Fuchsia plants were received in first class condition and were packed so well. Also my first order of Begonias are doing fine." (signed) Mrs. E. S. Cousins, Los Angeles, Calif.

BEAUTIFUL GERANIUMS FOR EVERY HOUSE AND GARDEN

New Red Sensation

19c

New Red Sensation Geranium

New Pink Wonder

19c

New Pink Wonder Beauty Geranium

Pike's Plant Spray

We have tried out various "brands" of plant sprays in our green-houses, but were never so successful with any as we are with this. When directions are followed on the bottle, excellent results will be had without injury to plants. Try a bottle and we are sure you will not use any other. It is so effective and harmless. Large bottle (ordinary season's supply) 24c, postpaid.

SPECIAL OFFER B. P. 112

Will send one each of the 3 kinds, New Blue, New Red Sensation, and New Pink Wonder Beauty, for 44c or 3 each (9 in all) for \$1.17, postpaid.

PAID**

NOTE

To bring out true colors in Geraniums, use plenty of lime in soil (pulverized lime rock is best).

Peach Pink

14c

Rosaline Geranium

Pike's Wonderful Geraniums Always Popular

LATE INTRODUCTIONS OF NEW VARIETIES

NEW RED SENSATION—This variety is really a "Sensation" and surpasses all red varieties now in existence. A wonderful winter blooming variety and can be depended upon to bloom at Christmas, Easter or Mother's Day. Strong potted plants, 19c each, 3 for 54c; 6 for 98c, postpaid.

NEW PINK WONDER BEAUTY—Unquestionably this is one of the most beautiful rose salmon pink flowering variety of Geraniums in existence. Plants are literally covered with large heads of flowers and blossom at one time and is almost in constant bloom from mid-summer until late spring. Strong potted plants, 19c each, 3 for 54c, 6 for 98c, postpaid.

NEW BLUE GERANIUM (Marques de Montmart)—This striking new color in Geraniums is fast winning popularity and it is almost impossible to grow enough plants of this one striking outstanding variety. Strong potted plants, 19c each, 3 for 54c, 6 for 98c, postpaid.

NEW BLUE

19c

New Blue Geranium

PINK BEAUTY—A variety that is especially attractive, having deep showy pink flowers. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

SCARLET BEDDER—A very good bedding variety with brilliant scarlet flowers which are very attractive. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

MARQUIS DE CASTELLANE—A beautiful deep rosy scarlet, blossoms profusely. A great favorite. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

JEAN OBERLE—A very pretty peach blossom flowering variety which is quite outstanding and fine for pot culture inside. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

MIXED—Where one is not particular about color in flower beds, window boxes, vases, etc., this assortment of unnamed mixed kinds will be found highly satisfactory. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for 98c. Postpaid.

MRS. E. G. HILL—Probably no deep salmon pink geranium has a profusion of pink flowers this variety has. One of the best for inside and outside culture. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

MME. LANDRY—This salmon pink geranium has been in large demand. Flowers are on long stems and are exceptionally large. An excellent house blooming plant and a good bedding variety. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

MRS. RICHARD GLOEDE—A comparatively new geranium whose color is similar to the American Beauty but of more brilliancy. Fine for inside or outside culture. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

ROSELENE—An exquisite shade of peach pink fading to white. Flowers are very large and a very desirable plant for pot and garden culture. Strong potted plants, 14c each; 3 for 36c; 6 for 66c; 12 for \$1.20. Postpaid.

"Received today my Veronica, French Hydrangea, Blue Geraniums and Hardy Perennials all in good condition." (signed)
H. T. Durand, San Francisco, Calif.

New French Hydrangeas

Chinese Hibiscus

24c

Peachblow Hibiscus

PEACHBLOW—Probably the most popular double flowering orange colored Hibiscus plant of all. The color is entirely new and is a beautiful shade, blossoms abundantly and continuously during the summer and fall months. When plants are 2 and 3 years old they make a magnificent showing with flowers 4 to 5 inches in diameter of a charming rich clear pink color with small deep crimson centers. Strong potted plants, 24c each, 3 for 66c, postpaid.

DOUBLE CRIMSON—A free flowering plant with large crimson blossoms. Immense in size and the plant is very erect grower with bright glossy green leaves. A gorgeous Hibiscus. Strong potted plants, 24c each, 3 for 66c, postpaid.

VIOLET BLUE—Undoubtedly this is the outstanding Hibiscus in both size and color and is unusually free bloomer. One will be highly pleased with this variety. Strong potted plants, 26c each, 3 for 72c, postpaid.

Special Offer BP216

Will send 1 each of the 3 Hibiscus for only.....64c, postpaid.

LEOPARD PLANT

24c

Leopard Plant

LEOPARD PLANT—An ornamental plant, not only for the house, but for planting out in the open and shady places. Produces leaves, sometimes 10 to 12 inches across, marked with creamy white and yellow spots. Strong potted plants, 24c each, 2 for 46c, 3 for 66c.

NOTICE

All plants are guaranteed to reach our customers in perfect condition.

ALL POST PAID

OUR Marvelous system of handling and packing plants has made thousands of satisfied customers in every state in the union. Years of experience assures everyone the best that money can buy.

Jewel Flower

18c

JEWEL FLOWER (Thornless Cactus)—A curious succulent branching plant without leaves, resembling a Cactus producing singular flowers, star shaped, dark brown spotted with yellow. Nothing like this plant ever seen before. Unusually attractive and blossoms mostly in the fall and winter months. Strong potted plants, 18c each, 3 for 48c, postpaid.

Hen and Chickens

HEN & CHICKENS (Echeveria)—Tiny rosettes of soft gray-green formed in abundance around the main plant, giving it the name "Hen and Chickens." (Not hardy). Strong potted plants, 16c each; 3 for 36c; 6 for 66c, postpaid.

16c

SWEET JASMINE

18c

Sweet Scented Jasmine

SWEET SCENTED JASMINE—This attractive plant is almost constantly in bloom, making a beautiful house plant in the north especially during the winter and is perfectly hardy in the southern states. Flowers are star shaped, pure white and very fragrant. One of the sweetest of flowers. Easily grown, even small plants bloom profusely. Foliage is small, glossy evergreen. Strong potted plants, 18c each, 3 for 48c.

Blue Bonnet Hydrangea

BLUE BONNET—A plant with immense flowers which should be grown in clay soil; when deep blue flowers are wanted cover the surface with iron filings or dust and scarify soil. This will intensify the color in about a week or ten days. Strong potted plants, 34c each, 2 for 59c, 3 for 84c, postpaid.

34c

GOLIATH—A beautiful large flowering rich rose pink. Very beautiful. Strong potted plants, 22c each, 2 for 42c, 3 for 59c, postpaid.

22c

MARECHAL FOCH (Tub Hydrangea)—It is rapidly becoming the most attractive and popular of all Hydrangeas. Flowers very early, a real deep carmine with compact and immense flower heads. Strong potted plants, 22c each, 2 for 42c, 3 for 59c, postpaid.

22c

TROPHY—A beautiful deep carmine rose probably the deepest shade of pink in the Hydrangea family. Strong potted plants, 22c each, 2 for 42c, 3 for 59c, postpaid.

22c

LE CYGNE—A very free flowering pure white popular Hydrangea. Flowers are large in size and beautiful form. Strong potted plants, 34c each, 2 for 59c, 3 for 84c, postpaid.

34c

Will send one each of the five varieties of Hydrangeas as listed above. Fine strong potted plants, postpaid, for only \$1.16.

Gold Dust Plant

Gold Dust Plant

GOLD DUST PLANT (Aucuba Japonica)—A fine bold plant, especially attractive as large specimens, useful and graceful as palms for hall decoration and a splendid subject for the summer veranda. Leaves are broad; rich shiny green thickly spotted with gold. Strong potted plants, 22c each; 3 for 60c, postpaid.

22c

LOBELIA

14c

Lobelia

LOBELIA (Sapphire)—One of the finest trailing plants grown with unusually large flowers of a sapphire blue, with a clear white eye and blooms continuously and also never out of flower. Fine potted plants, 14c each, 3 for 36c, 6 for 66c, 12 for \$1.08.

PANDANAS

58c

Pandanas

PANDANAS (Veitchii)—One of the most easily grown palm-like plant with light green leaves. Very attractively marked with broad bands and stripes of pure white. Leaves curl gracefully presenting a charming appearance at all times. So easily grown it is gaining rapidly in popularity. Select potted plants, 58c each, 2 for 98c.

PARLOR IVY

Parlor Ivy

PARLOR or ORNAMENTAL IVY—One of the fastest growing trailing plants, of a delicate green foliage. Fine for hanging baskets and trailing around window curtains during the winter months. Fine plants, 14c each, 3 for 36c.

Parrots Feather

Parrot's Feather

PARROTS FEATHER (Myriophyllum Prosperum Acordides)—Drooping water plant for aquariums; can be grown in pots if soil is kept saturated. Feathery foliage. Strong potted plants, 18c each, 3 for 48c.

EVERBLOOMING LANTANAS

Everblooming Lantanas

MICHAEL SCHMIDT—Red, orange and yellow. Probably more of this variety is planted than any other, being a prolific bloomer and exceedingly showy. Strong potted plants, 18c each, 3 for 48c.
HARKETT'S PERFECTION—Soft lavender pink with lighter center. Strong potted plants, 18c each, 3 for 48c.
ALBA PERFECTA—The finest pure white. Strong potted plants, 18c each, 3 for 48c.
JEANNE DE ARC—A fine golden yellow. Strong potted plants, 18c each, 3 for 48c.
BUTTERCUP—This dwarf growing yellow flowering plant is entirely different from the color of the other varieties. Fine plants, 19c each, 3 for 49c, postpaid.

Sometimes known as Honolulu Verbenas. Plants flower continuously from spring until frost. Plants are covered with a mass of bloom practically during the blooming season. One of our very best bedding plants.

JACOB SCHULTZ (The Grand Old Lantana)—The best rich crimson with blood orange center. Strong potted plants, 18c each, 3 for 48c.

COUNTESS DE BIEN-COURT—Brilliant rose pink with yellow center. Strong potted plants, 18c each, 3 for 48c.

LANTANAS

Weeping Lantana

SPECIAL OFFER

Will send 1 each of the entire collection (7 in all) for only \$1.05. Postpaid.

WEeping LANTANA—This ever increasing popular plant is gorgeous when in flower. The plant has a most graceful drooping habit. Grows very rapidly and blossoms continuously summer and winter, producing large clusters of the most delicate lilac and rosy pink flowers. Stands the sun well. Plant is literally covered with flowers most of the time. Strong potted plants, 18c each, 3 for 48c.

OLEANDERS

One of the most pleasing plants grown in any soil and under most any condition. Easily wintered in a basement or cellar when grown in tubs.

ALICE BURBANK—Magnificent large snowy white double flowering variety with fragrant flowers which are much prettier than a rose. Strong potted plants, 28c each, 3 for 72c.

SALMON QUEEN—A strong growing variety with beautiful double salmon yellow flowers. Very attractive. Strong potted plants, 28c each, 3 for 72c.

ROSY MORN—A magnificent plant with large blossoms of rosy pink flowers forming a decided contrast with the striking foliage. Strong potted plants, 28c each, 3 for 72c.

NEW VARIEGATED—A striking contrast of dark green leaves with creamy white border makes this plant outstanding. Flowers pink and very double. Strong potted plants, 30c each, 3 for 85c.

SPECIAL OFFER

Will send one each of 4 varieties of Oleanders, postpaid, for 98c.

Oleander

ROSA ROULETTI

ROSA ROULETTI—Found in the Mts. of Switzerland. Probably the tiniest Rose in the world, so tiny a bumble bee cannot alight on the flowers. Covered with so many flowers one cannot see the foliage. Very dwarf and exceptionally hardy. Fine potted plants, each 28c, 3 for 81c, 28c prepaid.

PRIMULA OBCONICA

22c

ALL POST PAID

Primula Obconica

PRIMULA OBCONICA—Beautiful clusters of flowers arranged in whorls set high above the rich velvety foliage. The colors are various shades of crimson, pink, blue, lavender and white. Offered only in mixed colors. Strong potted plants, 22c each, 3 for 60c, postpaid.

"Received the house plants in fine condition and every one is growing. I am showing them to my neighbors." (signed) Mrs. C. O. Sutton, Keldron, S. Dak.

HUMMING BIRDS DELIGHT Beautiful PETUNIAS

SINGLE PETUNIAS

CALIFORNIA RUFFLED GIANT MIXED—A mammoth flowering Petunia with immense flowers. Deeply frilled and of almost every known color and shade. Very attractive bedding, vase and box plant. Strong plants, 8c each, 3 for 21c, 6 for 39c, 12 for 72c, postpaid. **8c**

ROSY MORN—Beautiful rose pink free flowering plant used largely in bedding, window boxes, vases, etc. Strong plants, 7c each, 3 for 18c, 6 for 29c, 12 for 54c, postpaid. **7c**

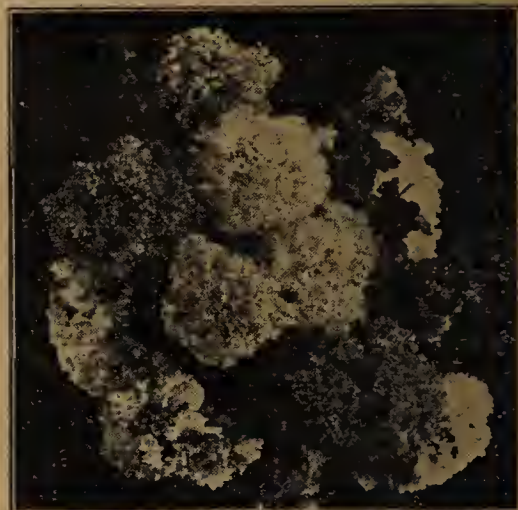

ROSE OF HEAVEN—This popular deep rich rose pink Petunia is similar to the variety Rosy Morn but flowers are of a deeper shade of pink and more desirable for some locations. Strong plants, 7c each, 3 for 18c, 6 for 29c, 12 for 54c, postpaid. **7c**

BLUE BIRD—One of the very finest deep violet blue single Petunia. Strong plants, 7c each, 3 for 18c, 6 for 29c, 12 for 54c, postpaid. **7c**

ASSORTED COLORS—Many kinds mixed. Excellent where no color scheme is to be carried out. Strong plants, 6c each; 3 for 15c, 6 for 28c, 12 for 48c, postpaid. **6c**

Ruffled Giants

Fancy Fringed Double Petunias

Pike's Fancy Double Petunias

GIANT FRINGED—ALL DOUBLE—PETUNIAS—Heavily Frilled—Exquisite in Colors—Our stock is grown from cuttings and not from seed and is guaranteed 100% true double. Colors: White, pink, lavender, red and striped or variegated. Strong potted plants each 12c; 3 for 33c; 6 for 60c; doz. \$1.10, postpaid.

Pink Flowering Oxalis

EVERBLOOMING—This particular variety is similar to the garden or bulb type. Is everblooming and especially suitable for hanging baskets and pot plant culture. The flowers are rose pink in color and the beautiful clover like green leaves completely covers the basket or pot. Strong young plants, each 18c; 3 for 45c, postpaid.

Australian Silk Tree

A fine plant for the house, being of rapid growth with finely cut foliage. The young fern-like leaves are of a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name "Silk Oak." In its native place it grows large and has bright, orange-colored flowers. Strong plants, 20c each; 3 for 50c, postpaid.

Philodendron

"THE WONDER VINE"; Also Known as Devil's Ivy—We cannot say too much in praise on the value of this vine for use in fern dishes, wall pockets, baskets or any place where anything else will not thrive. It is by far the best plant for use in the home as under-watering, over-watering or any adverse conditions will little affect it. 28c each; 3 for 72c, postpaid.

Pothos

GOLDEN CEYLON CREEPER—Sometimes called Variegated Philodendron. We list this with Philodendron because of the similarity of growth. A rapid growing vine with heart-shaped leaves of clear green, mottled yellow. A strong grower, making an ideal basket plant. Plants, 30c each; 3 for 78c, postpaid.

Pansy Geranium

PANSY GERANIUM—This extraordinary dwarf growing plant requires little attention and is valuable as a window plant being literally covered with flowers all the time. It is very easy to grow. The flowers resemble the Pansy in coloring and shape. Strong potted plants, 23c each, 3 for 66c, postpaid.

Variegated English Ivy

Except that it is not hardy it grows exactly the way our American Ivy does. Large dark green leaves blotched cream and pure white. Strong plants, 35c each; 3 for 74c, postpaid.

New Everbearing Lemon

A dwarf growing Everbearing edible fruit as fine as many you can buy in the market. Flowers are very fragrant. A truly beautiful house plant. Fine plants each 25c; 3 for 98c, postpaid.

Kentia Palm

Beautiful Palms

JAPANESE FAN PALM—One of the hardiest of the Fan Palms. Foliage dark green; the segments of the fan-shaped leaves deeply cut, the edges covered with tooth-like spines. Very desirable for lawn decorations. Fine plants, 35c each, postpaid.

KENTIA BELMOREANA—Exceedingly popular parlor Palm. Decidedly rugged under all kinds of treatment. Fine plants, 40c each, postpaid.

KENTIA FOSTERIANA—Without exception the most hardy Palm in its class. Quite graceful and scarcely has an equal for table decorations. Fine plants, 40c each, postpaid.

ALL POSTPAID

We guarantee satisfaction or money refunded.

"I received my order from you and appreciate the extras very, very much. My plants are all growing nicely." (signed) Mrs. Craig Crane, Dry Fork, Va.

TIGER ALOE
Ea. 48c; 2 for 89c—Prepaid

Two Outstanding Novelty Plants

These beautiful house plants are known as succulents or plants possessing thick fleshy leaves. These curious plants are so unique the public interest has intensified the demand. Will stand neglect and we caution against over-watering, in fact, they do best when kept dry.

GASTERIA
Ea. 38c; 2 for 69c—Prepaid

"Resurrection Plant"

18c

RESURRECTION PLANT—Probably no plant is easier to care for. Simply place plant in a dish of water, it opens and turns green in a few hours, never dies. It resembles a beautiful fern. Any time the plant is not cared for it dries up and turns brown,

as soon as water is added it unfolds and again turns into a beautiful fern-like plant. Strong plants, 18c each, 3 for 48c. Postpaid.

Scarlet Fountain Plant

SCARLET FOUNTAIN PLANT (*Russelia Elegantissima*)—This beautiful pot plant with bright red flowers throughout the winter is truly a novel and attractive plant suitable for bedding as well as pot culture. Has long wiry leafless stems, drooping and bearing quantities of long tubular flowers of the most vivid scarlet color. Strong potted plants, 18c each, 3 for 48c. Postpaid.

18c

Snake Plant

Snake Plant

Royal Purple Plant

ROYAL PURPLE PLANT (*Strobilanthes Dyeranus*)—Strikingly beautiful, glistening reddish purple, iridescent leaves. Surpasses the finest Coleus or Begonia in the brilliant and exquisite coloring of the leaves. Strong potted plants, 17c each, 3 for 49c. Postpaid.

17c

Chinese Jade Plant

Chinese Jade Plant

18c

CHINESE JADE PLANT—The leaves are distinct bright green, thick and waxy-like. Excellent for window or table. Requires little care. The leaves withstand the dry air of the home better than the majority of plants. A wonderful novelty that attracts wide attention. Strong potted plants, 18c each, 3 for 48c. Postpaid.

SNAKE PLANT—Probably the most decorative plant in recent years. Has become so outstanding due largely to the fact that any amount of neglect can be given without injury to the plant. It will grow where nothing else does. In a sunless window, a dark hall, a cool bedroom or stand on the mantel in a heated living room. It will stand gas and dust and will go for months without a drop of water, yet remain thrifty as ever. The erect, rigid sword-like leaves are thick and fleshy, a dark green color with clouded bars of white. Strong potted plants, 22c each, 3 for 60c, postpaid.

Gold Banded Tiger

GOLD BANDED TIGER PLANT—Sometimes termed "Snake Plant"—New rare decorative plant. This variety, in addition to having the variegation of the ordinary sort has a golden band on the outer edges of the long sword-like leaves. Very distinctive and ornamental. It will grow anywhere—in sun or shade, heat or cold—will stand dust or gas, neglect or lack of water without apparent harm. The golden band makes this plant a real beauty and one that all should have. Strong potted plants, 34c each, 3 for 89c. Postpaid.

34c

Gold Banded Tiger Plant

Shower of Gold

GENISTA.

SHOWER OF GOLD (*Genista*)—One of the finest yellow flowering plants for growing inside which is literally covered with golden yellow blossoms in the spring of the year. So dense the foliage is almost hidden from view. Very popular at Easter, at which time it is usually a mass of flowers. Fine potted plants, 22c each, 3 for 58c. Postpaid.

22c

Salvia

NEW BONFIRE—Probably no greater brilliancy of bloom in a bedding plant surpasses the *Salvia*. The flower spikes often measure 10 to 12 inches in length and the flower bed is simply a mass of blaze up until frost. The plants are never out of blossom and we highly recommend this plant for general bedding purposes. Strong potted plants, 10c each, 3 for 27c, 6 for 48c, 12 for 90c.

10c

"DOGZOFF"

If you are bothered with dogs, cats or rabbits, "Dogzoff" is the spray you need. It is a most efficient animal repellent and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. Its use is guaranteed to keep these animals from any place where they are not wanted. "Dogzoff" is applied with any small insect sprayer and one application usually does the work. "Dogzoff" will save its cost many times over around the garden and home.

PRICE FOR SEASON'S SUPPLY **69c** PRE-PAID

Wandering Jew

WANDERING JEW—Foliage most beautifully variegated. Leaves variegated with stripes of green, silver and crimson. Should have plenty of water. Used in connection with hanging baskets, porch boxes, or as a trailing pot plant. Strong potted plants 12c each, 3 for 30c. Postpaid.

12c

GREEN & WHITE LEAF WANDERING JEW—This striking variegation is showy and different. Same price as above variety, only specify this color if wanted.

"Today I received my Cape Jasmine plants and I thank you very much. It was a very pleasant surprise." (signed) Mrs. Lydia King, Alexander, Ark.

A Yard Full of BEAUTY

SWEET SCENTED English Violets

ENGLISH PURPLE—A very fragrant old fashioned variety. Color, rich dark purple. 12c each, 3 for 30c, 6 for 54c, postpaid.

VIOLET (Evening Star)—The marking of a star shaped white center surrounded by a violet blue gives this the name Evening Star. A very attractive plant for any Rock Garden or border. Strong plants each 14c; 3 for 38c, prepaid.

NEW RED VIOLET—A novelty which few will recognize as a violet, but very fragrant and fine for Rock Gardens and borders. Strong plants each 14c, 3 for 38c, prepaid.

RUSSIAN BEAUTY—This very hardy type is large flowering, long stem and fragrant. When other varieties fail to grow, try this. Flowers are very deep purple. Strong plants each 15c; 3 for 42c, postpaid.

Agave Decepens

AGAVE DECEPENS—This highly ornamental plant requires little attention and should be handled like a Palm. It is so odd one will always have many admirers and probably few have ever seen a plant like it. Strictly a foliage plant. Strong plants each 24c; 3 for 59c, prepaid.

Rock Rose

ROCK ROSE (Cistus)—This novel plant which is a native of southern Europe is an excellent Novelty in this country. The flowers only last a short time after blooming and are similar to Rosa canina or Dog Rose. One will truly enjoy this outstanding plant. Strong plants each 45c; 3 for \$1.20, prepaid.

Golden Snake Plant

GOLDEN SNAKE PLANT (Laurenti Rosettes)—This is one of our fastest selling ornamental house plants. Hardly needs describing. The long sword-like spikes of leaves are thick and fleshy and the rich green color with stripes of golden yellow on the sides in contrast to the green gives real beauty to the plant. Strong plants each 34c; 3 for 89c, postpaid.

SNAPDRAGONS

SNAPDRAGON (Antirrhinum)—Probably no plant has gained such immense popularity as this wonderful, showy and gorgeous plant. Invaluable for cut flowers and for showy gardens. Plant grows about 2 feet high and continues to blossom early in the summer producing immense spikes with enormous flowers double the size of the older sort and of great fragrance. The plant's wide range of color enables one to work out most any color scheme desired. We offer strong potted plants in the following colors: Scarlet, orange, pink, yellow and salmon pink. Strong potted plants, 9c each, 3 for 24c, 6 for 46c, 12 for 84c, 25 for \$1.48. Postpaid.

ASSORTED COLORS (Mixed)—Strong potted plants, 6c each, 3 for 17c, 6 for 32c, 12 for 58c, 25 for 98c. Postpaid.

Velvet Plant

VELVET PLANT (Gynura Aurantiaca)—This beautiful plant has brilliant orange-colored flower heads, and the leaves and stems are covered over their entire surface, with small hairs of a rich plum color which resembles velvet. Strong plants each 40c; 3 for 98c, prepaid.

Rubber Plant

RUBBER PLANT (Ficus Elastica)—This beautiful ornamental plant hardly needs describing. Has shiny dark green foliage with thick heavy leaves. Makes a fine pot or tub plant and can be kept in the basement over winter like an Oleander. Strong plants each 45c; 3 for \$1.20, postpaid.

Serpent Plant

SERPENT PLANT (Ophiopogon Variegata)—An attractive plant with long, linear leaves and erect spikes or racemes of flowers, about a foot in length. A real oddity and easy to cultivate. Makes a wonderful house plant. Strong plants each 45c; 3 for \$1.20, prepaid.

Spotted Adder Plant

SPOTTED ADDER PLANT (Sansevieria Cylindrica)—This novel long tapering round spike-like plant is striped and spotted and is one of our real curiosity plants. For pot and tub culture this plant has no equal. Strong plants each 40c; 3 for 98c, prepaid.

Carminc Fountain Plant

A handsome graceful house plant and easy to grow. A strange looking plant with large light green foliage with heavy rib markings. The flowers are a bright Carmine Red which form at the base of leaf with long tassel-like flowers that almost reach the ground; blooms in spring and summer. A worth while plant to add to any good house collection. Price 35c each, 3 for \$1.00, postpaid.

SWAN FLOWER

Swan Flower

SWAN FLOWERS (Swainsonia)—This attractive sweet scented flowering plant is a charming attraction with its beautiful waxy white flowers which are in a profusion of bloom in the early spring. Strong potted plants, 18c each, 3 for 48c, postpaid.

Periwinkle

Vinca Vines

VINCA VINES (Variegated Periwinkle)—This beautifully variegated trailing vine is especially adapted to hanging baskets and vases, window boxes, etc. The leaves are glossy green, broadly margined, a creamy white, flowers blue. Most popular vase plant grown. Strong potted plants, 14c each, 3 for 39c, 6 for 72c, postpaid.

Carminc Fountain Plant

Pink Wax Plant

Pink Wax Plant

PINK WAX PLANT—The waxy flowers and spiky foliage seems almost artificial, it is so perfect in shape and form. Blooms all summer, either in the house or out of doors. Color delicate salmon-pink. Its creeping habit makes it ideal for Rock Garden. Strong potted plants, 18c each, 3 for 48c, postpaid.

Congo Plant

CONGO PLANT (Nephtytis Picturata)—This handsome variegated foliage plant introduced from the Congo has attracted wide attention. The variegation is peculiar and unique in character, forming a pattern in outline resembling tips of a fern frond, with the tips all directed toward the base of the leaf. Strong plants each 38c; 3 for 98c, prepaid.

PIKES *HARDY* EVERGREENS

One will be surprised how easy it is to grow trees from seed and how fast they will make large trees. Require very little space to start with. Very fascinating and big money for the little cost invested. Your friends and neighbors will be surprised. For larger quantities, write us for prices and state how much space you have to plant, if wanted. PLEASE NOTE: We do not offer trees in this catalog, for we are not Nurserymen.

Colorado Blue Spruce

(Full culture on packets)
A native of the Rocky Mountains of Colorado, it has the hardy, rugged, characteristics peculiar to that climate. Foliage very heavy with short stiff needles, developing a tree that is unusually symmetrical and graceful. Packet each 15c; 3 for 40c, postpaid.

Red Pine

(Full culture on packets)
Hardy, enduring and fine looking. Very ornamental. A most valuable tree for sea-coast planting and thin soil localities, such as poor western plain soil and locations hard to grow trees on. Its thick masses of long soft needles are a beautiful deep green, while the bark is reddish and artistically beautiful. Packet each 15c; 3 for 40c, postpaid.

Mugo Pine

(Full culture on packets)

Dense, low growing. A little beauty. Popular in the border. Forms a bushy compact ball, growing as broad as it does tall, never reaching over four feet high and can be kept trimmed back if desired. Very hardy. Packet each 16c; 3 for 45c, postpaid.

Mugo Pine

ALL POSTPAID

Douglas Fir

(Full culture on packets)

A native of the Rocky Mountains. The foliage and form is somewhat characteristic of both the Spruce and Fir, acquiring the beauty of each. A strong stalwart grower, exceedingly compact even to the ground. Very Hardy. Packets each 14c; 3 for 39c, postpaid.

Norway Spruce

(Full culture on packets)

The best windbreak tree grown is the Norway Spruce. Makes a large fine looking tree, grows rapidly, thrives in most any soil, is hardy everywhere, grows close to the ground affording complete shelter to buildings and grounds back of it. Also makes a beautiful hedge when trimmed. Packet, each, 12c; 3 for 30c, postpaid.

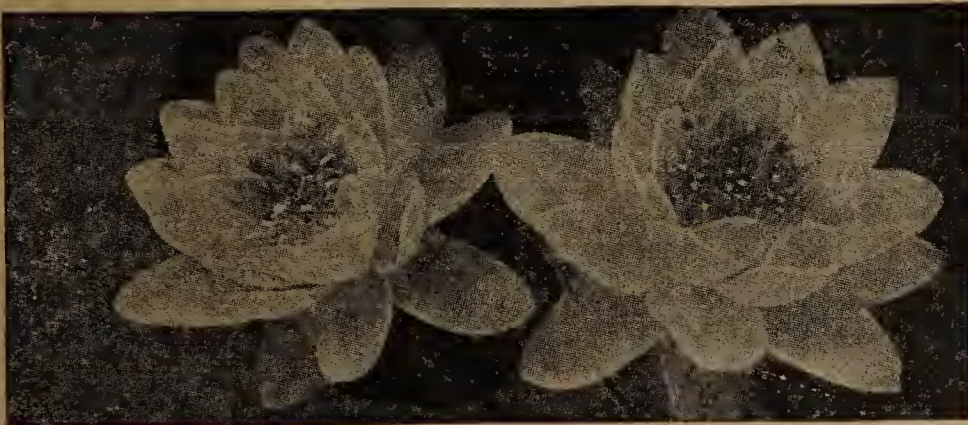

Scotch Pine

(Full culture on packets)

One of the finest for quick windbreaks. Picturesque landscape tree. Has slender dark needles of deep green, medium length, together with stocky, bushy growth. Older trees have reddish bark, an added attraction. Packets each 12c; 3 for 30c, postpaid.

Norway Spruce

WATER LILIES

Lilies

WATER LILIES—While we list only three different colors we carry a complete line of standard varieties of water lilies and will be glad to quote low prices on request for any particular variety wanted. Lilies are usually ready to ship about April 15, and we continue sending out until the first of June or as long as the plants remain in a dormant condition. Colors: pink, white and yellow. Select roots 68c, 3 for \$1.98.

Water Hyacinth

18c

WATER HYACINTHS (Lilac Rose Flowers)—Forms a beautiful rosette of curious shining green leaves and the spikes of the most exquisite flowers imaginable, resembling in form a spike of Hyacinth bloom. The most beautiful effect is produced by using a glass vessel with shells, white sand and a small amount of soil. In summer can be grown in the yard, in a pool or in soil. Strong plants, 18c each, 3 for 48c, postpaid.

Umbrella Plant

18c

UMBRELLA PLANT—This beautiful window plant is always fresh and green and very attractive and used largely as an aquatic, for it will grow equally as well in water. Very decorative. Will live for years with little attention. Strong potted plants 18c each, 3 for 48c, postpaid.

Aquatics (Water Plants)

SHELL FLOWER or WATER LETTUCE (*Pistia stratiotes*)—A rosette of fluted blue green velvety-leaves. Grows best in a shady location. Fine plants each 15c; 3 for 36c; doz. 98c, prepaid.
ANACHARIS—One of the best oxygenators. Dark green foliage and lighter stem. Very attractive for Aquariums. Each 15c; 3 for 36c; doz. 98c, prepaid.

WATER POPPY—One of the prettiest flowering water plants especially for Aquariums. Should be potted in soil before emerging in water. Each 15c; 3 for 36c; doz. 98c, prepaid.
PICKEREL RUSH—This plant produces beautiful blue flowers and does best in shallow water. Every pool should have this plant. Each 20c; 3 for 48c; doz. \$1.50, prepaid.

FLOATING HEART—This plant has leaves like the Water Lily *Nymphae* and produces brilliant yellow flowers. Very hardy. Plant in 2 to 6 inches of water. Fine plants. Each 15c; 3 for 36c; doz. 98c, postpaid.

BLUE AND WHITE FLOWERING WATER IRIS—This tall growing Iris bears flowers similar to the Japanese Iris or Orchid flowered. Very attractive. Each 18c; 3 for 45c; doz. \$1.48, prepaid.

SPECIAL OFFER A. P. 1—Will send one plant each of the six named kinds of Aquatics for 90c or 3 each of the six named kinds for \$2.22, prepaid.

"Received the plants and very pleased with them. Wish to thank you for the promptness and for sending me such nice plants." (signed) Mrs. N. Dupenault, Westfield, Mass.

Hardy GARDEN CHRYSANTHEMUMS

HARDY EARLY FLOWERING

These varieties do not require protection in the southern states, but we advise covering in the northern states unless they are grown in a protected or sheltered garden. All varieties listed are early flowering, flowering in August and continuing until killing frost late in the fall. As a rule these are the last flowers in bloom in the garden.

14c

Eva—Hardy Mum

- ALICE HOWELL—A beautiful orange-bronze.
- AUNT MARY—Most striking fiery terra cotta or rosy crimson.
- AUTUMN GLOW—Rosy crimson. Large.
- AUTUMN GLINTS—Combination of Autumn colors resembling colored leaves in the fall.
- ALADDIN—Autumn shading of bronze. Very beautiful—Perpetual Flowering—July to November.
- CLARINDA—Beautiful bronze.
- DIANA—A white pompon. Not overly hardy in the north. One of the best.
- ELKTON—Beautiful lavender & white.
- EVA—A deep pink. Dwarf growing.
- ERMALINDA—Large old rose. Fine for winter potting.
- FIELD OF SNOW—Pure white. Profuse bloomer.
- GOLDEN QUEEN—One of our best golden yellow hardy Mums.
- GOLD COIN—An excellent yellow. Prolific bloomer.
- HARVEST HOME—Strong growing bronze flowering.
- INDIAN—Beautiful coppery-red. Very attractive.
- LILIAN DOTY—Shell pink. When disbudded flowers very large.
- L'ARGENTUILLAIS—Bronze, tipped yellow. Very large.
- MARIE ANTOINETTE—Beautiful flowers of deep pink.
- MINONG—Light pink. Similar to Lilian Doty.
- OLD LAVENDER—A marvelous shade of lavender. Very striking.
- PINK CUSHION—Named originally Amelia and later Pink Cushion. It has been listed as "Azaleamum" due to the fact it is shaped like an Azalea and covered completely with flowers the same way. This is our biggest selling hardy Chrysanthemum and every garden should have this variety. Nothing finer than a single border along drive-ways, walks and around buildings.

PRICES: Each 14c; 3 for 39c; 6 for 73c; doz. \$1.32

(All Chrysanthemums Listed Are Strong Potted Plants)

HARDY CHRYSANTHEMUMS—Button Type

- FRED PEELE—Finest button yellow. Plant literally covered with flowers almost hiding the foliage. Fine potted plants each 16c; 3 for 45c; 6 for 85c; doz. \$1.48.
- LITTLE BOB—Bronze red button. (Same price as Fred Peele).
- HARDY MIXED UN-NAMED CHRYSANTHEMUM—This mixture is made up of named kinds. No seedling stock which comes "blind" when flowering. You can depend upon our plants to blossom, in fact we guarantee every one to blossom which we sell. Strong potted plants, each 12c, 3 for 34c, 6 for 63c; doz. \$1.15.

FREE

Will send absolutely FREE one New Hardy Hybrid Korean Chrysanthemum (as illustrated on outside colored cover) if your order amounts to \$2.25 or more.

Pike's Hardy Ferns—We offer these in assorted varieties for we can sell them at a reduction. This assortment of fine plants each 25c; 3 for 72c; 6 for \$1.26; doz. \$1.98, prepaid. (no seed)

Pike's Gorgeous Delphiniums

Gold Medal Hybrids

DUSTY MILLER

Hardy Dusty Miller

HARDY DUSTY MILLER (Centaurea)—Beautiful silver leaf foliage with large deep blue flowers. Strong plants, 18c each, 3 for 48c, 6 for 89c, postpaid. Seed, packets 5c each. **18c**

GROUND IVY

GROUND IVY (Nepeta Mussini)—Compact tufts 12 inches high with masses of light violet-blue flowers during July and August. Fine for the Rock Garden. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 6c each. **14c**

CANDYTUFT

Candytuft

CANDYTUFT (Sempervirens)—Wonderfully effective for white massing, but long a favorite cut flower as well. Most blooms are sweetly fragrant. Grows about 1 foot high and may be used in rock garden work as well as hardy borders. Strong plants, 18c each, 3 for 48c, postpaid. Seed packets 10c each. **18c**

HARDY ORCHID (Cypripedium)

This beautiful hardy terrestrial orchid produces flowers of the most singular structure combined with elegance and beauty. Thrive best in a shady location in well drained soil. If leaf mold is available, use plenty in the soil. Colors, yellow, pink & red. Each 40c; 3 for 98c, postpaid. (No seed)

GAILLARDIA

Gaillardia

GAILLARDIA GRANDIFLORA—A choice mixture of well known old varieties of the perennial Gaillardia. Strong plants, 16c each, 3 for 44c, 6 for 74c, postpaid. Seed packets 5c each. **16c**

GAILLARDIA (Blanket Flower)—New Portola hybrids. A very popular type, especially fine for rock garden use. Flowers have high cushion centers with heavy outer petals of scarlet tipped with yellow. Strong plants, 18c each, 3 for 48c, 6 for 84c, postpaid. Seed, packets 10c each. **18c**

GAILLARDIA DAZZLER—Large dark flowers of rich red with bright orange tips. Strong plants, 18c each, 3 for 48c, 6 for 89c, postpaid. Seed, packets 10c each. **18c**

Clematis Paniculata—See page 45

Clematis—Lg. Flowering—See page 45

RIBBON GRASS—This beautiful grass should be in every garden. The gorgeous plumes are showy and attractive and makes a wonderful background. This variety is one of the finest. Fine for winter bouquets. Strong plants, 18c each, 3 for 45c, doz. \$1.48, prepaid. (No seed) **18c**

Golden Glow

“Challenge” Delphinium Collection

Will send 6 assorted Delphiniums, all different, our selection only. Strong plants for **54c**, postpaid

(Perennial Larkspur) — Tall growing, long spike flowering plants.

VARIETIES

NEW EUROPEAN GIANT FLOWERING DELPHINIUMS—This strain has won great popularity in Europe. A strong grower with large spirals of beautiful color combinations. Strong plants 25c each, 3 for 68c, 6 for \$1.30. Seed, packets, 10c each. **25c**

Vanderbilt—This excellent strain is considered the finest by many. Strong plants each 19c; 3 for 54c; 6 for 98c, prepaid. SEED, pkt. 14c; 3 for 38c. **19c**

EUPATORIUM PURPERIUM—This stately growing plant is rather rare, although every perennial garden should have this growing, for it is unlike most perennials in appearance. Grows about four feet high and has beautiful purple heads of massive flowers from the middle of August until frost. Strong plants each 24c; 3 for 66c; 6 for \$1.26; doz. \$1.98, prepaid. (No Seed.) **24c**

DAPHNE

DAPHNE CNEORUM—The soft pink flowers appear profusely during April and May and at intervals throughout the summer; very small and dainty in terminal clusters, with very pleasing sweet fragrance. 38c each, 3 for \$1.08, postpaid. **38c**

GOLDEN GLOW (Rudbeckia Fulgida)—A strong robust growing plant attains a height of 4 to 5 feet and produces masses of double golden-yellow cactus dahlia flowers from July to September. Excellent for cut flowers. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 8c each. **14c**

EVERLASTING PLANTS ALWAYS PLEASE

CHINESE LANTERN

Chinese Lantern

CHINESE LANTERN PLANT (*Physalis Francheti*)—An interesting hardy perennial. The seed pods are produced in balloon-like husks, which are first green, slowly changing to scarlet-red, closely resembling miniature Chinese Lanterns. Branches holding these lanterns are easily dried and are popular for house decoration in fall and winter. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 7c each. **14c**

POTENTILLA

POTENTILLA—MISS WILLMOTT—A new improved salmon-pink potentilla. A wonderful border plant and very free blooming. The plant resembles the strawberry especially in the manner of growth and foliage. Flowers are very showy, very free producing and of salmon-pink color. 18 inches high and blossoms from June to August. A wonderful rock garden plant and fine for planting on embankments, sunny slopes, along walks etc. Strong plants, 16c each, 3 for 44c, 6 for 74c, postpaid. Seed, packets 10c each. **16c**

CREEPING PHLOX

Creeping Phlox

PHLOX SUBULATA (Creeping Phlox) (Moss or Mountain Pinks)—Hardy low growing excellent for rock gardens and borders. Especially suited for planting on embankments, sunny slopes, edges of sidewalks, etc., where a blaze of color is desired in early spring. Colors, lilac, pink, white, blue and mixed. Strong plants, 9c each, 3 for 24c, 6 for 48c, 12 for 84c, 25 for \$1.48, postpaid. **9c**

PHLOX

PHLOX—Tall growing—See page 45

BEAUTIFUL GEUM

GEUM—Beautiful ruffled, carnation like flowers on long stems. Blossoms from June to September. Colors red, yellow and mixed. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 8c each. **14c**

CORAL BELLS

HEUCHERA SANGUINEA (Coral Bells)—A beautiful slender fairy-like spike of richly colored crimson flowers. Excellent for rock garden use. Strong plants, 18c each, 3 for 48c, 6 for 89c, postpaid. Seed, packets 15c each. **18c**

BLUE LINUM

LINUM-BLUE (Perennial Flax)—A beautiful highly attractive plant growing 2 feet high with marvelous foliage and wonderful pale blue flowers. In blossom all summer long, used extensively in rock gardens as well as hardy borders. Strong plants, 16c each, 3 for 44c, 6 for 74c, postpaid. Seed, packets 5c each. **16c**

DIANTHUS—PINKS

DIANTHUS (Hardy Pinks)—Blossoms profusely in May and June. Grows from 6 to 8 inches high. Makes a wonderful plant for edging or borders and flowers are a beautiful crimson having an effect of a dazzling carpet. Fine plants each 16c; 3 for 44c; 6 for 74c; doz. \$1.25, prepaid. SEED, per pkt. 14c; 3 for 38c. **16c**

DOUBLE GYPSOPHILA

DOUBLE GYPSOPHILA or Double Baby's Breath—This is a grafted plant which is planted by Florists and far superior to the single in every respect. Marvelous for winter bouquets. Strong grafted plants each 48c; 3 for \$1.19, prepaid. (Does not grow from seed.) **48c**

GYPSOPHILA—Single Baby's Breath—See page 41.

GRAVE MYRTLE

GRAVE MYRTLE—This dark green ground covering vine is one of the best hardy ground covering plants we have. Wonderful for rock piles, rock gardens, etc. Each 16c; 3 for 44c; 6 for 84c; doz. \$1.48, prepaid. (No seed.) **16c**

HEMEROCALLIS

HEMEROCALLIS—See Hardy Lilies page 47

NOTE: Poppies form a fleshy root and are shipped in root form or started plants. Many times after planting late in the season, the roots fail to start, but after the middle of August they will sprout and continue to grow until frost. Do not disturb late planted roots or plants, which appear to be dead. Plant deep enough to keep the weeds hoed off or you will disturb the roots by hoeing.

OLYMPIA (New)—Color, flame scarlet, overlaid with gold. Flowers double when first open. Over 4 inches in diameter. Strong potted plants, 20c each; 3 for 57c, postpaid. **20c**

MRS. PERRY—Few varieties of poppies are as striking and beautiful as Mrs. Perry. The color is a beautiful orange-apricot. Strong plants, 20c each, 3 for 57c, postpaid. **20c**

WHITE MRS. PERRY—Probably the best white large flowering orientale type poppy in existence. Strong plants, 20c each, 3 for 57c, postpaid. **20c**

PRINCESS VICTORIA LOUISE—An excellent large flowering salmon-pink. Strong growing variety adapted to planting in perennial borders or among shrubbery. Strong plants, 20c each, 3 for 57c, postpaid. **20c**

ORIENTALE SCARLET—A free blooming brilliant scarlet flowering poppy with enormous cup shaped blossoms. Strong plants, 16c each, 3 for 44c, 6 for 74c, postpaid. Seed, packets 5c each. **16c**

ORIENTALE MIXED—By planting this mixture one can secure a beautiful display of mixed colors in the hybrid types that will give a world of satisfaction by contrasting the different colors when the flowers are open. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 5c each. **14c**

BEAUTY OF LIVERMORE—An extra fine crimson with a deep black blotch in the center of the flowers which makes a wonderful contrast in color and is very striking. Strong plants, 20c each, 3 for 57c, postpaid. Seed, packets 10c each. **20c**

HIBISCUS

HIBISCUS (Marshmallow)—A very striking plant with pink, white, yellow and red flowers which grows to a height of 4 feet and when the flowers are open they often measure 10 inches in diameter and are very desirable for hardy border use. Strong plants, 16c each, 3 for 44c, 6 for 74c, postpaid. Seed, packets 5c each. **16c**

SWEET ROCKET

SWEET ROCKET (*Hesperis*)—Sometimes called Dame's Violet. The plant resembles Stocks with beautiful showy spikes of flowers wonderful for cutting. Colors, lavender, white & mixed. Strong plants each 16c; 3 for 44c; 6 for 74c; doz. \$1.24, prepaid. SEED, pkt. 7c, mixed seed 5c a pkt. **16c**

LUPINS

LUPINS or Sun Dials—This perennial grows from 3 to 4 feet high and has long spikes resembling the Delphinium covered with pea shaped flowers. Colors: Blue, rose, white and mixed. Strong plants each 24c; 3 for 59c; doz. \$1.70, prepaid. Seed, pkt. 9c; 3 for 25c. **24c**

PHYSOSTEGIA

PHYSOSTEGIA or False Dragon-Head—Grows about 2 feet high and blossoms in the fall of the year. Flowers are exceptionally beautiful and suitable for cutting. Color: Rosy Lilac. Strong plants each 16c, 3 for 45c; 6 for 74c; doz. \$1.25, prepaid. SEED, pkt. 6c. **16c**

SWEET WILLIAM

Sweet William

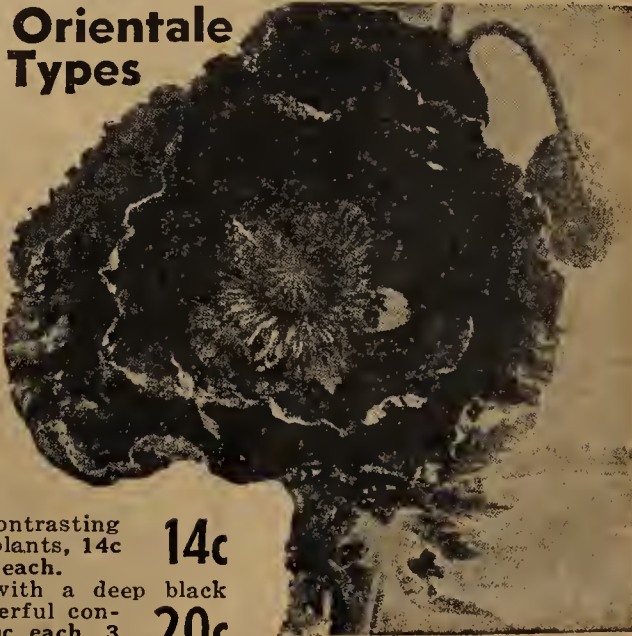

SWEET WILLIAM—This garden favorite is one of the most showy plants covered with an array of vivid colors in fancy patterns much like hardy Phlox but with more sharply defined markings. Strong plants each in mixed colors only 16c; 3 for 44c; 6 for 84c; doz. \$1.35, prepaid. SEED, packet 6c; 3 for 15c. **16c**

CHEERFUL HOMES HAVE BEAUTIFUL FLOWERS

PAINTED DAISY

Beautiful Painted Daisies

PAINTED DAISY (Pyrethrum Hybridum)—Probably no plant has won more popularity than this fern-like growing perennial which is covered with a rainbow of shades from white to crimson. Flowers are of Daisy like shape and the plant blossoms profusely in June and also sparingly in late summer. Excellent for rock garden use. Very showy and attractive. Strong plants, 16c each; 3 for 44c; 6 for 74c, postpaid. Seed, packet 5c each. We can furnish both the New Single Hybrid and New Double Hybrid. State choice in order. **16c**

HOLLYHOCKS

Hollyhock—Double

HOLLYHOCKS (DOUBLE)—Assortment of colors unequalled anywhere. White, pink, red or yellow. Perfectly double with perfect rosettes of the most lovely colors. State colors wanted. Strong plants, 18c each, 3 for 48c, 6 for 89c, postpaid. Seed, packets 10c each. **18c**

MIXED DOUBLE HOLLYHOCK—This excellent mixture. Each 16c; 3 for 44c; 6 for 74c; doz. \$1.35, prepaid. Seed, pkt. 8c; 3 for 20c. **16c**

MIXED SINGLE HOLLYHOCKS—If a good cheap mixture is wanted we offer our "St. Charles Prize Mixture." Each 12c; 3 for 30c; 6 for 48c; doz. 85c, prepaid. Seed, pkt. 6c; 3 for 15c. **12c**

EVERLASTING PEAS

HARDY SWEET PEAS

HARDY SWEET PEA (Lathyrus Latifolius)—A perfect hardy climbing vine that becomes more beautiful each year. The flowers after the second year are larger and more beautiful than the annual Sweet Pea and grow in clusters and remain in full blossom for most of the summer. Also known as the Everlasting Pea. Strong plants, 16c each, 3 for 44c; 6 for 74c, postpaid. Seed, packets 6c each. **16c**

Everlasting peas

PAID**

PRIMROSE

Primula (Primrose)

PRIMROSE—Primula Veris (English Cowslip)—One of the most striking hardy primroses with beautiful mottled shades of yellow and red, which cover the plant during April and May and grows about 12 inches high, making it especially desirable for rock garden use. Excellent hardy border. Strong plants, 15c each, 3 for 42c, postpaid. Seed, packets, 10c each. **15c**

LIATRIS or BLAZING STAR—Sometimes called Kansas Gay Feather or Gay Feather. Somewhat resembles the Delphinium in color and growth with long purple spikes that are very attractive. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 10c each. **14c**

LIATRIS

Blazing Star

SPURGE (Japanese)—(Pachysandra Terminalis)—A wonderful ground covering plant for shady locations, as under trees where grass will not grow; will stand any amount of drouth and the waxy green leaves are very beautiful making a complete ground cover wherever planted. Strong plants, 12c each; 3 for 35c; 6 for 68c; 12 for 98c; 25 for \$1.60, postpaid. **12c**

PERENNIAL VERBENA—One cannot select a finer hardy border plant for bedding than this perennial which grows about a foot high. Covered with a lavish profusion of flowers from early summer until late fall. Fine for cut flowers and wonderful for the rock garden. Color a lavender-rose. Fine plants each 35c; 3 for 85c; doz. \$1.75, prepaid. (No seed.) **35c**

BEAUTIFUL SHASTA DAISY—ALASKA

This beautiful hardy perennial produces flowers over 4 inches in diameter, pure waxy white with small golden yellow centers. Grows about 18 inches tall and there is nothing finer for bouquets than this wonderful keeping flower. We furnish strong transplanted plants, each 16c; 3 for 40c, postpaid. SEED per pkt. 7c; 3 for 15c, postpaid. **16c**

TRITOMA

Red Hot Poker

RED HOT POKER (Tritoma)—Blossoms from August until November and surpasses the finest Cannas for attractiveness and brilliancy. Great clusters of flame colored flowers. Strong plants, 19c each, 3 for 54c, 6 for 98c, postpaid. Seed, packets 10c each. **19c**

Cornflower Aster STOKESIA (Cyanus)—(Corn Flower Aster)—The cornflower-like flower is blue and white, often measuring 3 to 4 inches in diameter. Good for hardy borders and rock gardens. Strong plants, 14c each, 3 for 38c, 6 for 72c, postpaid. Seed, packets 8c each. **14c**

YUCCA 15c

YUCCA—Filamentosa. 5-6 ft. or more. June-July. Has broad swordlike evergreen foliage which makes a large round clump. The flowering stalks are bare as much as 6 feet high, with large drooping creamy white flowers. It likes loose dry soil and a warm situation. Strong plants, 15c each, 3 for 40c, postpaid.

PERENNIAL FLOWER SEED MIXED—A choice mixture of perennial seed. Pkt. 6c each. Wind Flower (See Anemone) Page 41

"I was much pleased with the plants and bulbs I received and also the previous order." (signed) Jennie A. Rockfellow, Mount Morris, N.Y.

Beautiful Flower Gardens ALL SUMMER

Hardy Climbing Ornamental Vines

CHINESE CINNAMON VINE

The Cinnamon Vine is one of the most satisfactory climbers. Its handsome foliage and fragrant, cinnamon-scented blossoms commend it to every lover of flowers. It is tuberous-rooted and, once planted, will grow a lifetime. It is perfectly hardy, thrives on all soils, in sun or shade, wet or dry. No insects or blight ever trouble. Will quickly surround your windows, arbors and porches with a mass of vines, and profusion of small white flowers.

While the Cinnamon Vine is grown mainly for its beauty and fragrant blossoms, the tubers are edible, being most delicious when baked like Sweet Potatoes.

For windows, plant two on each side. For porches, walks, etc., plant 8 inches or a foot apart, covering 2 inches. Furnish twine support for the vines.

Choice tubers, 15c each; 2 for 25c; 6 for 60c; 12 for \$1.00; 30 for \$2.00, postpaid.

15c

BOSTON IVY

BOSTON IVY (*Ampelopsis Veitchii*)—Probably the best wall climbing vine which is perfectly hardy that clings to rock, brick, etc., which will live throughout the winter in northern climate. Foliage is dense and the leaves are dark green changing in the autumn to a flaming crimson, making a gorgeous display in autumn. Especially adapted to dry locations where dust and dry air of cities usually hampers the growth of most vines today. Strong plants, 16c ea.; 3 for 44c; 6 for 74c, postpaid. Seed, pkt. 10c.

16c

JAPANESE HONEYSUCKLE

HONEYSUCKLES—*Halleana* (Halls Japan)—A rapid strong growing vine which is perfectly hardy. Blossoms profusely from June to November. Excellent for trellis and pillars. Strong plants, 16c each; 3 for 44c; 6 for 74c, postpaid.

16c

VARIEGATA—Same as above, but leaves are spotted green and yellow. Price the same. Specify Green or variegated leaf when ordering.

CLEMATIS JACKMANII

JACKMANII CLEMATIS (Deep purple)—Large flowering vine covered solid with flowers. Every plant guaranteed to flower and to grow. Seldom offered at the low price carried in this catalog. Perfectly hardy and adapted to all kinds of culture. Flowers often measure 6 inches across. Fine strong plants (potted), 35c each; 2 for 65c; 3 for 90c, postpaid.

35c

Clematis—
Jackmanii
Deep
Purple

LA VAGUE—Pure mauve with contrasting aniline red eye. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

MISS LINGARD—This variety is not a Decussata type like all the others we list, but a Suffruticosa. This variety flowers a month earlier than the Decussata sorts. The flowers are waxy white and starting to flower in June continues until October. We consider this the best early white Phlox grown. Strong plants each 30c; 3 for 87c; 6 for \$1.62, prepaid.

MRS. JENKINS—The best all around pure white. Blooms early and gives a showy display. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

PANTHEON—Deep salmon rose. An old favorite. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

R. P. STRUTHERS—An old stand-by. In a class by itself. Bright rosy-carmine with claret eye. Hard to improve on this variety for color. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

RHYNSTROM—(Also listed by some as Rijnstroom) One of our strongest growing varieties with many stems topped with heavy trusses of flowers of a lively rose-pink, similar to the color of Paul Neyron rose. Strong plants each 28c; 3 for 81c; 6 for \$1.48, prepaid.

WIDAR—This beautiful violet floret with clear white eyes creates a most unusual effect. One will be delighted with this variety. Strong plants each 30c; 3 for 87c; 6 for \$1.68, prepaid.

ALL PREPAID

Boston Ivy

CLEMATIS HENRYII

LARGE FLOWERING WHITE (*Henryii Clematis*)—This is probably the largest pure white variety in existence. Has all the appearance of Clematis Jackmanii and sterling qualities of this variety excepting the flowers are large creamy white and is an excellent bloomer. Fine strong plants (potted), 35c each, 2 for 65c, 3 for 90c. Postpaid.

CLEMATIS—FLAME SCARLET

MADAM EDOUARD ANDRE CLEMATIS (Very Attractive)—An unusual color making this the most novel variety with a fine covering with thousands of flowers after it is a few years old. Fine strong plants (potted), 35c each, 2 for 65c, 3 for 93c. Postpaid.

JAPANESE CLEMATIS

JAPANESE CLEMATIS (*Paniculata*)—Where a rapid growing vine is desired for covering trellis and arbors, etc., it is hard to find a more desirable climber. Leaves are glossy green and the flowers are medium size pure white and quite fragrant. Strong plants, 20c each, 3 for 55c. Seed pkt. 10c. Postpaid.

HARDY PHLOX

Phlox are perfectly hardy and seldom ever winter kill. Will stand any amount of drouth and are never known to fail in flowering. Usually start blooming late in June and continue until late in the fall.

BEACON—Sometimes called "FLAME." A wonderful red. In fact we recommend this for a show border. Strong plants each 28c; 3 for 81c; 6 for \$1.48, prepaid.

B. COMTE—A very charming shade of French-purple. Unlike most colors. Very striking. Color rich. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

BEACON—Brilliant cherry-red suffused salmon. One of the finest. Strong plants each 33c; 3 for 96c; 6 for \$1.80, prepaid.

COLONIAL—Extra large light blue. Blooms over a long period. Strong grower. A wonderful shade in a class by itself. Strong plants each 35c; 3 for 98c; 6 for \$1.85, prepaid.

COQUILICOT—Cerule pink. An old favorite. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

CAROLINE VANDENBURG—The most attractive of the lavender shades with large trusses or heads. Spoken of as the blue phlox. Strong plant's each 35c; 3 for 98c, prepaid. (As our stock is limited we cannot sell over 3 plants to a customer this season).

DR. CHAS. MAYO—A beautiful bluish-pink with claret eye. Attractive. Strong plants each 23c; 3 for 66c; 6 for \$1.20, prepaid.

EXQUISITE—Probably the finest rose pink we have. The trusses are large and the shading is exquisite. Strong plants each 28c; 3 for 81c; 6 for \$1.48, prepaid.

FIREGLOW—(Also called Fierbrand in German) A brilliant orange-scarlet. Sometimes almost vermillion. Free flowering and one of the most brilliant phlox known. Strong plants each 35c; 3 for 98, prepaid.

SPECIAL OFFER

Will send one each of the 16 varieties for \$4.19, prepaid. (Regular price \$4.43)

MIXED—Many kinds mixed, not labeled for variety. Strong plants each 18c; 3 for 51c; 6 for 96c; doz. 1.80; seed, pkt. 12c, prepaid.

"My order of Rose Bushes and Perennial Seed arrived today in grand condition and I am very well pleased with them."

World's Finest DAHLIA

PIKE'S HARDY Lilies

SUMMER FLOWERING

CORAL LILY

Coral Lily

CORAL LILY (*Tenuifolium*)—One of the finest intense scarlets. Flowers rather small, but numerous and very showy. Excellent for rock garden planting. The plant only grows 1 to 2 feet high. Bulbs are small like hickory nuts. Very hardy. All guaranteed to flower. 12c each, 3 for 29c, 6 for 54c, 12 for 98c.

REGAL LILY

New Regal Lily

CHINESE REGAL LILY—One of the very finest of the extra hardy types. Flowers pure white, sometimes tinged yellow and pink. Extra select large bulbs 20c each, 3 for 58c, 6 for \$1.12. Large size jumbo bulbs 40c each, 3 for \$1.15.

20c EACH

NOTE—We guarantee all our hardy bulbs to flower the first year.

UMBELLATUM LILY

Umbellatum Lily

LILLIUM UMBELLATUM—A beautiful ivory and rose colored flower blended with an upright growing habit and is strong and sturdy. Height 2 to 3 feet. Excellent bulbs, each. 24c 3 for 66c, 6 for \$1.20.

GOLD BANDED LILY

Gold Banded Lily—(Auratum)

GOLD BANDED LILY OF JAPAN (*Lillium Auratum*)—Our bulbs are imported from Japan and are the true stock. We believe these bulbs are superior in every way and priced very low. Flowers are immense and exceptionally fragrant. The large white petals are thickly spotted with chocolate crimson and have a golden yellow band through the center of each. Blooms from July to September. Extra select bulbs 24c each, 3 for 66c, 6 for \$1.20. Large size jumbo bulbs 34c each, 3 for 96c, 6 for \$1.80.

24c

GORGEOUS RED LILY

GORGEOUS RED LILY (*Speciosum Rubrum*)—This beautiful large red flowering lily attracts wide attention during August. Some flowers come red and white, a distinct contrast commanding much attention. Very hardy. Extra select large bulbs, 24c each, 3 for 66c, 6 for \$1.20. Larger size jumbo bulbs 34c each, 3 for 96c, 6 for \$1.80.

Olive Banded Lily

OLIVE BANDED LILY (*Speciosum Album*)—Flowers are pure white with a band of olive green through the center of each petal. They are of great substance and very fragrant. Bloom in August and September. Select mammoth bulbs 26c each, 3 for 76c.

LILY OF THE VALLEY

6 for 21c

Lily of the Valley

LILY OF THE VALLEY—Our select pips are large flowering, long stem producing, from a famous German strain. At the low price we offer these, one can afford to replace their old bed of ordinary types. Special prices. Extra select pips, 6 for 21c, 12 for 38c, 25 for 72c, 50 for \$1.31, 100 for \$2.48.

HARDY DAY LILIES

NEW LEMON LILY—Clear lemon yellow, flowers appear in spring and early summer in great abundance making a very pretty and attractive plant. Fine bulbs, 18c each, 3 for 45c.

18c

YELLOW DAY LILY (*Middendorfi*)—An old favorite, flowering early in May, making a beautiful plant suitable for any location desired. 19c each, 3 for 48c, 6 for 89c.

19c

GOLDEN DAY LILY (*Thunbergii*)—One of the best mid-summer (July) flowering old fashioned yellow lilies. Free flowering and golden yellow. Each 19c, 3 for 48c, 6 for 89c, pre-

19c

WHITE DAY LILY—Beautiful pure white lily shaped flowers which are extremely fragrant. Blossoms in August and September. 19c each, 3 for 48c, 6 for 89c.

19c

SPECIAL OFFER

Will send one each of the 4 kinds of Day Lilies for 64c, prepaid.

EASTER LILY

EASTER LILY (*Longiflorum*)—The most reliable of the Easter Lilies for growing indoors in pots, and the most popular. Large pure white fragrant flowers borne 3 to 12 on a plant. Easily grown; hardy outside with protection and may be planted in the garden after it is through flowering inside. 35c each, 3 for \$1.00, 12 for \$3.25, postpaid.

35c

TIGER LILY

DOUBLE TIGER LILY—Vigorous growing plant bearing an immense number of double brilliant orange flowers spotted with black. Height 4 to 6 feet. Blossoms in August. Extra select splendid bulbs, 18c each, 3 for 48c, 6 for 89c, 12 for \$1.76.

18c

SINGLE TIGER LILY—An excellent hardy lily sometimes 6 feet high with pyramids of large orange-red single flowers spotted with black. Extra select splendid bulbs, 18c each, 3 for 48c, 6 for 89c, 12 for \$1.76.

18c

FIREFLAME LILY

FIREFLAME (*Elegans*)—For a gorgeous display of rich coloring, very few flowers equal this improved type of *Lillium Elegans*. The brightest and most brilliant of all the orange-scarlet Lilies; 1½ to 2 feet; bloom during June and July; large, erect flowers. An always dependable hardy Lily. 30c each; 3 for 85c; 12 for \$2.75, postpaid.

30c

NEW PHILIPPINE LILY

NEW PHILIPPINE LILY (*Lilium Philipinense Formosanum*)—Flowers like Easter Lilies. One of the most wonderful introductions of late years. After first flowers are through blooming the plant will sucker from the bottom and send up more flowering stalks and will have as many as ten flowers on one stem. Delightfully fragrant. Strong bulbs each 34c, 3 for 98c, 6 for \$1.84, prepaid.

34c

"Just want to thank you for the Lemon Lilies. I had no idea they would be so nice." (signed) S. Southall, Rock Island, Ill.

SPRING AND SUMMER FLOWERING BULBS

NOT HARDY PERUVIAN DAFFODIL

24c

Peruvian Daffodil

Summer Flowering Oxalis

SUMMER FLOWERING OXALIS—One of the finest bulbs to use for edging or borders along walks, flower beds, etc. Color white, pink, red and mixed colors. Dozen 14c, 50 for 58c, 100 for 80c.

PERUVIAN DAFFODIL or ANGEL'S LILY—*Ismene Calathina*—A good summer flowering bulb that produces large, fragrant, pure white flowers that resemble the *Amaryllis*. Plant and grow the same as *Gladioli*. When through flowering outside, pot it after it rests for a while and it will blossom again in the winter. 24c each, dozen \$2.40.

7c

Fairy Lily

FAIRY LILIES (*Zephyranthes*)—A bulb that can be planted inside or out for good results. If planted the latter treat same as *Gladioli*. Pot about middle of December and it will bloom before spring. A handsome flower similar to the *Amaryllis*. Very easily grown. **CANDIDA** (White)—7c each, 3 for 18c. **ROSEA** (Pink)—16c each, 3 for 43c.

Montbretia

GOLDEN YELLOW CALLA LILY (*Eliotiana*)—An attractive golden yellow calla with dark green foliage spotted white that adds beauty to the plant. Extra strong bulbs, each 26c, 3 for 68c, postpaid. Medium strong bulbs, 34c each, 3 for 98c.

BLUE LILY OF THE NILE (*Agapanthus*)—A very showy plant with bright blue flowers well above the foliage, which is rich green. Plant should be left in pots or tubs and set upon the lawn or in the garden during the summer. Strong potted plants, 24c each, 3 for 66c.

Tuberous Begonias

For brilliancy of color one cannot find a more beautiful plant. The magnificent flowers stand out as waxy and distinct one would think a picture was presented to them of rare beauty. Colors: white, red, pink, salmon and yellow. Each 35c, 3 for 98c, prepaid.

Cape Hyacinth

Hyacinth Candicans—Sometimes called Summer Hyacinths. Blossoms during August and September. Grows 3 to 5 feet high with magnificent spikes of pure white flowers often 2 feet in length. Plant a bed of a dozen or more bulbs, if you can. 11c each, doz. 98c, 25 for \$1.85.

WHITE SPIDER LILY—Leaves grow and die, and then the flower stalks appear, growing 12 inches high, and bearing pure white six petaled flowers. 34c each; larger size, 48c, postpaid.

Tuberose

11c

Double Pearl Tuberose

Cape Hyacinths

DOUBLE PEARL TUBEROSES—A delightful and fragrant summer blooming bulb. Strong bulbs. 4c each, 3 for 11c, doz. 38c. **MEXICAN EVER-BLOOMING**—A single prolific bloomer and dwarf grower. One of the best varieties grown. Strong bulbs. 4c each, 3 for 11c, doz. 38c.

SPECIAL OFFER

Will send 3 double and 3 Mexican Tuberose, 6 in all, for only 18c. Postpaid.

St. Bernards Lily

24c each

(*Anthericum*.) Leaves have markings of yellowish white on dark green. Flowers are creamy-white, and carried on long stems. Very attractive as a pot plant or in vases. 24c each; 3 for 68c, postpaid.

St. Bernards Lily

CLIMBING MIGNONETTE (*Madeira Vine*)—This popular climbing vine with thick, waxy, green, heart shaped leaves is one of our fastest growing plants. The flowers are somewhat obscure, being hidden by the dense foliage, but give off a delicious fragrance nevertheless, making the vine still more attractive. Also used for inside house planting. Tubers each 10c; 3 for 20c; 6 for 35c; doz. 68c; 25 for \$1.20, prepaid.

Milk and Wine Lily

Fragrant Flowers

(*Crinum Klrkll*) One of the most unusual house plants, for winter or summer. Usually two flower stalks grow from each bulb, each bearing a large cluster of fragrant lily-flowers. The blooms are large and showy; broad petals, pure white; beautifully banded with wine-red. Large bulbs, 35c; 3 for \$1.00; larger, 50c.

Golden
Yellow
Calla

BLACKBERRY LILY

SPOTTED FLOWERS (*Belemcada Iridacea*)—Has shining, black roundish seeds which give it the name of "Blackberry Lily," also called the "Leopard Flower." Orange, spotted red flowers. Very attractive. 19c each, 3 for 51c.

"My order of bulbs and seeds came in good condition. Thanks for the generous amount of seed." (signed) Mrs. Mary Keeney, Murray City, Ohio.

DAHLIAS

DECORATIVE New Superior Decorative Dahlias

Probably the most popular of all varieties of dahlias because of the showy, full double flowers. They are probably the largest dahlias, also many varieties of dahlias being as large as a dinner plate. They have broad, flat, somewhat loosely arranged petals.

AMUN RA—A beautiful plant of copper orange and scarlet. Immense flowers on stiff stems. 28c each, 2 for 54c, postpaid.

BASHFUL GIANT—A gorgeous apricot with a gold overlay of shading. The flower has a sort of drooping or bashful like appearance. One of the very largest dahlias in cultivation and exceedingly attractive. 32c each, 2 for 59c, postpaid.

DELIGHTED—An immense flowering pure white, often measuring 6 to 8 inches across. A truly beautiful variety. 28c each, 2 for 54c, postpaid.

JANE COWL—An immense flower of a beautiful shade of buff and old gold blending to a bright salmon at the center. The giant flowers are held aloft on rigid stems. A marvel dahlia in every way. 35c each, 2 for 68c, postpaid.

JEAN KERR—Pure white of a fine form. A profuse bloomer on stiff stems. Fine cut flower variety. One of the largest whites in cultivation. 32c each, 2 for 59c, postpaid.

MARGARET WOODROW WILSON—Face of petals creamy white, reverse pink. Petals broad and well placed, terminator in points, strong up-right stems, dark green foliage. A very free flowering variety. 30c each, 2 for 57c, postpaid.

MRS. I. DE VER WARNER—An immense orchid pink often called "Dinner Plate" dahlia. The flowers are extra large; the long stems, well above the plant, are especially desirable for cutting and makes one of the best show dahlias in the garden. 32c each, 2 for 59c, postpaid.

MRS. CARL SALBACK—A very pleasing shade of solferino pink with white suffusion. Flowers immense. 28c each, 2 for 54c, postpaid.

TREASURE ISLAND—Bright apricot and gold, slight rose suffusion. Strong grower branching freely from ground; long strong stems. Each 48c, 2 for 90c, postpaid.

ROSE FALLON—Amber, russet, bronze and salmon. Large on good stems. Won Darnell Cup, 1930. Each 30c, 2 for 55c, postpaid.

Jersey Beauty

Special Offer

Will send one kind of each of the Decorative Dahlias (19 kinds in all) for only \$6.48, prepaid. Regular catalog price \$7.13.

Jane Cowl

JERSEY BEAUTY—Probably the best pink decorative. Excellent for home gardens, exhibition, and cutting.

Flowers rose pink, perfect form, long perfect stems and very prolific. Very popular variety. 32c each, 2 for 59c, postpaid.

JUDGE MAREAN—Immense flowering variety. Colors range from stages of glowing salmon-pink, red, orange, yellow and gold and very prolific. 32c each, 2 for 59c, postpaid.

JUDGE PARKER—A coppery salmon with a golden hue. A large perfect flower the entire season. Fine stems good for all purposes. Very attractive. 32c each, 2 for 59c, postpaid.

PATRICK O'MARA—Rich chrome-yellow with salmon-red suffusion. 28c each, 2 for 54c, postpaid.

SAGAMORE—Amber gold, shaded slightly with orange-buff in center. Strong variety on long stem and wonderful for cut flowers. Each 30c, 2 for 55c, postpaid.

Peony Flowered Dahlias

JOHN WANAMAKER—A fine violet mauve or soft lavender. A very attractive variety entirely different in shade of color from any other peony dahlia grown. 28c each, 2 for 48c. Postpaid.

QUEEN WILHELMINA—Probably no other peony dahlia produces as many pure white flowers as this one variety on long stiff stems, well above the foliage. It is not uncommon to count as many as fifty flowers open at one time on a plant. 28c each, 2 for 48c. Postpaid.

SWEETHEARTS BOUQUET—A beautiful salmon rose and faun. This exquisite shade is far more attractive than the description would imply. Excellent for cut flowers. 24c each, 2 for 44c. Postpaid.

THE BILLIONAIRE—This immense flowering dahlia is literally covered with yellow orange flowers. One of the very finest peony dahlias grown. 28c each, 2 for 48c. Postpaid.

SPECIAL OFFER

Will send one each of the four varieties of Peony Dahlias as listed for only 98c, postpaid.

UNSURPASSED for BEAUTY

Cactus Flowering Dahlias

Attraction

ATTRACTION—A greatly admired dahlia. Large flowers measuring 6 inches across are composed of wide, wavy, point-tipped petals which make a very graceful picture. Soft rosy lavender splashed with white. 38c each, 2 for 72c, postpaid.
KALIF—A monster cactus of perfect form. Color is a rich pure scarlet, borne on long stiff stems. Each 30c, 2 for 55c, postpaid.

NOTE: When planting roots or tubers, lay flat and not end ways. Cover with 4 to 6 inches of soil, filling hole half full until sprout emerges.

CIGARETTE—A beautiful creamy white heavily edged with pomegranate red, with various shades; hardly two flowers being exactly alike on a plant. This variety has created a real sensation. 34c each, 2 for 64c. Postpaid.

EARL OF PEMBROKE—Probably the finest deep purple cactus dahlia grown. Entirely different in color and greatly admired. 24c each, 2 for 44c. Postpaid.

GEORGE SCHOFIELD—Medium sized flowers of extraordinary form; long, thinly tubular, incurving, twisting petals. Color a delicate blending of apricot and yellow, reducing to white at the tips. 40c each, 2 for 76c. Postpaid.

HORNSVELDT—An excellent deep red. Fine cut flower variety, blooms freely on long stiff stems. 24c each, 2 for 44c. Postpaid.

JEAN CHAZOT—or **GAY PAREE**—A magnificent immense flowering, golden bronze and red. Starts flowering early in the season and continues until frost. 28c each, 2 for 48c. Postpaid.

J. H. JACKSON—A perfect deep velvety blackish maroon. Gigantic in size. The pride of every dahlia lover. 24c each, 2 for 44c. Postpaid.

PERLE DE LYON—A beautiful pure white cactus dahlia. Strong grower and free flowering throughout the season. 25c each, 2 for 48c, postpaid.

LA FRANCE—A delightful delicate pink. Strong roots, 46c each, 3 for \$1.26. Postpaid.

MONSIEUR JULES ELIE—No finer pink grown. Strong roots, 38c each, 3 for 98c. Postpaid.

SARAH BERNHARDT—A lovely light pink. Strong roots, 38c each, 3 for 98c. Postpaid.

SNOWDRIFT—Clear white. Strong roots, 38c each, 3 for 98c. Postpaid.

UNNAMED DOUBLE RED PEONIES—Strong roots, 24c each, 3 for 66c. Postpaid.

UNNAMED DOUBLE WHITE—Strong roots, 22c each, 3 for 59c. Postpaid.

UNNAMED DOUBLE PINK—Strong roots, 24c each, 3 for 66c. Postpaid.

MAIDENS BLUSH—A beautiful apple blossom pink. Strong roots, 38c each, 3 for 98c. Postpaid.

MASTERPIECE—A real dark rose pink. Cannot be beat. Strong roots, 69c each, 2 for \$1.30. Postpaid.

PERFECTION—A magnificent pink. Strong roots, 33c each, 2 for 64c. Postpaid.

PRESIDENT TAFT—A wonderful rose pink. Strong roots, 38c each, 3 for 98c. Postpaid.

SENSATION—Startling beautiful deep red. Long stems, good bloomer. Strong roots, 38c each, 3 for 98c. Postpaid.

FINEST MIXED

Pike's Finest Mixed Peonies, strong roots, 18c each, 3 for 48c, Postpaid.

SPECIAL OFFER

Will send one each of the 17 kinds of Peonies for \$6.48. Postpaid.

FESTEVIA MAXIMA—Large white with bright carmine flakes in center petals. Each 24c; 3 for 65c, postpaid.

"My neighbor and myself ordered plants from you, which were received. They are all doing fine. We sure are boosting Pike's." (signed) Mrs. Ray True, Otis, Colo.

PIVKE'S DECORATIVE CANNAS

All Our Cannas Are Guaranteed To Blossom

Allemania

ALLEMANIA—A magnificent scarlet with yellow border (see illustration). Foliage green, grows to about 5 feet and is a prolific bloomer. Strong roots, 9c each, 3 for 24c, 12 for 84c, postpaid.

AMBASSADOR—Color of flower a rich deep scarlet softly spotted and splashed with brighter red. Orchid flowered with foliage of a very dark bronze. Flowers often 6 to 7 inches across with petals over 3 inches in diameter. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

BEAUTE POITEVINE (3½ ft.)—Blood-shot petals of crimson-scarlet. One of the good, reliable red bedders; useful as the edging in beds. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

BURBANK—A fine canary yellow with green leaves rather dwarf grower, height 3 to 3½ feet. Strong roots, 9c each, 3 for 24c, 12 for 84c, postpaid.

CITY OF PORTLAND—The most wonderful pink Canna ever grown. The finest new Canna we have ever seen. Grows about 3½ feet high with attractive green foliage. The color is beautiful glowing pink, of large size and perfect form. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

EUREKA (4½ ft.)—The only genuine, practical white Canna, good full trusses, broad petals, uniform, free and continuous bloom; and a clean, waxy, ivory-white color. Sturdy plant and attractive foliage. Strong roots, each 10c, 3 for 28c, postpaid.

FIREBIRD—This new Canna grows 4 feet high and is a truly magnificent flower. Flowers are large, often reaching a size of 8 inches in diameter, while the individual petals are 2½ to 3 inches across. Color is a rich crimson scarlet. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

GOLDEN WEDDING (3 ft.)—Very rich golden yellow seldom adulterated with other markings. The flowers are large, clean and well poised above the foliage, in shapely trusses. Exceptionally valuable because first class solid yellow color has been almost unknown in Dwarf Cannas. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

GUSTAVE GUMPER—A variety that is outstanding with beautiful yellow and carmine flowers. Green leaf. Height 4 feet. Strong roots, 10c each, 3 for 27c, 12 for 96c, postpaid.

HUNGARIA (3½ to 4 ft.)—The first popular pink bedder; bright "Neyron Rose" pink, the throat prettily mottled. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

KING HUMBERT (4 to 4½ ft.)—The best bronze leaved variety, very distinct heart-shaped leaves shaded with purple madder-brown. Immense orchid-flowered trusses of velvety orange scarlet flecked with carmine, rose tinted at margin and base. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

MRS. ALFRED F. CONARD (4 ft.)—Makes a charming, continuous display of silvered peach-pink. The leading light pink. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

QUEEN CHARLOTTE—A beautiful orange scarlet with gilt edge; foliage green. Grows about 4 feet high. An excellent blooming variety. Strong roots, 9c each, 3 for 24c, 12 for 84c, postpaid.

QUEEN HELEN (4 to 5 ft.)—Exact Humbert character, but the leaves are green and flowers rich golden yellow beautifully dotted red. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

ROSEA GIGANTEA—This wonderful rose carmine Canna grows about 3½ feet high. Foliage is green. Very attractive. Strong roots, 9c each, 3 for 24c, 12 for 84c, postpaid.

SHENANDOAH—An excellent rose pink with bronze foliage. Height 5 feet. Very attractive. Strong roots, 9c each, 3 for 24c, 12 for 84c, postpaid.

STATUE OF LIBERTY (6 to 7 ft.)—Torch-like orange red trusses rigidly upheld; the best extra tall red variety. Heavily veined, dark bronze foliage. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

THE GEM (4½ ft.)—Recommended as being the most conspicuous, practical and delightful among all the light colored sorts of medium height. Its bloom is even and widespread, entirely above the foliage; trusses large and compact. Straw yellow and rich cream, profusely flecked with rose. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

THE PRESIDENT (4 ft.)—The best green-leaved red-flowered canna offered. The flowers are immense, round, firm; a one color pure scarlet. Strong roots, each 10c, 3 for 27c, doz. 96c, postpaid.

WYOMING—A splendid plant, blooming throughout the summer and fall. Flowers are bright orange; a color which contrasts nicely with the attractive purplish bronze foliage. Height, 6 feet, and very handsome. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

YELLOW KING HUMBERT—A clear golden yellow with the finest green foliage. Plants are free growers, usually about 4½ to 5 feet high. Leaves are large and long, and very decorative. The flowers are always carried well above the foliage, showing them off to best advantage. Strong roots, each 9c, 3 for 24c, doz. 84c, postpaid.

Special Offer C-60

Will send one each of the 21 kinds listed for \$1.48. Postpaid.

MIXED LARGE FLOWERING CANNAS—This mixture is made up from named varieties as listed in our catalog. Most kinds where labels are lost during the digging season. No seedling varieties in this mixture. Strong roots, 6c each, 3 for 16c, 12 for 55c, 25 for 98c, postpaid.

Hardy Rock Garden Plants

These plants are perfectly hardy and used largely for ground covering in and among rocks and most all blossom profusely at different periods of the year when in growth.

ARABIS (White Rock Cross)—Pure white flowers produced in dense masses forming a carpet on the ground. Does well in light shade.

CRUCIANELLA (Crosswort)—Early flowering rock plant with bright purple, ball shaped flowers. One of our most popular plants for rock gardens.

CERASTIUM (Chickweed)—Also known as "Snow-in-Summer." A low growing plant having silvery white foliage with masses of pure white flowers in May. A very showy rock garden plant.

DIANTHUS (Maiden Pink)—Also spoken of as Deltoides by Florists. A marvelous and beautiful little prostrate plant with narrow leaves, bearing a profusion of small, crimson flowers during June and July. Very easy to grow in rock gardens.

ERYSIMUM (Rock Wallflower)—Also known as Fairy Wallflower. Dwarf growing with sulphur-yellow flowers. Very attractive.

GYPHOPHILA (Baby's Breath)—Also known as Chalk Plant or Repens. This beautiful trailing plant with clouds of small white and pink flowers, blossoms in July and August.

SAPONARIA (Soapwort)—This most attractive little low growing rock plant is covered with beautiful rosy-pink flowers late in May and early in June well above the foliage.

STACHYS (Woundwort)—Fine, old fashioned garden plant with soft silvery foliage. Grown principally for its beautiful foliage as the flowers are overshadowed by the lustrous foliage.

TUNICA (Coatflower)—A very pretty tufted plant with light pink flowers, produced all summer. One of our leading rock plants.

VERONICA SPICATA (Speedwell)—The beautiful long spikes of beautiful violet-blue flowers blossom all summer. For best results, lift and divide the plants every three years. As this plant grows slightly higher than the other rock plants we list, plant in with taller growing plants.

SILENE SCHAFTA (Catchfly Plant)—Also known as "Autumn Catchfly." A charming border or rock plant growing 4 inches high with masses of bright pink flowers from July to October.

ROCK GARDEN IRIS—See page 46—Miniature Iris.

PRICES—Each 8c, 3 for 22c, 6 for 39c, 12 for 72c, 25 for \$1.35, 50 for \$2.65, postpaid.

SPECIAL OFFER: Will send 6 plants of Rock Garden plants, our selection, for only 28c, prepaid.

The Sedums

Sedums may be cultivated for pot culture and many varieties are suitable for miniature gardens as well as rock gardens. Easy to cultivate inside and require little attention. Varieties especially adapted for house culture are illustrated below. Each 8c, 3 for 21c, 12 for 78c, 25 for \$1.48, 50 for \$2.90, postpaid.

ACRE—Leaves bright green, dwarf, creeping, golden yellow flowers.
ALBUM COMPACTA—Fine creeping, soft green foliage, white flowers.
ALBUM PURPURUM—Compact, creeping, reddish purple foliage, white.
ALBUM TENUIFOLIA—Much larger and stronger grower than Album Compacta. Same otherwise.
ALBUM BALTICUM—Emerald green beads on green stem forming rather dense green mats an inch or two thick. One of the finest.
ALBUM BREVIFOLIUM—Very compact, small leaved form similar to the other Albums.
ANOPETALUM—Glaucous, green leaves sometimes turning to bronzy or purplish shades in fall. Flowers yellow.
ANOPETALUM ELEGANS—On the order of Sedum Rupestre. Decidedly bluish leaves on 4 to 6 inch stems.
ANACAMPSEROS—Glaucous round leaves forming a rosette at the ends of non-bearing shoots. Flowers pale violet.
ALBERTI—Stems procumbent, creeping, dense, foliage light green. Flowers white.
ALTISSIMUM—Thick, gray leaves on 6 to 8 inch stems that start out recumbent and then turn and grow upright. Greenish yellow flowers in midsummer.
DIFFUSIUM—Prostrate creeper rooting at the nodes. Leaves pale green almost white. Flowers white. Very rare.
DASYPHYLLUM—Delicate stems on bluish gray, branching and thickly set with tiny glaucous bead like leaves, the plant forming a dense, neatly rounded cushion one inch high. Flowers pale pink.

DASYPHYLLUM GLANDULIFERUM—Similar to the Dasyphyllum type, but leaves are densely glandular pubescent and flowers white. Listed by some as Corsicum.
ELEGANS COMPACTA—A dwarf compact Sedum. Dense blue mounds two inches high. Rare.
ELLACOMBIANUM—Compact, rounded clump of broad leaved foliage 6 to 8 inches high. Every shoot bearing yellow flowers from midsummer on. Foliage bright green taking on a beautiful autumn coloring.
KAMPTCHATICUM—Deep green, oblong-ovate leaves on 6 to 10 inch semi-prostrate stems. Orange yellow flowers late summer.
KAMPTCHATICUM VARIGATA—Typical Kamptchaticum except the leaves are daintily margined with yellowish white.
HISPANICUM—Bluish gray foliage forming neat well rounded mats, an inch or two high. One of the best Sedums.
LINEARE—Moderately upright growth to 5 inches. Leaves linear, $\frac{5}{8}$ to $\frac{3}{4}$ inch long by $\frac{1}{8}$ wide. Bright green. Makes beautiful plants.
LINEARE VARIGATA—Same as the Lineare in growth except beautifully variegated.
MIDDENDORFIANUM—Grows from 4 to 8 inches. The lower leaves spatulate, the rest linear spatulate, upper part toothed, upper surface channeled. Flowers yellow.
MURALE—Beautiful purple foliage. Flowers pink. An excellent variety.
NEVI—Small, compact, tufted. Pale green leaves in rosettes. White flowers early summer. Foliage masses an inch or more high.
GRACILE—Bright green leaves densely clothing upright stems 2 to 3 inches high. Flowers white. A most unusual plant.
GLACUM—Excellent variety, prostrate and of slow growth. Blue-green foliage.
MORANENSE—Wiry red stems 3 to 4 inches high. Triangular fleshy leaves and upright growth. White flowers. Slow spreading creeper.
NICAENSE—Thick, gray leaves start out recumbent and then turn and grow upright.
REFLEXUM CRISTATA—The foliage is especially beautiful. Among the normal stems, crestates are formed, the effect being likened to the celosia.
RUPESTRE—Foliage gray green in color, forming spreading mats 3 to 4 inches high and 12 inches across. Flowers yellow.
RUPESTRE COMPACTA—Pretty glaucous bluish-green leaves. Trailing habit.
SIEBOLDI—Round, succulent, glaucous foliage. Flowers bright pink in October. The loveliest of all Sedums.
SARMENTOSUM—Excellent dwarf creeper. One of the most rapid growing of all Sedums. Stems prostrate, leaves linear, yellowish green in color. Used for window boxes and hanging baskets as well as Rock garden use.
SEXANGULARE—Leaves bright green, $\frac{1}{4}$ inch long, linear cylindrical and densely crowded in six distinct rows along stems, 2 to 3 inches high. Flowers yellow.
STENOPETALUM—Dark green, tufted species, the stems 3 to 4 inches high from decumbent base. Flowers golden yellow.
STRYBRINI—A distinct species. Tufted. Evergreen 2 to 4 inches high. Flowers similar to Acre Sedum.
SPURIUM—Slowly creeping plant. Leaves in terminal rosettes and assuming a blood red color in cold weather. Flowers pink.
STOLONIFERUM—Similar to Spurium. The nodes are shorter, leaves smaller. Will stand more water than some Sedums and can be planted in damp locations.
SPECTABILE ROSEA—Robust and glaucous; stems 18 to 24 inches tall. Leaves opposite or in whorls of three, 1 to 3 inches, flat, ovate, or ovate-spatulate. Flowers pink.
SPECTABILE BRILLIANT—Very similar to the Rosea except flowers are a brilliant amaranth red.
SPECTABILE VARIEGATED—A form of Spectabile having variegated foliage and pale pinkish white flowers.
TERNATUM—The most satisfactory variety for planting in the shade, for ground carpeting under trees or any place it is difficult to make grass grow or plants. Spreads rapidly and does well in all sorts of soil.

PIKE'S "Can't Be Beat" VEGETABLE SEED

5¢

ALL POSTPAID

Asparagus Seed

Asparagus

CULTURE—One ounce of seed will sow a row 40 feet long. 2 pounds are needed to produce enough roots to set out one acre. Plant Asparagus in fertile soil and keep crop cultivated throughout the season. It is best not to cut the one-year-old roots until the second year after planting; the two-year-old roots will produce a limited crop the following spring after they have been set out.

MARY WASHINGTON—This remarkable variety has replaced practically all other type, both in the home garden and for market. The plants form large clean shoots which are thick and heavy. They are long and straight, with closely folded tips. It is a heavy yielder and a long-lived producer of exceptionally fine quality. It has proved to be practically rust-free.

MARY WASHINGTON SEED—Postpaid, pkt. 5c, 1 oz. 10c, 1/2 lb. 55c, 1 lb. 75c, 2 lbs. \$1.40, 5 lbs. \$2.98.

MARY WASHINGTON ROOTS—Select, One-Year-Old Roots. Postpaid 20c per dozen, 100 for \$1.48.

MARY WASHINGTON ROOTS—Select, Two-Year-Old Roots. Postpaid, 25c per dozen, 100 for \$1.75.

MARTHA WASHINGTON—An old standby. Heavy producer. Fine quality. Pkt. 5c; 1 oz. 9c; 1/2 lb. 48c; 1 lb. 68c; 2 lbs. \$1.29; 5 lbs. \$2.75. Prepaid.

Brussels Sprouts

CULTURE—Cultivate and grow the same as cabbage.

IMPROVED DWARF—An excellent strain of sprouts. Plants are strong and vigorous, covered with solid sprouts. Postpaid, pkt. 5c, oz. 18c, 1/4 lb. 46c.

IMPROVED DANISH—A taller growing sprout with more closely arranged heads. Good quality. Postpaid, pkt. 5c, oz. 18c, 1/4 lb. 46c.

Broccoli

CULTURE—Cultivated and grown the same as Cauliflower. Similar to Cauliflower, but hardier.

LARGE WHITE MAMMOTH—This variety makes large heads of creamy-white color and has a very good flavor. Postpaid, pkt. 5c, 1/2 oz. 15c, oz. 28c.

PURPLE CAPE—Probably the very best for the northern climates. Produces large heads of a purplish-brown color that is very compact. Pkt. 5c, 1/2 oz. 16c, oz. 29c, postpaid.

Brussels Sprouts

B U S H L I M A B E A N S

Pike's Improved

PIKE'S IMPROVED BUSH LIMA—Excellent quality, fine flavor, good shipper, very prolific, matures early, fine keeper. Bears heavily until frost. The Bean is medium in size. We do not hesitate to recommend this bean as one of the very best grown. Postpaid, pkt. 5c; 1/2 pt. 22c, pt. 38c, qt. 68c.

Fordhook

FORDHOOK BUSH LIMA—Very fine quality. Largely grown in the East. Known as the Improved Dreer's Bush Lima, with pods and beans about twice as large as Dreer's and two weeks earlier. Postpaid, pkt. 5c, 1/2 pt. 24c, pt. 44c, qt. 78c.

CULTURE—One pint will plant about 35 feet of drill. Sow after danger of frost is past in rows 2 feet apart 3 inches deep and place beans 2 inches apart in the row, Eye Down. Later thin so plants will stand from 6 to 8 inches apart.

Dreer's

DREER'S BUSH LIMA—An old standby with short pods containing 3 to 4 beans of excellent quality and very sweet. Postpaid, pkt. 5c, 1/2 pt. 20c, pt. 36c, qt. 62c.

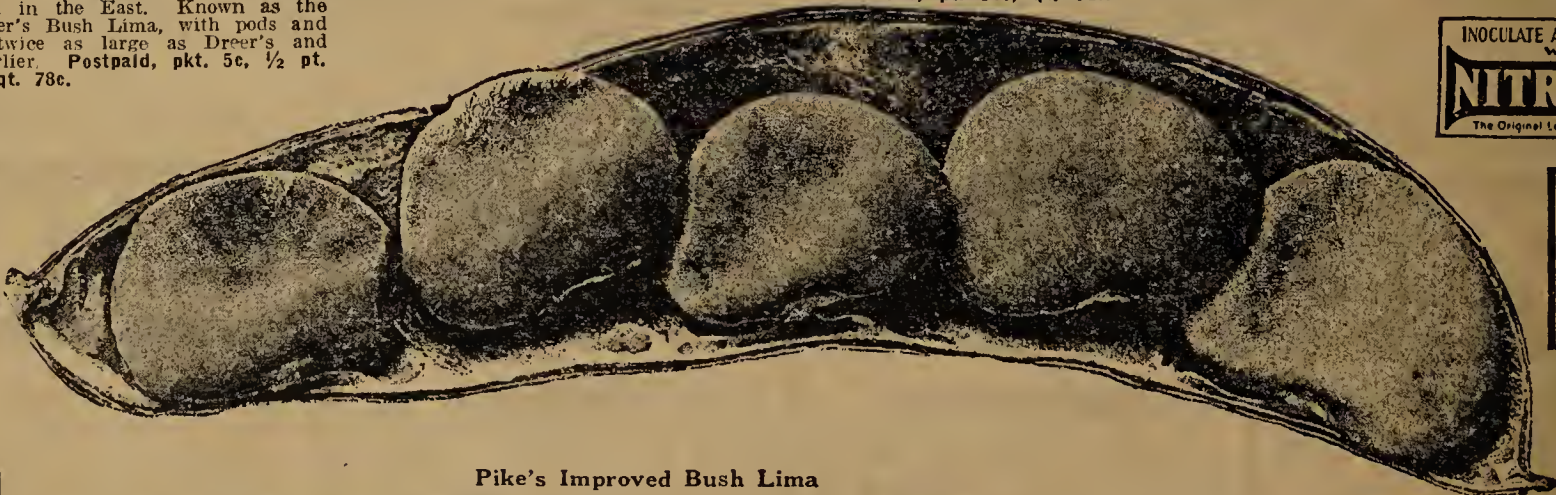

Burpee's Improved

BURPEE'S IMPROVED BUSH LIMA—Quality good. Beans large. Quite productive. One of the best grown. Postpaid, pkt. 5c, 1/2 pt. 20c, pt. 36c, qt. 62c.

Henderson's

HENDERSON'S BUSH LIMA—An exceptionally early bean that is very productive. Pods are short and flat with small beans of excellent quality. Postpaid, pkt. 5c, 1/2 pt. 20c, pt. 36c, qt. 62c.

CULTURE—One pint will plant about 50 hills. Place 6 seeds in each hill. Hills 3 feet apart each way. Length of pole 7 feet. When vines reach the top pinch them to increase the yield.

PIKE'S IMPROVED GIANT PODDED—A medium late that is very productive. An excellent variety that should be planted for both home and market gardens. Postpaid, pkt. 5c, 1/2 pt. 18c, pt. 30c, qt. 54c.

CARPENTERIA—The vines are vigorous, making a strong growth, producing large pods which contain four beans each. Skin is very thin and bean is very tender, with an exceptionally fine flavor. Postpaid, pkt. 5c, 1/2 pt. 18c, pt. 28c, qt. 49c.

EXTRA EARLY JERSEY—Matures a little sooner than King of the Garden. Very prolific. Each pod contains from 3 to 4 beans. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

Pike's Giant Podded

INOCULATE

Your Bean Seed for Best Results. Hastens maturity, increases the yield and enriches the soil. Inoculation for Beans only, half bushel size, 40c; bushel size, 60c; 5 bushel, \$2.50. Inoculation good for Peas only at these same prices. Garden size, sufficient for 5 lbs. of seed, and good for Beans, Peas and Sweet Peas, 15c.

New Stringless Green Pod

EARLY YELLOW SIX WEEKS

EARLY YELLOW SIX WEEKS—An old favorite that is very hardy and early. Strong grower, with long, straight, narrow pods and kidney shaped beans. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

BLACK VALENTINE

BLACK VALENTINE—An early hardy variety that is a little later than most other beans, although classed as an early bean. Will produce a large crop and never fails. Also a blight resistor. Has long pods, nearly round and very full. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

FULL MEASURE

A Wonderful Yields, Bearing for a Long Season
In great demand in the eastern states. Fine stringless medium green pod of high quality. The pods are straight, 6 inches long, very fleshy, almost round, crease-backed, and are tender. It is a prolific sort, the heavy pods producing throughout a long season. Postpaid pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

WAX YELLOW POD BEANS NEW BRITTLE WAX

An extremely early Wax Bean, exceedingly handsome and very desirable, especially for snaps for the home garden. The vines are dwarf, spreading and enormously productive. The leaves are roughened. The pods are round, 5 1/2 to 6 inches long, slightly curved, wax-like yellow, solidly fleshy, tender, brittle and entirely stringless. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

Improved RUST-PROOF GOLDEN WAX

In this variety we have a Bean that possesses all the good points of the old favorite—Golden Wax—but it is larger in pods, much more prolific and handsomer in appearance, being of a dark, rich yellow color and of perfect shape. Of grand quality, showing no string or coarseness, even when past its best, but is of tender and melting flavor at all stages of its growth. Postpaid, pkt. 5c; 1/2 pt. 18c, pt. 30c, qt. 54c.

NEW EARLY PROLIFIC OR IMPROVED BLACK WAX

Pods are fleshy, of medium length, borne up well among the foliage, and are curved cylindrical, of a clear waxy-white color, with long slightly curved points. Vines of medium size, vigorous and hardy. Beans small, oblong and jet black. Postpaid, pkt. 5c; 1/2 pt. 12c; pt. 22c, qt. 39c.

DAVIS KIDNEY WAX

A vigorous, hardy, very productive variety, ripening medium early; pods 7 inches long, straight, very showy. The length, uniformly straight, perfect shape, fine color of the pods and the enormous productiveness make this one of the best Beans for the market gardener as well as the canner. Postpaid, pkt. 5c; 1/2 pt. 12c; pt. 22c, qt. 39c.

WARDWELL'S KIDNEY WAX

This bean is in a class by itself. It is very early and yields a large crop of beans with pods from 6 to 7 inches long and stringless. An excellent market variety as well as home garden variety. Color Yellow. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

CURRIE'S GOLDEN WAX

Sometimes spoken of as Currie's Rust-Proof Black Wax, for its rust resisting qualities. A large producer, very early, with large golden-yellow pods. Excellent market variety. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

GREEN PODDED BEANS CULTURE

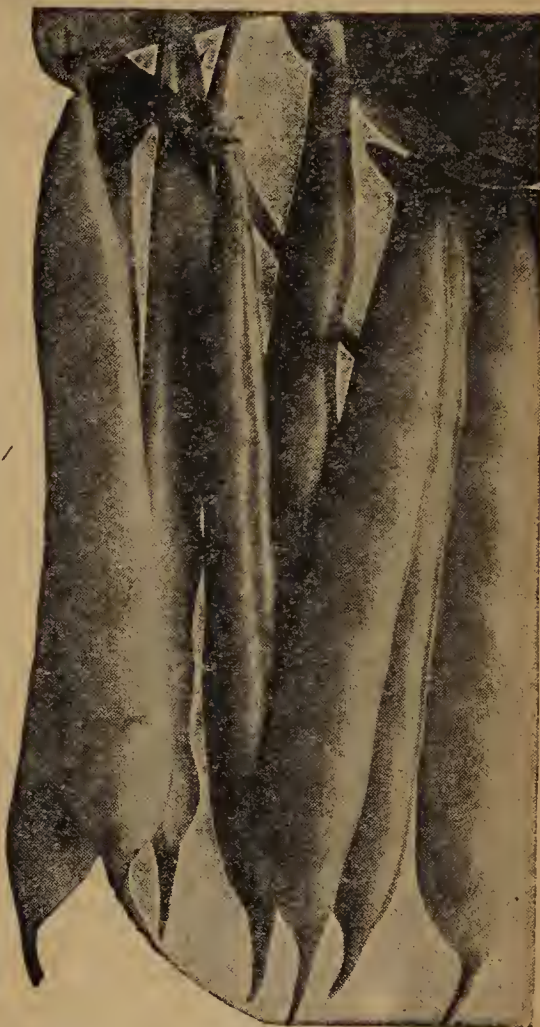

CULTURE—One pint will plant one hundred feet of drill. Plant as soon as danger of frost is over. Plant seed 2 to 3 inches apart and about 2 1/2 inches deep.

NEW STRINGLESS GREEN POD

NEW STRINGLESS GREEN POD (Snap Bean)—A very early and prolific bean, with long, round, thick, meaty pods that are entirely free from strings. For flavor it has no equal. Unlike many snap beans, age makes little difference, for they remain tender almost up to the time they are ready to shell. Plant every two weeks up to September for a succession of crops. Postpaid, pkt. 5c, 1/2 pt. 18c, pt. 30c, qt. 54c.

IMPROVED EXTRA EARLY VALENTINE

IMPROVED EXTRA EARLY VALENTINE (Snap Bean)—A heavy cropper, very early and productive with excellent round podded beans uniform in size. Pods are curved with crease in back, fleshy and tender. A great favorite with market gardeners for an early crop. Postpaid, pkt. 5c, 1/2 pt. 16c, pt. 28c, qt. 49c.

Improved Extra Early Valentine

NEW MONARCH WAX

Our New Monarch Wax Bean is a very sturdy and vigorous grower and as near rust proof and disease resistant as it is possible for a bean to be. One of the earliest wax beans ever grown, starting to bear within 60 days after planting and continues its bearing season longer than most others. Pods are of splendid quality, fleshy, and are stringless at practically all stages of their growth. From 6 to 7 inches long by 1/2 inch through and almost round, they make a wonderfully heavy yield, and the beautiful golden yellow color sells them easily. Seed is long, oval, medium size and purplish black color. In common with other black-seeded varieties, this bean may be planted quite early in the season. Practically rust proof, owing to the habit of the plant which branches freely but is perfectly sturdy and upright, every branch carrying a head of magnificent pods. As nearly all of the pods are produced underneath the foliage, excessive heat does not affect it in the least, a very valuable feature whether grown for home, the market garden or for shipping long distances. As a canning bean New Monarch is without an equal, as the pods are long enough to fill the jar and the beautiful color is retained after cooking. Postpaid, pkt. 5c; 1/2 pt. 20c; pt. 37c; qt. 69c.

New Monarch

POLE or

CLIMBING BEANS

Scarlet Runner

A fine ornamental vine bearing large sprays of bright scarlet pea-like flowers and abundance of edible beans. Used both for shell and snap beans. Postpaid, pkt. 5c; 1/2 pt. 30c.

McCaslan New Pole

The Best Pole Bean in existence. A white seeded green pod snap or shell bean. Although only of recent introduction, the McCaslan Bean is already very popular and in many localities has displaced the older pole varieties. It is earlier and more productive than Kentucky Wonder and Golden Cluster and is fully equal to them in quality.

It is the earliest Pole Bean in cultivation. The illustration on this page is taken from a photograph of a single matured plant and shows its immense prolificness. The pods are of dark green color, 10 to 11 inches long, and fill perfectly, containing ten and more seeds. They are fine for use as snap sorts, being entirely stringless, meaty and of the finest flavor and quality. When allowed to mature the shelled beans are of pure white color, good sized and most excellent

for Winter use. The vines begin to bear pods quite early and continue to produce enormous quantities until frost.

This is the one Pole Bean for every garden north and south; it stays with you all season, furnishing delicious Beans in Summer and Fall when this vegetable is always scarce. Postpaid, pkt. 5c; 1/2 pt. 20c; pt. 36c; qt. 68c.

Famous Kentucky Wonder or Old Homestead

The Old Reliable Standard Green Pod Pole Beans. Very early and enormously productive, single vines often yielding as much as a peck; entirely stringless. Pods of a silvery green color. Postpaid, pkt. 5c; 1/2 pt. 18c; pt. 29c; qt. 54c.

Early Golden Cluster Wax

A most productive main crop variety of the Wax Podded Pole Beans. It is medium early, and of excellent quality if used either as snap or green and dried shell Beans. The vines are large, vigorous. The pods average 8 to 9 inches in length, are very attractive and much used for exhibition purposes; they are flat, straight, very broad, thick and fleshy, entirely stringless. The dry seed is medium sized, oval and pure white. A splendid variety for the home garden and for market. paid, pkt. 5c; 1/2 pt. 18c; pt. 29c; qt. 54c.

Yard Long Bean

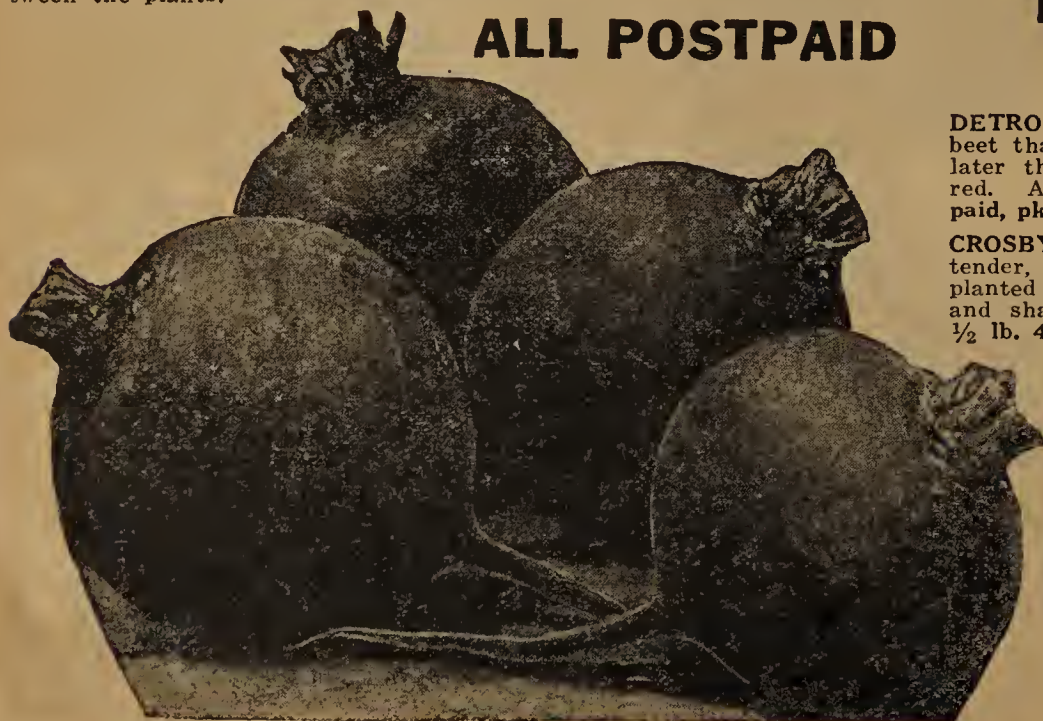

This is an excellent variety, as well as an interesting curiosity. The vines are rampant growers and produce an enormous crop of long, slender, round pods which are of excellent quality for snap beans. The round pods are from 2 to 4 feet in length, having the thickness of a lead pencil. Produce late in the summer, very productive, tender and of fine flavor. Postpaid, pkt. 5c; 1/2 pt. 58c; pt. 98c.

Lazy Wife Pole

Enormously Productive. Splendid quality. Pods wonderfully broad, thick, entirely stringless; when fully grown from 4 to 6 inches long and exceedingly rich, buttery and fine flavored when cooked. Fine for snap sorts; also as dry shell or Winter Bean. The seed is medium sized, nearly round and pure white. Postpaid, pkt. 5c; 1/2 pt. 18c; pt. 29c; qt. 54c.

CULTURE—Plant one ounce to 75 feet, a row, or 5 to 6 pounds to the acre. Rows spaced 15 to 18 inches apart and seed planted 1 inch deep. Should produce excellent roots or tubers. Seed may be soaked over night in warm water to hasten germination. When seedlings appear 2 to 3 inches above the ground, thin out to 4 inches apart between the plants.

ALL POSTPAID

Detroit Dark Red Beet

GUINEA BUTTER VINE

This vegetable grows to an enormous size, the fruit of which often weighs 15 or more pounds and measures from 3 to 5 feet long. Similar to a Squash vine and grows long. Can be trellised. It is more productive and easier to grow than squash, being free from disease and pests. Should eat the fruit when small for they are more tender and of better flavor. Cook like squash or fry like Egg Plant. Pkt. 8c; 3 for 20c; oz. 40c; postpaid.

McCaslan Pole Bean

GARDEN BEETS

Pike's "Can't Be Beat" Table Beets

DETROIT DARK RED TURNIP—An excellent, crisp, smooth, sweet beet that is very desirable for table use as well as canning. A little later than some other varieties, with medium size root. Flesh deep red. An excellent variety for home and market garden use. Postpaid, pkt. 5c, oz. 11c, 1/4 lb. 30c, 1/2 lb. 48c.

CROSBY'S EGYPTIAN—Extra early, deep red, almost black. Sweet, tender, smooth and round. A rapid growing variety that can be planted late for a crop. An excellent market garden variety. Color and shape is very uniform. Postpaid, pkt. 5c, oz. 11c, 1/4 lb. 30c, 1/2 lb. 48c.

PIKE'S CRIMSON GLOBE—Extra early, smooth skin, globe shaped, medium large beet. Color a purplish crimson. Sweet and tender. A splendid keeper. A great favorite in home and market gardens. Postpaid, pkt. 5c, oz. 12c, 1/4 lb. 32c, 1/2 lb. 52c.

EARLY BLOOD TURNIP—One of the sweetest beets grown. Extra dark red, perfect shape, quick grower, fine flavored and good keeper. Market gardeners great favorite. If you are looking for a good winter beet, plant this variety. Postpaid, pkt. 5c, oz. 8c, 1/4 lb. 25c, 1/2 lb. 38c.

HALF LONG BLOOD—A variety that is suitable for all year around use, being one of the best keepers we have. Roots are smooth and flesh is bright red. Quality excellent. Postpaid, pkt. 5c, oz. 8c, 1/4 lb. 25c, 1/2 lb. 38c.

PIKE'S BEST MIXED—Our mixture is comprised of the best table varieties. Postpaid, pkt. 5c, oz. 7c, 1/4 lb. 22c, 1/2 lb. 38c.

MANGEL WURZELS

Any land that will grow a good crop of Corn will produce a good crop of Mangels or Sugar Beets, which are surer crops than any other root.

Mangels give one-third greater increase of milk in feeding cows than does the same weight of Potatoes. Forty tons Mangels (a crop of an acre) have as much nutritive matter as 130 bu. of corn and are more digestible. Send to Secretary of Agriculture, Washington, D. C., for Special Bulletin on Mangels and Beets.

Plant five pounds of Seed per Acre

CULTURE—Sow seed in good soil during May or June in rows 20 inches to 2 feet apart. Thinning the plants 6 to 8 inches in the row and don't harvest until late frost, 5 to 6 pounds of seed will plant an acre of ground.

MAMMOTH LONG RED—This variety is a great favorite among dairymen. It produces a wonderful root that weighs from 30 to 40 pounds each and averages from 1000 to 1500 bushels to the acre. An excellent keeper. Postpaid, pkt. 5c, oz. 10c, 1/4 lb. 14c, 1/2 lb. 24c, 1 lb. 44c.

CHAMPION YELLOW GLOBE—A similar variety to the Mammoth Long Red, except the color of the skin and flesh is yellow. Postpaid, pkt. 5c, oz. 7c, 1/4 lb. 11c, 1/2 lb. 20c, 1 lb. 38c.

GOLDEN TANKARD—The great milk producing beet for the dairy farmer. Stock of all kinds thrives on this beet. It yields immense crops of from 60 to 70 tons to the acre. Excellent keeper. Flesh is a deep golden yellow and contains more sugar than most Mangels. Postpaid, pkt. 5c, oz. 7c, 1/4 lb. 11c, 1/2 lb. 20c, 1 lb. 38c.

MIXED MANGEL SEED—Choice kinds mixed. Postpaid, oz. 6c, 1/4 lb. 13c, 1/2 lb. 23c, 1 lb. 38c.

Sugar Beet

CULTURE—Sow seed in good soil during May or June in rows 20 inches to 2 feet apart. Thinning the plants 6 to 8 inches in the row and don't harvest until late frost. 5 to 6 pounds of seed will plant an acre of ground.

KLEIN'S WANZLEBEN—Probably the most widely cultivated beet grown, for sugar and stock feeding. Very rich in saccharine. Postpaid, pkt. 5c, oz. 10c, 1/4 lb. 14c, 1/2 lb. 24c, 1 lb. 44c.

LANES IMPROVED—A fine producer that is rich in saccharine. A good sugar and stock food. Postpaid, pkt. 5c, oz. 10c, 1/4 lb. 14c, 1/2 lb. 24c, 1 lb. 44c.

Swiss Chard

CULTURE—Plant one ounce to 75 feet, a row, or 5 to 6 pounds to the acre. Rows spaced 15 to 18 inches apart and seed planted 1 inch deep. Should produce excellent roots or tubers. Seed may be soaked over night in warm water to hasten germination. When seedlings appear 2 to 3 inches above the ground, thin out to 4 inches apart between the plants.

SUMMER SPINACH—The perpetual spinach beet that you can cut continually for greens. Has thick stalks and grows from 24 to 30 inches high. Very tender and sweet when cooked, with a mild flavor. Postpaid, pkt. 5c, oz. 14c, 1/4 lb. 28c, 1/2 lb. 41c.

LUCULLUS—Giant spinach-like tops which grow as soon as cut. It is sometimes called "Cut-and-come-Again" Spinach. The midrib is served like Asparagus. Postpaid, pkt. 5c, oz. 12c; 1/4 lb. 19c; 1/2 lb. 36c.

Pike's "Can't-Be-Beat" Cauliflower

CULTURE—Makes an excellent growth in rich well drained sandy soil with plenty of moisture and moderately high temperatures. Seed should be started in a hot bed or in the greenhouse and transplanted out doors as early as possible, same as early cabbage. Space plants about 3 feet apart in rows. As soon as heads start to form tie outer leaves over the top. One ounce of seed will produce about 3 thousand plants.

Henderson's Early Snowball

HENDERSON'S EARLY SNOWBALL—The earliest and best strain of cauliflower used both by market gardeners and private families. A rather dwarf variety with short outer leaves. Large, beautiful snow white heads. Vigorous grower. Postpaid, pkt. 10c, 1/2 oz. 90c, oz. \$1.40.

Extra Early Erfurt

EXTRA EARLY ERFURT—Very early small leaf variety which is suitable for forcing or open ground. Solid head, medium size, excellent quality. Postpaid, pkt. 5c, 1/2 oz. 75c, oz. \$1.25.

Danish Dry Weather

DANISH DRY WEATHER—An excellent drought resisting variety that will thrive where other varieties fail. It produces fine large solid heads. If other varieties you have tried failed, plant this for results. Postpaid, pkt. 5c, 1/2 oz. 75c, oz. \$1.25.

Leek

CULTURE—Sow in drills about an inch deep. Transplant when large enough to handle about 6 inches apart in the row.
MUSSELBURG—A large growing variety with broad leaves spreading like a fan. Postpaid, pkt. 5c, oz. 24c, 1/4 lb. 92c.
AMERICAN FLAG or LONDON—A mild flavored variety that is very popular. Postpaid, pkt. 5c, oz. 24c, 1/4 lb. 92c.

CABBAGE

CULTURE—Seed should be sown in hot beds during February and March and in the open ground during April and May. Sow late fall varieties in May. These may be planted in rows 2 feet apart with 20 inches between the plants in the rows. Cabbage produces the best heads in deep rich loamy soil, but it should be remembered that in case heads show signs of bursting, the plants should be pushed over to one side to check the growth or loosened in the ground so the plants will wilt. One ounce will produce about 25 hundred plants.

ALL SEASONS—An early Drumhead variety that produces the largest heads of a good quality cabbage. Very desirable for summer and fall use. This variety is sure to head. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

EARLY ALL-HEAD—A very solid variety that can stand a lot of dry weather. Fine keeper. Heads are very solid and uniform in size and color. This variety is good for early and late use, being a good keeper. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 45c, ½ lb. 85c.

CHARLESTON WAKEFIELD—A very fine quality cabbage with solid heads and a little later than Jersey Wakefield. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 45c, ½ lb. 85c.

HENDERSON'S EARLY SUMMER—Earliest of the flat-headed variety, very large and averaging about 6 pounds. A little later than Charleston Wakefield. One of the best for home and market garden purposes. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 45c, ½ lb. 85c.

LATE AMERICAN DRUMHEAD—A variety that always heads well and is a good keeper. It makes a large, round, firm head that seldom bursts or rots. It is a standard sort for winter and has a ready sale in the spring. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 45c, ½ lb. 85c.

DANISH WINTER BALL-HEAD—A long stem strain that is extra heavy. Good keeper. Late. Will produce a good crop in 120 days from seed. Sure to head. This variety always has a ready market in the spring owing to its wonderful keeping qualities. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 53c, ½ lb. 95c.

EARLY FLAT DUTCH—A standard cabbage and sure header. Produces large heads of excellent quality. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

MAMMOTH ROCK RED—A sure header and good keeper. As large as the Flat Dutch with heads that average 10 pounds each and the flavor is the best. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 65c, ½ lb. \$1.20.

Late Flat Dutch Cabbage

Copenhagen Market Cabbage

COPENHAGEN MARKET (75 days)—Very similar to the Danish Ball-Head in shape, but an early variety with large round heads that average 10 pounds to the head. Quality is exceptionally fine. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

LATE FLAT DUTCH—A sure header. It is one variety that is hard to surpass. Even during the most unfavorable weather this will produce good size heads. This variety is considered an excellent money maker, for it is dependable under almost any conditions. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

SUREHEAD—Same type as "Flat Dutch," being flat on top, extra hard and sweet. One of the finest keepers and an excellent shipper. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

HOLLANDER or DUTCH WINTER—One of the best "late spring" sellers grown. Has an excellent quality and finds a ready market. Heads are medium in size and average about 8 pounds each. Very solid. Good keeper. Postpaid, pkt. 5c, oz. 16c, ¼ lb. 40c, ½ lb. 70c.

CHINESE or CELERY CABBAGE (PeTsai)—A new vegetable that is fast becoming popular. Every garden should have it. It has a very delicate leaf that is very tender. Served like lettuce or cold slaw. When cooked tastes more like Cauliflower. Always plant late for best results. Sow seed in drills and thin out. Postpaid, pkt. 5c, oz. 24c.

POULTRY CABBAGE

Poultry Cabbage is a wonderful green feed for poultry and has been known to yield 3 tons in a space 40x60 feet. One-half pound of seed will grow enough greens to feed about 1,000 hens for 4 months; 3 pounds to an acre for 6,000 hens for 4 months. Poultry Cabbage is a rapid grower. In the Northern States the seed can be sown any time from early spring until the middle of July. In some parts of the South the seed may be sown throughout the entire year, or from July to September for main crop. Sow in rows 24 inches apart, allowing about 2 inches between the seed. Commence feeding when plants are about 4 inches high, pulling out and feeding alternate plants. Continue thinning until plants are about one foot apart. These should make heads of 5 to 7 pounds in 60 days and may be fed immediately or allowed to stay in the ground until cold weather. These heads may be fed whole as they are very tender and 100 per cent edible. Chopping is not required even for young chickens. Poultry Cabbage will not discolor the yolks of eggs when fed to laying hens. Pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00, postpaid.

Late American Drumhead Cabbage

Extra Early Jersey Wakefield Cabbage

EXTRA EARLY JERSEY WAKEFIELD—One of the very best early cabbages in cultivation. Has a cone shaped head that is very large. Recognized for its sure heading qualities. Postpaid, Pkt. 5c, oz. 18c, ¼ lb. 45c, ½ lb. 85c.

ENDIVE or WINTER LETTUCE

CULTURE—Seed is mostly sown in June and July for fall use and thinned out to 8 inches in the rows. When 8 inches high, tie the tops together for blanching.

GREEN CURLED SUMMER—A large growing variety with a large white heart and a broad stem.

The leaves are so beautifully fringed that they are often used for decorating purposes. Postpaid, pkt. 5c, oz. 11c, ¼ lb. 28c, ½ lb. 48c.

GREEN CURLED WINTER—A very similar variety to the summer, but a good winter keeper. Postpaid, pkt. 5c, oz. 9c, ¼ lb. 26c, ½ lb. 45c.

MIXED CABBAGE

MIXED CABBAGE—Some of our customers prefer to plant mixed seed and cut the early heads, leaving the late cabbage for fall and winter in their patch. Postpaid, pkt. 5c; oz. 12c; ¼ lb. 30c; ½ lb. 48c.

Savoy Cabbage

IMPROVED AMERICAN—This is a crimped leaved cabbage that is more tender than the smooth-leaved varieties. Frost improves this cabbage so the plants should be transplanted late. In localities where Cauliflower does not do well, this is an excellent substitute. Postpaid, pkt. 5c, oz. 18c, ¼ lb. 48c, ½ lb. 89c.

"It is hard to realize one can secure such wonderful bargains such as you offer. Have planted your seeds for over five years and never had a failure due to poor seed." Chas. A. Robinson, Los Angeles, California.

CARROTS

CULTURE—One ounce will sow one hundred feet of drill. Sow seed early in March or April one inch deep in rows 14 inches apart. Sow main crop in May or beginning of June. Pack soil firmly on seed after planting.

New Early Coreless

Rich Solid Flesh of Finest Quality—The Roots Are Very Uniform in Shape, Size and Color. An early variety of superior flavor and without any core, highly recommended for market and home use as it is the best Carrot for general crop; it is of a rich orange color, a very heavy yielder and splendid keeper. The roots grow about 8 inches long, taper uniformly to a blunt point. The flesh is deep orange red, tender and of good quality. It is a first class Carrot for all kinds of soil, valuable for both table use and stock. Grown extensively by market gardeners for bunching and makes a handsome appearance on the market. We have an extra fine strain of this favorite sort which gives the greatest satisfaction to our customers. Postpaid, pkt. 5c; oz. 15c; ¼ lb. 58c; ½ lb. 98c; 1 lb. \$1.70.

Select Danvers

Adapted to all soils and enormously productive, yielding more than any other table Carrot, and often more than the large field Carrots, and is much easier harvested than these. The flesh is very tender and sweet; it is a valuable Carrot for both table use and for stock. We have an extra fine strain of this favorite sort which is of very fine bright color, and exceptionally uniform in shape, size and color. Postpaid, pkt. 5c; oz. 14c; ¼ lb. 40c; ½ lb. 76c; 1 lb. \$1.40.

New Early Chantenay or Model

A most excellent, medium early, half long variety. The tops are medium sized with small neck. The mature roots are thick, 5½ to 6 inches in length, uniformly half long or stump rooted but tapering slightly, smooth, deep orange-red in color. The flesh is very crisp and tender. Postpaid, pkt. 5c; oz. 14c; ¼ lb. 40c; ½ lb. 76c; 1 lb. \$1.40.

Ox Heart or Guerande

Tops small for the size of the roots, which are comparatively short, about 5 inches long, but thick and often weigh a pound apiece; they terminate abruptly in a small tap root. Flesh bright orange, fine grained and sweet. When young, excellent for table use, and when matured, equally good for stock. Postpaid, pkt. 5c; oz. 12c; ¼ lb. 36c; ½ lb. 60c; 1 lb. \$1.15.

Half Long Danvers

Half long in shape, almost cylindrical, somewhat stump rooted, and of rich, dark orange color. We claim that it will yield greater bulk and weight for a given length of root than any other Carrot now grown. Over 40 tons per acre of fine Danvers have been grown, and a yield of 25 to 30 tons per acre is not uncommon. Matures its crop of beautifully shaped roots in 70 days. Postpaid, pkt. 5c; oz. 14c; ¼ lb. 40c; ½ lb. 76c; 1 lb. \$1.40.

Danvers Half Long Carrot

EARLY SHORT SCARLET—This variety is suitable for both the frame and open ground. Has a root about 2 inches long. A reddish-orange color and a fine flavor. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 28c; ½ lb. 48c; 1 lb. 85c.

IMPROVED LONG ORANGE—The leading variety for stock feeding. It is a deep orange color and when small are excellent for table use. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 28c; ½ lb. 48c; 1 lb. 85c.

NANTES HALF LONG—A fine scarlet that is extra sweet. Roots are very smooth and about 6 inches long. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 45c; 1 lb. 80c.

LONG ORANGE BELGIAN—A stock carrot that is valued very highly by Milk Producers. Mammoth in size with about a third growing above the ground. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 45c; 1 lb. 80c.

PIKE'S MIXED TABLE CARROTS—This mixture is comprised of the best sorts for table use. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 45c; 1 lb. 80c.

New Early Coreless

CULTURE—One ounce will produce about 3 thousands plants. Seed should be sown in a cold frame in drills 8 to 10 inches apart as early as possible in the spring. Cover seed very lightly. After fourth leaf forms, transplant or thin seedlings to 4 inches apart in rows. Early in June transplant to open 8 inches apart each in beds about 6 feet wide. To blanch place boards 12 inches high around the bed, foliage will bleach plants in bed. When protected against freezing and moisture celery may be wintered over in beds outside.

POSTPAID**

Pike's "Can't-Be-Beat" CELERY Golden Yellow Self-Blanching

Grown from Originator's French Grown Seed; Delicious Quality; Dwarf; Large Bunches; Broad, Heavy Stalks; Rich Golden Yellow Color.

This is the strain used by gardeners and extensive growers in every large Celery district in the United States. No other strain of seed gives such universal satisfaction and is without question the most popular and dependable early strain of Celery grown. The plants are medium sized, stalky, and the stalks crisp, solid, heavy and of a yellowish-green color when young, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early sort. Postpaid, pkt. 5c; oz. 24c; ¼ lb. \$1.75; ½ lb. \$2.75.

New Easy Blanching

The Easiest Blanching and Longest Keeping Celery Ever Grown

A most valuable Celery of recent introduction. An entirely new and distinct variety, and the only easily blanched green or long-keeping sort known. The plants are of strong and stocky growth with green foliage, showing a slight tinge of yellow in the inner leaves. The stalks are very large, heavy, thick and solid with shallow ribs and with extra large and firm hearts. Easy Blanching is of most attractive appearance, largely on account of its large, finely colored heart, and the quality is superb, tender and brittle, with an excellent nutlike aromatic flavor. Postpaid, pkt. 5c; oz. 30c; ¼ lb. 98c; ½ lb. \$1.75.

Giant Pascal

The Largest Ribbed Celery

This is a green-leaved variety developed from the Golden Yellow Self-Blanching, and we recommend it as being of the best quality for fall and early winter use. It blanches to a beautiful yellowish white color; is very solid and crisp and of a fine nutty flavor. Postpaid, pkt. 5c; oz. 24c; ¼ lb. 68c; ½ lb. \$1.19.

GOLDEN PLUME OR WONDERFUL—An outstanding new variety of Celery. The plants are of strong growth and produce thick and heavy stalks with a well-blanching solid heart. It is considered by many gardeners the best early Celery. Early and quite resistant to blight and rot. A very desirable variety, with good storing qualities; crisp and of excellent nutty flavor. Postpaid, pkt. 5c; oz. 24c; ¼ lb. 98c; ½ lb. \$1.75.

WINTER QUEEN—This very desirable variety is considered the most attractive in color and the best in quality of any of the late-keeping sorts. The plant is dwarf. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 65c; ½ lb. \$1.20.

CELERIAC (Turnip Rooted Celery)—This variety is grown for its bulbous root. The roots are turnip shaped and the stalk is harder than other celeries. Postpaid, pkt. 5c; oz. 24c; ¼ lb. 68c; ½ lb. \$1.05.

SOUP CELERY OR SMALLAGE—Has a celery leaf. Used mostly for soups. Postpaid, pkt. 5c; oz. 24c; ¼ lb. 65c; ½ lb. \$1.05.

New Easy
Blanching

Golden Self-Blanching

"Received my seed order and thanks for the extras." (signed) Mrs. E. Wright, Orlando, Fla.

Pike's

New Golden Sunshine

SWEET CORN

EARLY GOLDEN BANTAM

A very early Sweet Corn, can be planted earlier than most other sweet corn. It grows 3 1/2 to 4 feet high, produces two or more ears to the stalk; the ears, which are 6 to 7 inches long and covered with eight rows of golden yellow grain, are very tender and of exceptionally rich and delicious flavor. Golden Bantam has a distinct taste and many people prefer it to all other varieties. Postpaid, Pkt. 5c; 1/2 pint 30c; pint 58c; quart \$1.12.

BLACK SUGAR

Delicious Sweetness. Cooks Clear White

This corn, when very young, cooks remarkably white, but the ripe grain is bluish black. For home use we consider it the best second early sort where tenderness and sweetness are the qualities most desired. It does specially well as a second early variety in the South. The stalks are about 6 1/2 feet high. The ears are about 8 inches long and are usually eight rowed. Postpaid, Pkt. 5c; 1/2 pint 30c; pint 58c; quart \$1.12.

NEW GOLDEN GIANT

Extremely Early and Sweet. The Best of the Golden Grained Sweet Corns. The sweetest, most tender and juicy of all Sweet Corns. The stalks grow 4 1/2 to 6 feet high, producing in 62 days two to three good ears 7 to 9 inches long with 12 to 20 rows of long, deep kernels of deep orange color. The husk is very heavy, affording the end protection from worm and bird. It excels all other varieties in size, productiveness and quality. It is an excellent yellow grained corn for the home or market garden. Postpaid, Pkt. 5c; 1/2 pint 35c; pint 68c; quart \$1.22.

NEW HONEY SWEET

With the possible exception of New Golden Sunshine, New Honey Sweet is the sweetest flavored corn grown. Of beautiful pearly white color, and only a week or two later than the Extra Earlies, this meets with ready sale wherever offered. Ears 12 rowed, medium size. Grains deep and cob small. Quality excellent, and stays fit for the table longer than many sorts. Postpaid, Pkt. 5c; 1/2 pint 30c; pint 58c; quart \$1.12.

Free Gifts

For Boys & Girls

See index page 72. Children enjoy these novelties and they cost you nothing.

Early Golden Bantam

COLLARDS

GEORGIA—We offer the true white or green stemmed sort so popular in the South. Forms a large, loose, open head, on tall stems. Freezing does not injure but rather improves their quality. Pkt. 5c; oz. 10c; 2 oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 65c, postpaid.

CULTURE—One pint will plant around 200 feet of drill or two to 3 hundred hills. Plant every three weeks for a succession of crops beginning in April and following through to July. Hills 3 feet apart each way and about 5 kernels in a hill. Cover about 1/2 inch and thin out to 3 stalks.

NEW GOLDEN SUNSHINE

The 12 Rowed Golden Bantam. Early—Sweet—Prolific Good Size

This new Sweet Corn is a wonderful improvement over the popular Golden Bantam, as it is larger, sweeter, has 12 rows instead of 8 and is from 10 days to two weeks earlier. If you desire one of the finest Sweet Corns you ever tasted, try this. Postpaid, pkt. 5c; 1/2 pint 35c; pint 68c; quart \$1.22.

BEST OF ALL

The Largest Eared Sugar Corn. Early, Prolific, Sweet, Tender, Large, Handsome

"Best of All" is of exceptionally stocky growth and an abundant and satisfactory yield; ears of large size; kernels very broad and especially sweet, rich, white and tender. Not only is it valuable for family use, but for early market and shipping purposes it is also in the lead. Postpaid, Pkt. 5c; 1/2 pint 30c; pint 58c; quart \$1.12.

STOWELL'S EVERGREEN

The best known and most largely planted of all the late varieties. This corn is distinguished by the large ear, the long, deep kernels, its rich, sugary flavor and its long keeping qualities. Our seed has been selected for its sweetness, productiveness and large size. No better can be obtained. It is Northern grown. Postpaid, Pkt. 5c; 1/2 pint 35c; pint 68c; quart \$1.22.

COUNTRY GENTLEMAN

This variety is often called the "Shoe Peg" Corn, owing to the arrangement of the crowded kernels, which are long and very sweet. Considered by many the best of the late varieties, as it remains tender and fit for use longer than most sorts, as the ear is enclosed in a thick husk, which keeps it "in the milk." Slender, very deep, white, very tender and lusciously sweet. Postpaid, pkt. 5c; 1/2 pint 35c; pint 68c; quart \$1.22.

NITRAGIN INOCULATION—Use nitragin on your peas, sweet peas, and beans of all kinds including limas. It makes them more vigorous and thrifty and gives higher yields. Garden size can, postpaid, 25c.

EVERBEARING

If You Want Delicious Corn on Your Table the Fourth of July Plant This Extremely Hardy, Early Maturing, Large Eared Sort

We have produced in this early corn a variety which stands alone as a money maker. It is in the same class as the Earliest of All Sugar Corns, considerably larger and, best of all, contains a sweetness equal to most true sugar varieties. It adapts itself to any kind of soil, either sand or heavy clay.

It is as large as Stowell's Evergreen. The fodder grows 6 feet high; no small item to a gardener; and, as a proof of its quality and sweetness, we have a continuous call for "Everbearing" from our customers year after year. The ears are of good size and covered with kernels clear to the end of the cob. Postpaid, Pkt. 5c; 1/2 pint 35c; pint 68c; quart \$1.22.

POP CORN Varieties That Pop

NEW TOM THUMB—This corn has very small ears and kernels, but pops large. An excellent variety and good yielder. Postpaid, pkt. 5c; 1/2 pt. 18c; pt. 34c.

NEW BLACK BEAUTY POP CORN—Although the kernels are black, this color does not seem to show at all when popped, being then a pearly white. Ears about 6 inches long, twelve-rowed; kernels smooth, shallow, nearly square. Postpaid, pkt. 5c; 1/2 pt. 18c; pint, 34c.

SOUTH AMERICAN MUSHROOM—When

popped, the kernels are over an inch in diameter. The largest ever grown. Pops creamy yellow. This is a real sensation. Postpaid, pkt. 5c; 1/2 pint 18c; pint 34c.

QUEEN'S GOLDEN—Pops perfectly white, and a single kernel will expand to a diameter of nearly one inch. Postpaid, pkt. 5c; 1/2 pint 18c; pint 34c.

SNOWBALL OR SILVERBALL—The finest white variety in existence, belonging to the rice family. Beautiful shape; the best popper. Pkt. 5c; 1/2 pint 20c; pint 36c.

CUCUMBERS Slicing—Pickling

New Ivory King

The Only Pure White Cucumber—During the whole period of growth, from the time they first set until full grown, the form is exceptionally straight and symmetrical, making

them as choice for a slicing variety as for pickles. The flesh is firm, very crisp and tender at all stages. Fruit large with clear white skin, tender and excellent in flavor. Splendid for home garden. Postpaid, pkt. 5c; oz. 22c; 1/4 lb. 68c; 1/2 lb. \$1.23; 1 lb. \$2.33.

New Extra Early Long Green

New Extra Early Long Green

This cucumber is very productive, bearing large fruits that are very fine for slicing. Fruits grow from 12 to 15 inches long, quite slender and pointed and both ends are covered with warts and spines. It remains dark green until ripe. Young fruits make wonderful pickles. Ripe fruits make excellent pickles. Postpaid, pkt. 5c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 98c; 1 lb. \$1.76.

New Everbearing Cucumber

Beautiful Fruits All Through the Season—Our Everbearing Cucumber is not only extremely prolific, but will continue in bearing throughout the season. The fruits are of medium size and rich, dark green color, average from 4 to 5 inches in length. The merit of this variety is in the fact that the vines produce fruit continuously, until killed by frosts. They exhibit at the same time Cucumbers in every stage of growth, but invariably of perfect form, even when quite small. The fruit is of fine green color and very desirable for pickling. Postpaid, pkt. 5c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 98c; 1 lb. \$1.76.

Monarch White Spine

The Most Profitable Cucumber for Truckers' Cultivation. Extremely Early. A True Green Color. The Greatest Yielder. The Best for Shipping, the Ideal for the Home Garden—An extra early White Spine Cucumber, growing usually from 8 to 10 inches in length. They are nearly cylindrical in form, slightly pointed at the ends; very smooth, straight and of intensely rich dark green color; are very uniform in shape, size, color, always retaining their beautiful color until fully ripe, and presenting the finest appearance on the market. The flesh is white, fine grained, solid and of excellent flavor. The vines are robust, free of disease, setting on fruit quite early and bearing continuously until frost. Postpaid, pkt. 5c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 98c; 1 lb. \$1.76.

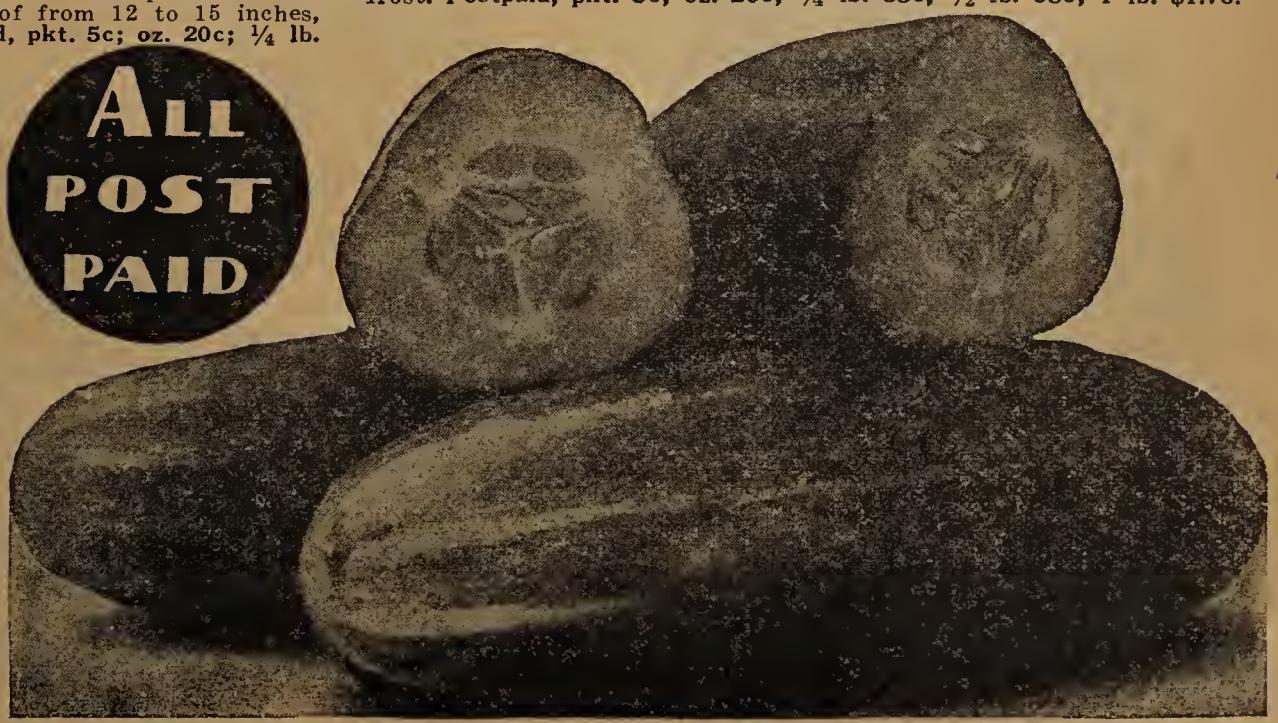

PIKE'S PERFECT—An all around cucumber for most any purpose. It has a dark glossy green color that is very tender and crisp. The fruits grow very long and slim, attaining a length of from 12 to 15 inches, making it an easy variety to market. Postpaid, pkt. 5c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 98c; 1 lb. \$1.76.

SERPENT OR SNAKE CUCUMBER—This curious Cucumber resembles a green snake. The long, slim fruits coil into most realistic serpent-like shapes. They are usually 2 to 4 feet in length, sometimes attaining a length of 6 feet. Pkt. 10c; 3 pkts., 25c; oz. 45c, postpaid.

IMPROVED JERSEY PICKLE—Probably the most dependable yielder grown. It seems to have all the good qualities that a pickling cucumber should have and is the great favorite among Market Gardeners. A great yielder. Postpaid, pkt. 5c; oz. 24c; 1/4 lb. 75c; 1/2 lb. \$1.48; 1 lb. \$2.80.

MIXED CUCUMBERS—If a wide variety of named Cucumbers mixed up is desired, this will meet with the requirements of many home garden planters. This mixture embraces nearly all of our named kinds and several others not listed. Packet 4c; oz. 18c; 1/4 lb. 54c; 1/2 lb. 98c; 1 lb. \$1.90, postpaid.

Monarch White Spine

ALL POSTPAID

"The Seeds and Plants arrived in first class condition. They are all planted and look fine." (signed) Mary T. Wallace, Canoga, Calif.

DANDELION

CULTURE—Sow seed in drills so that plants can be thinned out 10 to 12 inches apart in the rows. Blanch as you would celery.

BROAD LEAVED—An improved variety. Leaves about double the size of the common kinds. Postpaid, pkt. 5c, oz. 18c.

CRESS

OR PEPPER GRASS

CULTURE—Sow in open ground in drills. Sow often for succession.

CURLED GARDEN—Fine crisp leaves for garnishing. Postpaid, pkt. 5c, oz. 14c.

CHERVIL

CULTURE—Sow and cultivate like parsley.

DOUBLE CURLED—Similar to Parsley but finer than parsley, with a fragrance. Postpaid, pkt. 5c, oz. 17c.

EGG PLANT

CULTURE— Sow the seed in hot beds or in the house under glass in early spring and when up 2 or 3 inches transplant in the open ground. Never plant seed in the open ground unless weather conditions are very favorable.

NEW YORK IMPROVED—This variety is well known for its

Black Beauty Egg Plant

great productiveness, bearing from 6 to 8 fruits on one plant. Has a fine flavor. Very early. Postpaid, pkt. 5c; oz. 25c; ¼ lb. 80c.

BLACK BEAUTY—This variety has a rich purplish-black skin, making it very attractive. The fruits are large and solid and the quality as good as could be desired. Postpaid, pkt. 5c; oz. 23c; ¼ lb. 70c.

LETTUCE

Ice Drumhead—The Longest Keeping Head Lettuce

EXTRA EARLY MAY KING

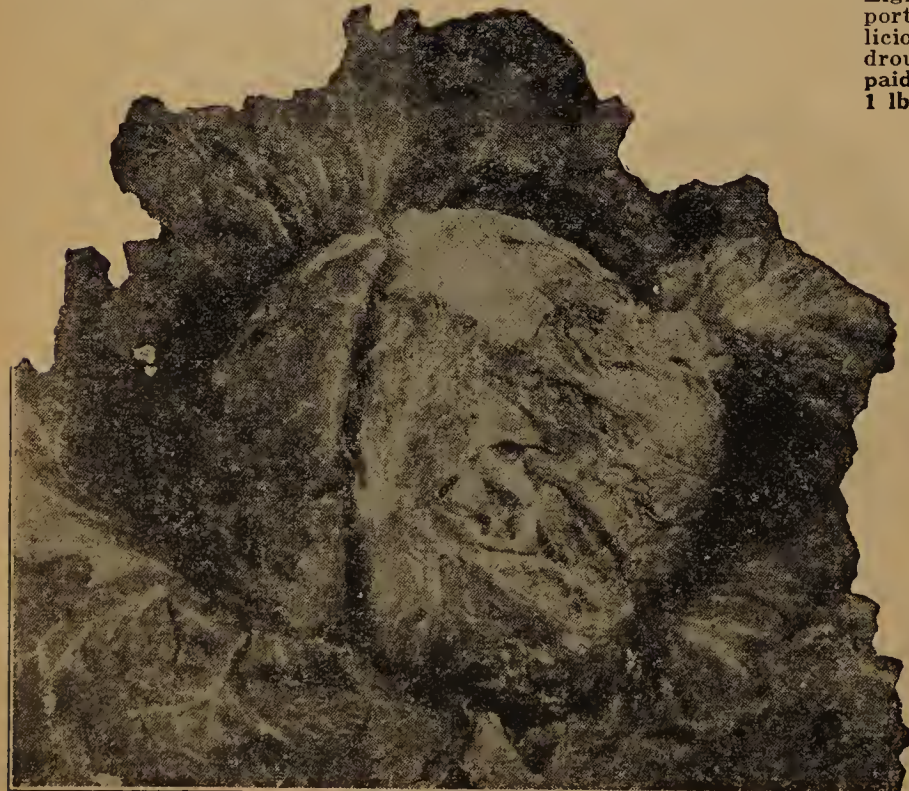

The Earliest Head Lettuce Grown.

An ideal lettuce for planting in the open ground in spring as well as in fall, and also splendid for forcing. Extremely hardy and very quick growing. Plants grow from 7 to 8 inches in diameter with outer leaves so closely folded that the plant is practically all head. Outer leaves are light green, slightly tinged with yellow, of a specially fine rich, buttery flavor. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

WONDERFUL OR NEW YORK MARKET

The Big Money Maker. The Standard Summer Main Crop, Hot Weather Head Lettuce

A grand Head Lettuce sometimes called Los Angeles, furnishes fine, crisp lettuce during the hot summer months. This is one of the largest varieties grown, producing heads more than 15 inches in diameter and weighing more than 2 pounds each. The outer color is rich dark green, but the heart blanches beautifully and is crisp, tender and delicious. Postpaid, pkt. 5c; oz. 15c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.48.

Wonderful or New York Market Lettuce

Grand Rapids Forcing

Unusually Rapid Grower, Indoors or Outside. Leaves Grow in Loose Clusters and Are Finely Crimped.

New variety of superior quality and beautiful appearance; a strong grower, free from rot; one of the best for forcing; keeps crisp and tender without wilting when exposed for sale, longer than most other forcing lettuce. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

Improved All Seasons or Deacon

Solids Heads; Crisp and Tender and of Fine Buttery Flavor.

This magnificent butter lettuce is unsurpassed for family garden or market use. Light green outside, while the inner blanched portion is a beautiful cream yellow, of delicious rich, buttery flavor. More heat and drought resistant than most varieties. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

Extra Early May King Lettuce

ICE DRUMHEAD

A Sure Header, Slow to Run to Seed, Unaffected by Hot Weather. Crisp, Tender and Delicious. Absolutely Free From Bitterness. The Pure White Head Is of a Good Size, and the Quality Cannot Be Equaled by Any Other Variety.

We have an improved strain of Ice Drumhead this year, which is superior to what we have been sending you in the past. The seed of our improved strain is black instead of white. It grows rapidly; heads very early; the heads are as large as Summer Cabbage and as solid. The leaves are thick, broad, light green outside, changing toward the center from a golden yellow to a creamy white. The heads are as palatable as beautiful; very tender; never bitter; of deliciously sweet buttery flavor. Ice Drumhead is a sure header and an all header. It stands hot weather better than any other variety of its class. Can be used when quite young and until it runs to seed. Postpaid, pkt. 5c; oz. 15c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.48.

LETTUCE—Continued

Big
Boston
—The Old
Reliable

California Cream Butter

Globular Shaped Solid Heads Which Are Firm. Dark green, round thick leaves forming a very solid round head which stands a long time without running to seed. Outer leaves spotted brown, inner ones blanched to a rich yellow. Exceedingly rich and buttery in flavor. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

Mammoth Big Boston

Big, Compact, Tender, Creamy White Heads. A very popular variety for Market Gardeners. It heads well in the open ground during cool weather in Spring and Fall and is grown very extensively in the South for shipping North during the Winter. It is also a fine forcing variety for cold-frames during the Winter months. Very hardy, sure to head and produces solid heads of large size, often 10 to 12 inches across, which are slow to go to seed. The leaves are thin, hard and crisp, comparatively smooth but wavy at the edges and are of bright light green color, slightly tinged with reddish brown. The inner head blanches to an attractive greenish-white. The quality is excellent. Postpaid, Pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

Early Prize Head

Crisp Tender. Bright Green Leaves Edged with Brown. This old standard sort still stands at the head of the thin-leaved clustering sorts for the home garden. Exceedingly tender, crisp and sweet. There is more Prize Head Lettuce grown in this country than any other variety. Leaves light brown, varying to bright green. Postpaid, pkt. 5c; oz. 15c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.48.

New Creamy Heart

("See illustration below")

The Improved California Cream Butter. Rich, Buttery Flavor, Solid Heart. This excellent variety of Lettuce is in favor with both private and market gardeners. It is a very reliable, hard-heading variety of Cabbage Lettuce and will give satisfaction wherever grown. It rarely fails to make a large, solid head and is adapted for both spring and summer use. It withstands heat and forms large heads, leaves closely set, with solid heart, even before it is fully grown. The leaves are broad, very thick and crumpled. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 23c; ½ lb. 43c; 1 lb. 78c.

New Creamy Heart

BROWN DUTCH BUTTER—A fine large heading variety of excellent quality and a buttery flavor. It seldom fails to make a large solid head. It will withstand heat. Leaves are broad and thick and quite wrinkled. Postpaid, pkt. 5c, oz. 9c, ¼ lb. 21c, ½ lb. 38c, 1 lb. 70c.

BLACK SEEDED SIMPSON—A fine cutting variety of unusual merit. Grows very compact on the order of head lettuce, but does not head. Leaves are light green in color. Postpaid, pkt. 5c, oz. 11c, ¼ lb. 23c, ½ lb. 43c, 1 lb. 78c.

EARLY CURLED SIMPSON (Silesia)—An early maturing variety that is good for forcing in hot beds, forming a compact mass of leaves. Leaves are light green with curled edges and are very tender. This variety will withstand drouth. Postpaid, pkt. 5c, oz. 11c, ¼ lb. 23c, ½ lb. 78c.

Chicken or Rabbit Lettuce

The finest green feed for chickens or rabbits. In this new variety you will find a feed which yields as much or more than other green feeds. It is economical to grow, for when cut it resumes its growth rapidly and can be cut again and again; or the leaves can be pulled off each stem. The yield is extremely heavy. Chicken or Rabbit Lettuce is too coarse for the table. Grows 3 to 4 feet high and just loaded with large leaves. Pkt., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.25, postpaid.

MUSHROOMS Sure-Crop Mushroom Spawn

One pound will spawn about 10 feet square. Mushroom beds may be made in a warm, dry cellar, or in any building where the frost does not penetrate, and in the open air during the summer and fall months. Having procured the spawn, the next thing to be attended to is to make preparations for the beds. About a fortnight or three weeks before the beds are to be made collect a quantity of fresh horse manure without the straw; place it in a heap under cover, and as it heats keep turning it over once or twice a week, until the fiery heat has become exhausted, which will require from ten to fourteen days' time. When the manure is in a condition to be made up, lay out your bed according to your requirements, say three feet wide, ten feet long, and from two to three feet deep; beat it well down with the back of the spade as the process of building goes on. When the bed has been made some time, say a week or thereabouts, and the heat sufficiently declined to a temperature of 65 or 75 degrees, the spawn may be put into it. Break the spawn in pieces two inches square, and put them six inches apart all over the bed, then cover the bed with two inches of rich soil. When the soil looks dry, give a gentle watering with tepid water, using a hose or watering-can. Best AMERICAN GROWN SPAWN. Brick, 35c; 3 bricks \$1.00; 5 bricks \$1.50; 10 bricks, \$2.75, postpaid.

page 1.

Mushrooms Growing on Single Shelf

Asparagus Celery or Ivory White Sea Kale

One Ounce Will Produce About 200 Plants. Asparagus Celery or Ivory White Sea Kale is a delicious perennial vegetable which is cultivated somewhat like Asparagus, and is very easily grown. It is ready for use earlier in the spring than Asparagus, and combines the flavor of Asparagus with that of Celery. Its blanched stalks are cooked like Asparagus and the leaves are used as greens. Pkt. 10c; 3 pkts. 25c; oz. 48c, postpaid.

Corn Salad

A most refreshing salad, especially for Winter use; can also be cooked and used like spinach. Plant is of quick growth and hardy. For Spring crop sow seed ½ inch deep in rows 1 foot apart and thin to 6 inches in row. For extra early crop, sow seed in September and cover with straw or leaves in Northern States. For Fall use a sowing should be made in July or August. One ounce will plant a row 50 feet long. Pkt. 5c; ounce 10c; ¼ lb. 30c, postpaid.

CULTURE—Sow seed in hills about 4 feet apart. Plant a third more seed than necessary and pull out the weakest ones.

MUSKMELONS

ALL POSTPAID

New Strawberry

Delicious Quality; Rich and Spicy, with the True Strawberry Flavor. 70 days. Flavor like that of a strawberry, hence the name. It grows to be a desirable market size; the fruits weigh from 5 to 7 pounds each. Its outside appearance compares favorably with the green nutmeg of old, turning to a yellowish hue, as it were, over night, when fully ripened. Its smooth, deep flesh is of an attractive pinkish-rose color, particularly soft and melting, and with that exceptionally delicious strawberry flavor leaves nothing more to be desired in a muskmelon. Pkt. 5c; oz. 12c; ¼ lb. 35c; ½ lb. 58c; 1 lb. \$1.14; 2 lbs. \$2.24; 5 lbs. \$5.48, prepaid.

New Strawberry

NEW HONEY BOY

(120 days) The Most Popular Melon We Have Ever Grown. This is the earliest strain of all Rocky Ford Melons. It always brings the highest prices in the market. Exceedingly early—very prolific—everbearing—yielding heavy crops from early Summer until Fall. The fruit is oval, trifle elongated—solid netting—ideal shipper. Flesh is light green very thick meat, sweet and delicious flavor. These Melons weigh on an average about 1½ lbs. each. They grow very uniform and a large percentage of them are of standard size, forty-five of them filling a crate 12x12x24 inches. You can't go wrong on Honey Boy. Pkt. 5c; oz. 11c; ¼ lb. 29c; ½ lb. 56c; 1 lb. \$1.08; 2 lbs. \$2.10; 5 lbs. \$5.15, prepaid.

NEW PROLIFIC NUTMEG

This is a very early Melon of great productiveness. Particularly adapted for home garden, but also grown for market. Fruit of medium size, slightly ribbed, globular. Skin dark green, becoming yellow when over ripe and nearly covered with broad, shallow netting; flesh thick, sweet and of a light green color. Pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 42c; 1 lb. 80c; 2 lbs. \$1.56; 5 lbs. \$3.85, prepaid.

NEW BANANA MELON

This most curious and most exquisitely flavored Melon grows to a length of 18 to 30 inches and is 2 to 4 inches in diameter. The flesh is yellow and quite deep. In appearance and odor it greatly resembles a banana. Seed always scarce. Order early. Pkt. 5c; oz. 10c; ¼ lb. 28c; ½ lb. 49c; 1 lb. 92c; 2 lbs. \$1.80; 5 lbs. \$4.25, prepaid.

OSAGE or MILLER'S CREAM

(98 Days) Salmon Flesh. Medium to large sized, oval, slightly ribbed, dark green in color, covered more or less with shallow netting. The flesh is deep salmon color and very thick. The flavor is one of the finest, rich and sugary. Pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 42c; 1 lb. 80c; 2 lbs. \$1.56; 5 lbs. \$3.85, prepaid.

FAMOUS ROCKY FORD

92 days. This is the most popular of all Melons for shipping in baskets. The skin is green and is covered with a closely interwoven silver-colored netting. Blossom end is well protected by a small button, preventing cracking. Flesh is bright green, only the portion surrounding the seed cavity is slightly tinged with yellow. It is sweet, luscious and melting and may be eaten close to the rind. The melons are very solid, firm and thick meat; small seed cavity. Pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 42c; 1 lb. 80c; 2 lbs. \$1.56; 5 lbs. \$3.85, prepaid.

New Honey Boy

NEW GOLD ROCKY FORD

The Biggest Cropper of All Rocky Ford Melons. Better Than the Well Known 10-25 70 days.—A selection from Famous Rocky Ford, with a golden lining around the seed cavity. Gold Lined Rocky Ford is covered with heavy gray netting over the entire surface, grows very uniform, and is more disease-resistant than any other variety; under unfavorable conditions when other strains rust badly, the plants of this variety remain green and thrifty and will produce blossoms and fruit for a long time. The flesh is quite firm but a very small seed cavity. Pkt. 5c; oz. 10c; ¼ lb. 28c; ½ lb. 49c; 1 lb. 92c; 2 lbs. \$1.80; 5 lbs. \$4.25, prepaid.

TIP TOP

This wonderfully fine melon should be planted by all melon growers. It always pleases. The testimony of all who use Tip Top is that every melon produced, whether big or little, early or late, is a good one; sweet, juicy, finest flavor, firm-fleshed, and eatable to the outside coating. Its appearance on the market is very attractive—sells on sight. The fruits are of large size, nearly round, evenly ribbed and modernly netted. Flesh rich deep salmon, sweet and spicy. Ripe fruits in 90 days. Pkt. 5c; oz. 10c; ¼ lb. 28c; ½ lb. 49c; 1 lb. 92c; 2 lbs. \$1.80; 5 lbs. \$4.25, prepaid.

New Gold Rocky Ford

BENDER'S SURPRISE

(85 days) Large Size, Deliciously Sweet and Spicy. Heavy Cropper. An oval shaped, light green Melon well covered with heavy netting. When ripe, the fruit turns to a golden tint, making a very attractive melon. The flesh is unusually spicy and very sweet. Color deep orange. Good clear to the rind. Keeps well at all times. A large melon of 10 pounds is just as highly flavored as the smaller ones. Pkt. 5c; oz. 10c; ¼ lb. 28c; ½ lb. 49c; 1 lb. 92c; 2 lbs. \$1.80; 5 lbs. \$4.25, prepaid.

Morrill's Hearts of Gold

An Ideal basket and crate melon of medium size, round, heavily netted flesh, very thick, of rich, orange color, handsome appearance, and of the sweetest flavor. Average size of melon 6 to 8 inches in diameter. Matures in 75 days. A good shipper; its vine is a vigorous grower and a heavy cropper. Pkt. 5c; oz. 10c; ¼ lb. 28c; ½ lb. 49c; 1 lb. 92c; 2 lbs. \$1.80; 5 lbs. \$4.25, prepaid.

Pike's Honey Rock

80 days. Also known as Sugar Rock. Thick orange flesh, and a very distinctive flavor, sweeter and more spicy than others. Shape oval, medium size, and without ribs. Pkt. 5c; oz. 10c; ¼ lb. 24c; ½ lb. 44c; 1 lb. 84c; 2 lbs. \$1.59; 5 lbs. \$3.95, prepaid.

MONTREAL MARKET

85 days. Giant showy Melon much used for exhibition purposes, weighing on an average 10 pounds and measuring 8 to 10 inches in diameter. They often, however, weigh 20 to 25 pounds each, and a weight of 44 pounds is on record. They are of the green nutmeg type, almost round, heavily netted; deeply and regularly ribbed with thick, luscious flesh; late. Pkt. 5c; oz. 10c; ¼ lb. 24c; ½ lb. 44c; 1 lb. 84c; 2 lbs. \$1.59; 5 lbs. \$3.95, prepaid.

MANGO or VEGETABLE ORANGE—Used for preserves. Size and shape like an orange. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 21c; ½ lb. 38c; 1 lb. 70c.

NEW EARLY HACKENSACK

(60 days) The fruit is medium sized, nearly round, evenly and deeply ribbed, with a very close netting. The flesh is green, a little coarse, but very juicy, sweet and well flavored. A very early Melon and wonderful yielder and splendid shipper. Pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 42c; 1 lb. 80c; 2 lbs. \$1.56; 5 lbs. \$3.85, prepaid.

MILWAUKEE MARKET—A melon that is fast becoming the most popular melon in this section of the country. For it seldom ever fails to produce a crop, even in short seasons. Skin is light green, fruits nearly round with slight sutures, flesh salmon, very sweet and practically no stringiness. An excellent market garden variety. Postpaid, pkt. 5c; oz. 12c; ¼ lb. 21c; ½ lb. 38c; 1 lb. 75c.

Milwaukee Market

The New Banana Melon

"We wish to inform you that the plants and seed we ordered have been received and your "PRIZE" Dahlia Collection all growing. We appreciate your promptness." (signed) Mrs. H. G. Cowan, Malta, Montana.

WATER MELONS

Everbearing Sweet

The Greatest Yields and Sweetest Flavored Melon Grown. Good Shipper. Fine Keeper. Large Size. Finest Quality.—This splendid melon is medium early, beautiful, very long and quite thick, often producing melons weighing 75 lbs. each, and the average weight is about 40 lbs. The rind is firm and leathery, rather thick, standing rough treatment in transit, and is a splendid shipper. It has a deep green skin, with dark irregular stripes. The flesh is solid red to the rind and

of superb quality. Pkt. 5c; oz. 11c; ¼ lb. 28c; ½ lb. 54c; 1 lb. \$1.06; 2 lbs. \$2.08; 5 lbs. \$5.05, prepaid.

New Irish Gray

Splendid Melon for All Purposes—Good Keeper—Strong Shipper.—Sweet, red flesh, crisp and free from stringiness and in color of rind a mottled greenish gray, entirely distinct. Rind is thin but very tough. Long distance shipments go through perfectly. Vines very vigorous, healthy and hold up and produce fine melons late into summer when other sorts die out. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs.

Ice Cream or Peerless

Always fine grained and cannot be surpassed in flavor. Very prolific, early, magnificent grower. Is one of the best for nearby markets and home purposes. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Cole's Early

Cole's Early is also known as Harris Early and is not only one of the earliest varieties in cultivation, but it continues to bear throughout the season. The beautiful bright red flesh is crisp and of delicate texture, lusciously sweet and refreshing. The heart is large, there is little or no cavity and very few seeds—all solid flesh. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Georgia Rattlesnake

Splendid keeper, excellent shipper. Shape oblong, striped and mottled with various shades of green. Flesh bright red. Flavor sweet and first-class. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Everbearing
Ever Sweet

Florida Favorite

Enormous oblong fruits with dark green skin, faintly striped with a still deeper shade. The rind is thin, but firm; the flesh is a beautiful clear crimson, extending clear up to the rind, and is very sweet and tender. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Kleckley Sweets

Without question one of the sweetest flavored of all Melons. Oblong in shape; skin dark green; flesh bright red, solid and luscious. Valuable for local and nearby market and family purposes. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05.

Fordhook Early

One of the largest of the extra early varieties, and claimed to be the earliest of all. Shape nearly round. Color a medium shade of green. Flesh bright red and of a deliciously sweet flavor. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Halbert Honey

Average 18 to 20 inches in length; 6 to 8 inches in diameter. Color of rind a clear, glossy deep green. The flesh is a beautiful crimson, extending clear to the rind. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Wondermelon

A large melon of handsome appearance, somewhat resembling the Tom Watson, but thicker through. Rind is thin but tough, and the rich, red flesh is good and of splendid quality throughout. Color is dark, almost solid green. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs. \$1.90; 5 lbs. \$4.65, prepaid.

Citron Melons

APPLE PIE MELON—A Wonderful Fruit for Pies, Preserves, etc. Each vine produces from five to fifteen fruits and one large fruit will make as many pies as half a bushel of apples. The flesh is white, solid throughout and of excellent quality. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c, prepaid.

IMPROVED CITRON—Very Productive, Rich Quality. Makes beautiful, nearly transparent preserves of unsurpassed flavor. Superior to the ordinary preserving Citron in quality. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c.

New Georgia
Sweetheart

New Georgia Sweetheart

Early Maturing—Uniformly Large Size—Rich Sparkling Sugary Red Flesh—Long Keeper—Big Yields—Splendid Shipper—Disease Resistant.—The sparkling red flesh is very sweet and entirely free from stringiness. The size is uniformly large and the seeds are of light color. The rind is almost as tough as a Citron Melon and will not sunburn which accounts for its long-keeping and splendid shipping qualities, the Melons remaining in good condition a long time after picking. Georgia Sweetheart will please you as an all around Melon and has been bred for disease resistant properties. Pkt. 5c; oz. 11c; ¼ lb. 28c; ½ lb. 54c; 1 lb. \$1.06; 2 lbs. \$2.08; 5 lbs. \$5.05, prepaid.

Sweet Heart

This melon is just what its name indicates—the earliest and sweetest of all. The size is medium and does not exceed 20 lbs. in weight, averaging from 10 to 15 lbs. The flesh is scarlet of extra fineness and sweetness, entirely free from stringiness, and fairly melts in your mouth. This variety is one of the most prolific known, and as the plant is of hardy and vigorous growth we are not surprised that this melon has become extremely popular. Fruits are of attractive appearance, the rind being mottled with several shades of green. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs. \$1.90; 5 lbs. \$4.65, prepaid.

Coconut or Climbing Watermelon

Melons about the size of large coconuts and of the highest quality. Fruit ripens for a long period, unlike other sorts which ripen their fruits mostly at one time. The vine may be allowed to trail on the ground or may be trained and tied to trellis. An ideal melon for the small garden. Pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 46c; 1 lb. 88c; 2 lbs. \$1.68; 5 lbs. \$2.05, prepaid.

Tom Watson

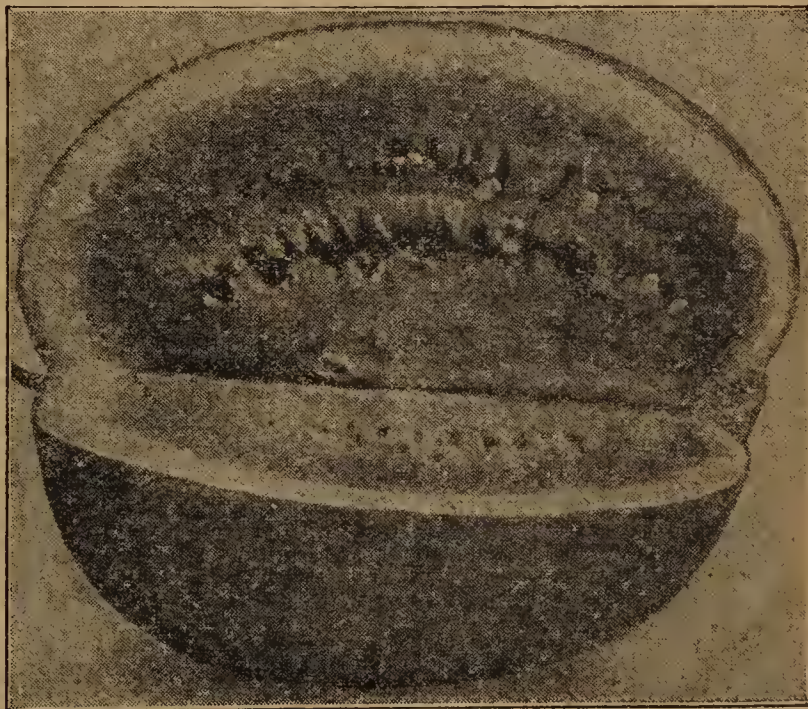

An extra long Melon of attractive appearance, uniform in shape and quality; the luscious crimson flesh, sweet, melting and superb flavor. The average Melon will weigh 50 to 60 pounds and measure about 28 inches long and about 12 inches in diameter. The skin is dark green with thick netting all over, quite distinct from other varieties. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs. \$1.90; 5 lbs. \$4.65, prepaid.

The New Stone Mountain

Also known as Dixie Bell. This melon is very sweet, large and almost round or square shaped. Skin is rich, dark green, rind is thin but strong and the flesh is a most attractive bright red. An unusually heavy yielder with a quality and flavor which is unsurpassed. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs. \$1.90; 5 lbs. \$4.65, prepaid.

Golden Honey Water Melon

Unusually Sweet and Tasty. Rich, Golden Flesh.—Golden Honey is early, of oblong shape, medium size. The rind is light green with mottled stripes. The flesh is solid, crisp, of golden yellow color and has a delightful aroma and free from hard centers. Pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 49c; 1 lb. 96c; 2 lbs. \$1.90; 5 lbs. \$4.65, prepaid.

Golden Honey

"The bulbs etc. arrived last night in very fine condition. I have been buying for the last 43 years and should know when I get real value received." (signed) C. F. Hjermstad, Red Wing, Minn.

CULTURE—Sow in shallow drills and when plants are about 2 inches high, thin so that the plants are about an inch apart. Rows should be from 15 to 18 inches apart to suit for culture.

ONION SEED

New Golden
Globe Danvers

New Golden Globe Danvers

Long Keeper, Best Shipper, Unrivalled Market Onion. Always in the Lead, Challenges Competition. A most perfect type of the globe-shaped Onion and an extra early variety. It has a very small neck, the entire crop drying down at one time. The bulbs are of a beautiful golden yellow color. Trial tests have shown this great variety to yield over 2,000 bushels per acre. The bulbs are very hard, solid and are exceptionally good keepers. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 84c; ½ lb. \$1.66; 1 lb. \$3.22; 2 lbs. \$6.35.

Golden Sweet Spanish Onion

Color is a light yellow or straw color, the flesh pure white of very fine grain and exceptionally sweet. We have seen 7 Sweet Spanish Onions set side by side on a yardstick and reach from end to end. These same 7 Onions weighed over 16 lbs. An exceptionally good keeper, and if allowed to dry thoroughly, will stand shipping long distances. The size, however, is not the best feature—it is its sweet mild flavor. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c; ½ lb. \$1.20; 1 lb. \$2.22; 2 lbs. \$4.20.

Prizetaker

Unexcelled for Home Use or the Market.

Genuine Prizetaker Onion has proved itself to be one of the handsomest and most productive large Yellow Globe Onions which are grown extensively today. It grows as easily as any other sort, and can be used for all purposes—the young plants as salad, the half-grown bulbs in early summer, and the perfect mature Onion practically at all times, for it keeps so well that it may be used almost the year around. It is esteemed not only in America, but in foreign countries. Soon after its introduction it was exhibited in London, and in the keenest competition with the products of the most skillful growers, earned an "Award of Merit" from the Royal Horticultural Society of England. Not only does it grow to a large size, but uniformly so. The shape is true globe, broad at the base, tapering sharply at the top. It is so well bred that the tops dry down entirely when it ripens, leaving a clean, sound bulb, perfect in form, rich in color, and wonderfully solid. The outer skin is rather pale yellow, the flesh pure white throughout. It is extremely mild in flavor, very much esteemed for slicing, baking and boiling; in fact, in whatever way it is prepared, it is unsurpassed. Postpaid, pkt. 10c; oz. 22c; ¼ lb. 84c; ½ lb. \$1.58; 1 lb. \$3.05; 2 lbs. \$5.95.

Golden
Sweet
Spanish

White Pickling

This distinct variety is the very earliest Onion in cultivation. Of a pure paper-white color, very mild and delicate in flavor; from 1 to 1½ inches in diameter and ¾ of an inch in thickness. Its extreme earliness makes it very valuable for early table use as well as bunch Onions for market. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 60c; ½ lb. \$1.15; 1 lb. \$2.25.

Southport White Globe

Handsomest of all Onions. It is of true globe form, pure white, hard, small necked, ripening regularly and evenly; a splendid keeper. The flesh is firm and fine grained and mild to taste. Postpaid, pkt. 5c; oz. 22c; ¼ lb. 84c; ½ lb. \$1.58; 1 lb. \$3.05; 2 lbs. \$5.95.

New White Portugal or White Silverskin

The Standard White Onion for Market and Family Use.—Medium size bulbs of flat shape, which ripen evenly and quite early—about 10 days earlier than Southport White Globe. They are of handsome appearance; have a clear white skin as beautiful as glistening silver. The flesh is of mild, delicious flavor. For keeping, this is the best of all white varieties.

A gardener who does not care to plant more than one variety should use this one, and everyone should make a liberal sowing of it for continuous use. These Onions make fine bunching of Green Onions and are also grown for the market as large White Onions. They are also much used for pickling and for Onion Sets. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c; ½ lb. \$1.20; 1 lb. \$2.22; 2 lbs. \$4.20.

Mammoth Silver King

The King of White Onions—Its Mildness of Flavor and Tenderness Are Unsurpassed.—The largest white Onion. Grows to a remarkable size—average diameter is from 5 to 7½ inches. Single bulbs often attain weights of over 4 pounds each. There is no other white Onion which attains such mammoth size. The shape is flattened, but thick through. The skin is of a beautiful silvery white. The flesh is of a snowy white and is of a particularly mild and pleasant flavor. Being a sure cropper, producing immense Onions and enormous crops which bring the highest prices, this variety has been a great moneymaker for the grower; but its fine, mild flavor makes it also most desirable for the private gardener. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c; ½ lb. \$1.20; 1 lb. \$2.22; 2 lbs. \$4.20.

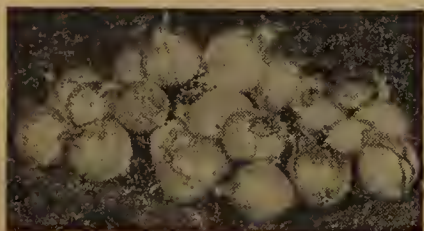

WHITE BARLETTA—An early pure white variety with a white silver skin and flesh. Solid and mild. A little earlier than most varieties. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 60c; ½ lb. \$1.15; 1 lb. \$2.25.

WHITE BERMUDA—A very popular variety in the south and largely grown in the north. Very mild and sweet. Pure white skin and flesh. Good keeper. Postpaid, pkt. 10c; oz. 24c; ¼ lb. 90c; ½ lb. \$1.70; 1 lb. \$3.20.

PIKE'S BEST MIXED—A choice mixture of onions. Postpaid pkt. 5c; oz. 24c; ¼ lb. 65c; ½ lb. \$1.15; 1 lb. \$1.98.

Onion Sets

BOTTOM ONION SETS—White, Yellow and Red, ½ lb. 15c; 1 lb. 25c, postpaid.

Ebenezer or Japanese

Long Keeping—Mild and Extra Early

Pure white about the size of Yellow Globe Danvers. One of the best keepers. Fine for set onions. Pkt. 5c; oz. 20c; ¼ lb. 69c; ½ lb. \$1.35; 1 lb. \$2.48; 2 lbs. \$4.79; 5 lbs. \$11.49, prepaid.

Southport Yellow Globe

Excels in size, excels in yield, excels in keeping qualities, excels in mildness and flavor. Matures in early Fall. It is sure to satisfy the one who buys a packet or the one who sows 50 pounds or more of seed for carload shipments. A truly grand Onion, whose large, golden-yellow spheres make a beautiful appearance, sacked, crated or barreled for the market. Postpaid, pkt. 10c; oz. 26c; ¼ lb. 98c; ½ lb. \$1.90; 1 lb. \$3.74; 2 lbs. \$7.25.

Southport Red Globe

The celebrated Blood-Red Globe Onion. This variety for many years has proved to be one of the most profitable for the market and shipping trade, commanding uniformly good prices in carload lots. Flesh is firm, finely grained, very rich, yet unusually mild for a red Onion, and is sure to please the most fastidious. The crop is ready to harvest in early Fall and keeps well until the late Spring months. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c; ½ lb. \$1.20; 1 lb. \$2.20; 2 lbs. \$4.20.

Large Red Wethersfield

Deep Purplish Red Color. Mild, Good Size, Flat.

The bulbs are large, flattened, but quite thick, with rich dark purplish skin and pure white flesh of good mild flavor. Our stock is saved from carefully selected bulbs only, and produces larger crops than any other American red onion and these bulbs keep better than those of any other sort. Our strain of Red Wethersfield is the earliest and most prolific known, and has proven a great money-maker to the grower. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c; ½ lb. \$1.20; 1 lb. \$2.22; 2 lbs. \$4.20.

Yellow Globe Danvers

Our strain of Yellow Globe Danvers, developed by careful selection and breeding, is pedigreed stock of the highest type, far superior to the seed mostly offered by others. This stock produces bulbs of fine symmetrical shape, large size, average specimens weighing from 1 to 2 lbs. each. These bulbs have small necks and ripen evenly. The skin is a light golden brown; the flesh is finely grained, pure white, crisp, mild and of excellent flavor. It is a grand, magnificent keeper and shipper. Frequently produces 800 bushels or more to the acre from seed. About a week earlier, but not quite so large nor so perfectly globe-shaped as Southport Yellow Globe. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 84c; ½ lb. \$1.66; 1 lb. \$3.22; 2 lbs. \$6.35.

**ALL
POSTPAID**

Southport Globes

"Just a few lines to let you know that I received my order and that I am sure well pleased with it. Thank you very much."
66 (signed) Mrs. A. Finger, McDonald, Pa.

PEAS

Alaska

NEW EARLY GRADUS or PROSPERITY

The Earliest, Largest Podded Wrinkled Pea

This popular Pea matures only two or three days later than the small-podded, round-seeded Extra Early, but has pods as large as those of the Telephone Pea and is fully equal to it in quality. Gradus is probably the most popular of all the extra early wrinkled Peas. It has taken the place of the smooth early Peas to a great extent. It grows from 3 to 3½ feet high, requiring no sticks or brush, but sticks may be used if preferred. The Vines are of pale green color and bear in great profusion from top to bottom immense round, dark green pods, 4½ to 5 inches long, well filled with from 8 to 10 or more Peas of delicious quality as large and as rich in flavor as the Telephone Peas, and these Peas can be had only a few days later than the small extra early Peas. These Peas retain their color and attractive appearance after cooking. Gradus is adapted to all purposes of the market gardener and does equally well in the home garden. Postpaid, pkt. 5c; ½ pt. 22c; 1 pt. 42c; qt. 80c; 5 qts. \$3.95.

McLEAN'S IMPROVED LITTLE GEM (EARLY)

Vines 18 inches high, covered with long pods, well filled with sweet, tender Peas. Postpaid, pkt. 5c; ½ pt. 20c; pt. 38c; qt. 70c; 5 qts. \$3.25.

NOTT'S EXCELSIOR (EARLY)

Vines larger, more productive, but a few days later than American Wonder, earlier and more prolific than Little Gem. Unsurpassed in sweetness and quality. Height, 12 to 15 inches. Postpaid, pkt. 5c; ½ pt. 20c; pt. 38c; qt. 70c; 5 qts. \$3.25.

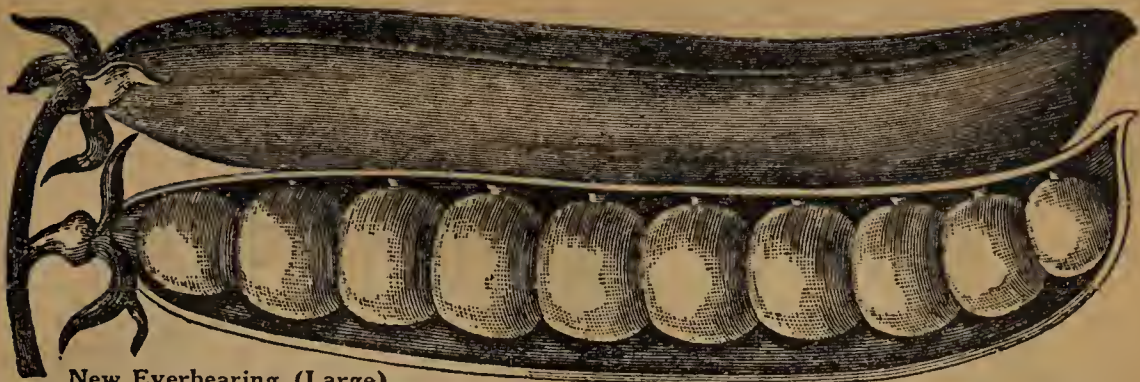

AMERICAN WONDER (EARLY)

Dwarf-wrinkled Pea, esteemed for earliness, productiveness, quality. Strong and robust, about 10 inches high, and produces medium large pods which contain 5 to 6 wrinkled Peas of very sweet flavor. Postpaid pkt. 5c; ½ pt. 20c; pt. 38c; qt. 70c; 5 qts. \$3.25.

BLUE BANTAM or GIANT LAXTONIAN

Extra large podded, sweet, heavy yielder. Probably the largest podded of the dwarf peas. An ideal pea for both home and market garden purposes. Always in good demand and commands a larger price than any other grown. Postpaid, pkt. 5c; ½ pt. 20c; pt. 38c; qt. 70c; 5 qts. \$3.25.

Big Dinner or Potlatch
(Late)

New Everbearing (Large)

EARLY PEAS

EARLIEST OF ALL OR ALASKA

Grown by Market Gardeners and Large Pea Growers. Vines 2 to 2½ feet high are unbranched, bearing 4 to 7 long pods, which are filled with medium-sized dark green or bluish green Peas of excellent flavor. Ripens the crop all at once, and is an invaluable variety for market gardeners and canners. Postpaid, pkt. 5c; ½ pt. 20c; pt. 35c; qt. 60c; 5 qts. \$2.75.

WORLD'S RECORD

An improved type of Gradus, being slightly earlier, more dwarf, true to type and productive. Height 2 feet. Vines moderately stout, medium green; pods medium green, 4 inches long, very broad, pointed and well filled with 7 to 9 very large, dark green peas of exceptional quality. Postpaid, pkt. 5c; ½ pt. 21c; pt. 38c; qt. 70c; 5 qts. \$3.25.

LITTLE MARVEL

A New Dwarf Extra Early Pea of Unusual Value, in Enormous Demand Among Market Gardeners. We are sure that as soon as a gardener becomes acquainted with this variety he will quit growing the old varieties. In season this new sort ripens with the American Wonder, while the pods, usually borne in pairs, are more numerous, larger and contain one or two more Peas. Its two striking features are: The beautiful dark green color of the pods and its great keeping qualities, when ready for the table staying in excellent condition for a week longer than other similar earlies. Little Marvel is an extraordinary cropper, and although the pods are only of medium size, it is fully as productive as most larger podded kinds. Vines 15 inches high; pods in pairs 2½ to 3 inches long, square at bottom, jammed with 6 to 8 quite large, deep green wrinkled Peas. Postpaid, pkt. 5c; ½ pt. 23c; pt. 43c; qt. 80c; 5 qts. \$3.95.

AMEER—WILT-RESISTANT

This is a cross between Alaska and a large podded wrinkled pea and, is sometimes called Large Podded Alaska. In comparison to Alaska, it is 2 or 3 days later, equally as hardy, dwarf upright vines completely laden with pods twice as large, that may be picked in one-half the time. It is resistant to Fusarium wilt, which makes it a most valuable variety for wilt infested areas. Due to its quality, earliness, size and productiveness, and to the fact that two pickings market the entire crop, gardeners who plant for early market will find it a money maker. Postpaid, pkt. 5c; ½ pt. 18c; pt. 32c; qt. 55c; 5 qts. \$2.70.

LATE PEAS

NEW EVERBEARING

The Great Continuous Everbearing Variety

Vine stout, about two and one-half feet high, bearing at the top six to ten broad pods. If these are picked as they mature and the season and soil are favorable, the plant will throw out branches bearing pods which will mature in succession, thus prolonging the season. The Peas are very large and wrinkled, cook very quickly, are tender, of superior flavor and preferred by many to any other sort. Postpaid, pkt. 5c; ½ pt. 20c; pt. 35c; qt. 60c; 5 qts. \$2.75.

IMPROVED CHAMPION OF ENGLAND

The Standard Sweet Flavored Late Wrinkled Pea

Very productive and universally admitted to be one of the richest and best flavored Peas. Height four to five feet; seed light green and much shriveled. We consider the variety equal in quality to any in cultivation and one of the best of its season, either for the amateur or market gardener. This is the latest pea we grow; it is about a week later than Telephone. Postpaid, pkt. 5c; ½ pt. 20c; pt. 35c; qt. 60c; 5 qts. \$2.75.

POTLATCH OR BIG DINNER

The Best Main Crop Variety of Large Podded Dwarf Peas

Potlatch is Chinook Indian for Big Dinner. The vines are sturdy and vigorous, growing about 20 inches high, with coarse and unusually dark green foliage which can be distinguished from that of other peas a quarter of a mile away. The pods, which are borne in pairs, are long, often measuring 6 inches or more. They are broad, pointed, rich dark green in color and in size and fullness fully equal to those of the Tall Telephone Pea. They contain 9 to 11 Peas, which are very large and in sweetness and flavor rank with the finest. Potlatch is a wonder of productiveness and the way the Peas shell out is astonishing. On account of its large, beautiful pods and enormous productiveness, is a great favorite with market gardeners, and owing to delicious quality one of the best for the table. Potlatch is a second early, dwarf, very large podded Pea; it has become the leading and most popular variety of its class. Postpaid, pkt. 5c; ½ pt. 20c; pt. 35c; qt. 60c; 5 qts. \$2.75.

DWARF TELEPHONE or DWARF DEFIANCE

A Main Cropper—Sweet Wrinkled

A cross between Stratagem and Tall Telephone. Vines average 24 to 28-inch straw, hardy and robust. Pods borne in clusters like the Tall Telephone. Pods average 2½ to 3 inches long, well filled with large sugary peas. Postpaid, pkt. 5c; ½ pt. 18c; pint 34c; qt. 57c; 5 qts. \$2.55.

CARTER'S TALL TELEPHONE

A Standard Large Podded Main Crop Variety in Every Market

The Telephone has become a favorite Pea with market gardeners whose trade appreciates fine appearance and high quality. Vines vigorous, growing about 4 feet high, producing an abundance of very large pods filled with immense Peas, which are tender, sweet and of excellent flavor. Foliage and pods are of light, bright green color. Postpaid, pkt. 5c; ½ pt. 18c; pt. 34c; qt. 57c; 5 qts. \$2.55.

Alderman or Improved Telephone

Highly Bred Main Crop Sweet Wrinkled Peas.

The vines grow nearly 4 feet high, are dark green, vigorous and exceedingly productive. Pods are very large, long, dark green. They appear a little later than those of Carter's Telephone, but are larger, often measuring 5 inches and over. The Peas are of the largest size, and of unsurpassed quality. Postpaid, pkt. 5c; ½ pt. 20c; pt. 38c; qt. 70c; 5 qts. \$3.25.

Melting Sugar Pea—Edible Pods

Pods as Well as the Peas Are Eaten. Same as Green Beans. Good Size; Fine Yielder; Wonderful Quality and Very Sweet and Tender.—An excellent, edible podded Pea with large sized pods, of delicious quality. Pods are very large, sweet, smooth, extremely tender, so brittle that they snap, absolutely without any string and of the most delicious flavor. Vines are tall, about five feet high, and do better if supported. Postpaid, pkt. 5c; ½ pint 18c; pint 34c; qt. 57c.

"Seeds and Bulbs received and the glads are as fine as any I have ever seen. Wish I had more room to plant more of your stock." (signed) C. L. DeLeuw, Minneapolis, Minn.

Big Tom or Connecticut Field

A greatly improved strain of Yankee or Connecticut Field Pumpkin which has been selected for many years to secure the most uniform type. Not only are the pumpkins larger and smoother, but the yield is nearly double that of the old variety. We recommend it to our customers as the very best type of corn-field pumpkin. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 22c; ½ lb. 40c; 1 lb. 74c; 2 lbs. \$1.30; 5 lbs. \$2.90.

Sugar Pie

Flesh of Extra Fine Flavor—an Excellent Keeper; Prolific and Desirable.—One of the very earliest and very best Pumpkins. The fruits are small, round, with orange-colored skin and flesh. Remarkably prolific and an excellent keeper. The flesh is thick, fine-grained, dry, sweet, sugary, and of the finest quality for pies. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 23c; ½ lb. 44c; 1 lb. 77c; 2 lbs. \$1.35; 5 lbs. \$2.95.

Kentucky Field

Large cheese flattened fruit with broad ribs; creamy buff skins; average 2 feet in diameter. It is an excellent keeping variety, with flesh of exceptionally fine quality. The flesh is very thick and fine grained, of a beautiful golden yellow color. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 22c; ½ lb. 40c; 1 lb. 74c; 2 lbs. \$1.30; 5 lbs. \$2.90.

Mixed Pumpkins

All Shapes, Colors and Sizes.—This mixture is especially offered to those who wish to grow a collection of the different kinds of Pumpkins for exhibition at County Fairs, or for home use. All are good keepers. Postpaid, pkt. 4c; oz. 7c; ¼ lb. 19c; ½ lb. 36c; 1 lb. 68c; 2 lbs. \$1.20; 5 lbs. \$2.75.

PARSNIPS

Hollow Crown

CULTURE—Sow as early in the spring as weather will permit in drills 2 inches deep and 18 inches apart. When up, thin out from 3 to 6 inches apart in the rows.

HOLLOW CROWN—A market gardener's favorite and a fine keeper. One of the finest table varieties grown. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 38c; 1 lb. 70c.

IMPROVED MAGNUM BONUM—An improved strain of Hollow Crown. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 22c; ½ lb. 38c; 1 lb. 70c.

IMPROVED GUERNSEY—A tender variety with a sugary flavor. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 20c; ½ lb. 40c; 1 lb. 65c.

MARROWFAT—A Parsnip with a rich flavor. An excellent variety. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 21c; ½ lb. 40c; 1 lb. 68c.

"Home Garden Collection"

300 VEGETABLE PLANTS—Only 58c postpaid. Hardened outside and will bear 2 weeks earlier. Try this "Home Garden" Collection and be convinced.

200 Sturdy Onion Plants
50 Frost Proof Cabbage Plants
25 Extra Early Tomato Plants
25 Healthy Pepper Plants (Sweet)

Our leading early varieties are included in this collection and we sell thousands every year over and over again to our customers who repeat. Send in your order early so we don't have to disappoint you by being sold out.

PUMPKINS

King of the Mammoth

This is the very best genuine strain of the true Mammoth Pumpkin. Fruits grow to enormous size, sometimes reaching two feet or more in diameter, and from one hundred to two hundred pounds in weight. Salmon-orange skin; very thick, bright yellow flesh, which is fine grained, tender, and of excellent quality for pies. To raise the largest fruits, vines should be allowed ample space in which to grow; only one plant should be allowed to grow in a hill and only the best fruit left on the vine. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 22c; ½ lb. 40c; 1 lb. 74c; 2 lbs. \$1.30; 5 lbs. \$2.90.

KOHL RABI

CULTURE—Grown the same as cabbage. **WHITE VIENNA**—The most popular variety for market and table use. Matures early. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 48c.

PURPLE VIENNA—A small early variety that is used for forcing or early spring planting. Skin is purple and flesh is white and of good flavor. Postpaid, pkt. 5c; oz. 22c; ¼ lb. 58c.

ALL POST PAID

PARSLEY

CULTURE—Sow thick in rows and thin out when about 2 inches high, so that the plants are about 6 inches apart.

CHAMPION MOSS CURLED—A very distinct variety with beautiful curled leaves. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 16c; ½ lb. 30c; 1 lb. 58c.

DWARF CURLED—A compact growing variety with fine curled leaves. The leading variety as to flavor. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 16c; ½ lb. 30c; 1 lb. 58c.

FERN LEAVED—Leaves are shaped like a fern. Excellent variety. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 16c; ½ lb. 30c; 1 lb. 58c.

PEANUTS

This variety can be grown north or south with equal results. Pike's Early Spanish is the earliest variety grown, and very productive. When ground is warm, shell nuts carefully so as not to break brown skin, planting 2 inches deep in rows 10 inches between and each row 3 feet apart. Pkt. 10c; pt. 24c; qt. 28c; 4 qts. \$1.25; 6 qts. \$1.98; postpaid.

Chinese Giant Pepper

Horse Radish Roots

This valuable hardy vegetable is best grown by planting small pieces of roots called sets. Set out in April, small end down, the top one to two inches below the surface, in rich, well cultivated soil; forms large sized roots in one season's growth. Sets or roots 22c per doz.; \$1.25 per 100, postpaid.

LARGE PLANTERS

Send us your list and we will quote you our lowest PREPAID prices and save you money.—Our 49 years as growers should mean something to new customers. We are never undersold, quality considered.

New Japanese Pie

The Flesh is Very Thick, of a Rich Salmon Color, Fine Grained, Dry and Sweet.—Extremely early and the seeds are marked with curious indentation like Japanese letters. Fruits medium size, good keeper, and weigh 15 to 20 pounds each. The flesh is a rich salmon, unusually fine grained. For making pies, custards, etc., they certainly have no superior. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 23c; ½ lb. 44c; 1 lb. 77c; 2 lbs. \$1.35; 5 lbs. \$2.95.

Cushaw or Crook-neck

A very popular variety. Very large, often two feet long, crook-neck shape; creamy-white shell. Fresh yellow solid, sweet; excellent for pies and also used for stock feeding. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 22c; ½ lb. 40c; 1 lb. 74c; 2 lbs. \$1.30; 5 lbs. \$2.90.

Tennessee Sweet Potato

The best variety for home gardens. They are almost pear-shaped, growing to a large size. Postpaid, pkt. 5c; oz. 8c; ¼ lb. 22c; ½ lb. 40c; 1 lb. 74c; 2 lbs. \$1.30; 5 lbs. \$2.90.

MUSTARD

White Seeded English

WHITE SEED—Leaves are comparatively small and smooth, deeply cut or divided and of medium dark green color. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 18c.

Southern Giant Curled

NEW CHINESE—The large leaves have a pleasant, pungent flavor; tenderness, mildness and freedom from bitter flavor. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 18c.

All Season

ALL SEASON BROAD LEAF—Distinct from all other varieties the leaf being larger and broader and of good substance. Leaves are comparatively smooth and remain in condition for a long time. Postpaid, pkt. 5c; oz. 10c; ¼ lb. 20c.

Tender Green

MUSTARD SPINACH—Also called "Tender Green." The newest of the salads. Quick growing, tender and delicious. Withstands both heat and cold. Not as pungent a flavor as mustard. Cook the leaves same as spinach. Postpaid, pkt. 5c; oz. 10c; ¼ lb. 20c.

PEPPERS

1 oz. will produce 1000 plants

SWEET SALAD OR CHINESE GIANT—An early large pepper with bright scarlet flesh that is one of the most popular varieties for stuffing. Very tender and mild. Strong hardy grower that is excellent for home or market garden purposes. Postpaid, pkt. 5c; oz. 36c; ¼ lb. \$1.35.

CULTURE—Sow under glass and when they are up about 2 inches and weather conditions permit, transplant outside in rows two feet apart and plant 18 inches apart.

IMPROVED RUBY KING—An excellent mango and pickling pepper. The fruits are about four inches long, having a thick skin that is ideal for stuffing. Very sweet mild flavor and one of the best for home and market use. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 75c.

MAMMOTH BELL or BULLNOSE—A large variety that is fine for stuffing, sweet pickles, salads, etc. Sweet and mild and a large yielder. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c.

SWEET MOUNTAIN—A handsome, large, long, smooth, fruit. Produces heavily. Flesh is thick and bright red when matured. Ideal for stuffing, pickles or mangoes. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 65c.

LONG RED CAYENNE—A red hot pepper with a long red, slim pod. Bright red when ripe. Probably the hottest pepper grown. Postpaid, pkt. 5c; oz. 25c; ¼ lb. 90c.

SWEET SPANISH—Early, tender, mild and sweet. Largely grown. Postpaid, pkt. 5c; oz. 26c; ¼ lb. 95c.

IMPROVED PIMENTO—A new variety that is probably the mildest of all peppers, without a particle of pungency. Can be eaten green like an apple, if so desired. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 65c.

GOLDEN DAWN—A very mild medium size pepper. Preferred by many for its color which is a beautiful golden yellow. Postpaid, pkt. 5c; oz. 20c; ¼ lb. 65c.

BEST MIXED PEPPER—A choice mixture of the most desirable kinds. Postpaid, pkt. 5c; oz. 15c; ¼ lb. 48c.

The Wonderful Coffee Berry

All pronounce it better than the genuine. It is certainly the best berry to mix with other coffee. Half and half will produce a drink claimed by many to be equal to a good cup of Rio. You can raise your own coffee for one cent a pound. Large pkt. 8c; ¼ lb. 15c; ½ lb. 35c. postpaid.

"Received my Lily of the Valley and they are the finest and freshest pips I have ever bought." (signed) Mrs. S. R. Cocknil, Little Rock, Ark.

RADISHES

One ounce will plant 100 ft. row. Sow 10 to 12 pounds seed to an acre

Crimson Giant Globe

Sweet, Crisp, Juicy, Mild, Wonderful Yields—Beautiful Color—Large Size.—Our Crimson Giant Globe Radish is one of our leading specialties, and many of our gardener friends who grow for market look forward for large quantities every season. This Radish is an entirely new type and differs radically from all varieties hitherto in cultivation, insofar as its roots attain more than double the size of other round, early varieties, without getting pithy or hollow. It is very early, notwithstanding its size. Color crimson, flesh pure white, of the best quality. The roots often weigh 1½ ounces each and are crisp and juicy. Fine for outdoors and forcing. The seed should be sown very thinly to permit full development of the roots. Postpaid, pkt. 5c; 1 oz. 12c; ¼ lb. 28c; ½ lb. 45c; 1 lb. 78c; 2 lbs. \$1.48.

Improved French Breakfast

The Most Popular Radish for the Home Garden. Oblong, Red with White Tip, Crisp, Mild and Tender.—A great favorite. Beautiful bright scarlet, with pure white tip. Oblong in shape, medium size, makes rapid growth. It is a fine table variety on account of its excellent quality and attractive appearance. Fine for open ground or forcing. It matures quickly and is sweet, crisp, solid and tender. When offered for sale it quickly attracts the buyer's attention. Postpaid, pkt. 5c; oz. 10c; ¼ lb. 24c; ½ lb. 42c; 1 lb. 75c; 2 lbs. \$1.40.

Choice Mixed Radish

CHOICE MIXED—A choice mixture of the most desirable kinds. Postpaid, pkt. 5c, oz. 7c, ¼ lb. 18c, ½ lb. 33c, 1 lb. 59c.

Early Scarlet Turnip

A round, red, turnip-shaped radish, with small tops and of very quick growth, deserving general cultivation on account of its rich, scarlet-red color and white, crisp and tender flesh. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 42c; 1 lb. 75c; 2 lbs. \$1.40.

New White Icicle

The Finest of All Radishes. The Earliest of the Long White Sorts.—Ready for the table in about three weeks. The roots are perfectly white in color, long, slender and tapering in shape. They quickly grow to market size and remain tender during the entire growing period, and are quite as good when an inch in diameter as when only half an inch. The leaves are short, very few in number, and the roots can, therefore, be grown very close together. The flesh is crisp, tender, and mild in flavor. Admirably adapted for growing under glass as well as in the open ground. Excellent for market and private gardeners. Postpaid, pkt. 5c; oz. 12c; ¼ lb. 28c; ½ lb. 45c; 1 lb. 79c; 2 lbs. \$1.48.

New Scarlet White Tip

Brightest Scarlet with a White Tip; Flesh Crisp, White and of Finest Flavor.—Very early. Of bright scarlet color, with a large white tip covering almost one-half of the root. Flesh crystal white, tender and crisp. This is one of the most popular Radishes grown for the home as well as for the market, being of most beautiful appearance and exquisite flavor. Postpaid, pkt. 5c; oz. 10c; ¼ lb. 26c; ½ lb. 46c; 1 lb. 78c; 2 lbs. \$1.35.

French Breakfast

PIKE'S EARLIEST—An excellent early variety for planting in hot beds or open ground. Long scarlet radishes and short tops. Crisp and tender. One of the newer varieties that is fast gaining in popularity. Postpaid, pkt. 5c, oz. 9c, ¼ lb. 24c, ½ lb. 38c, 1 lb. 72c.

WINTER RADISHES

BLACK SPANISH WINTER—A good winter variety. Excellent keeper. Keep as you would Turnips. The radish itself is pure white with a bluish, black skin that is peeled when used on the table. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 44c; 1 lb. 78c; 2 lbs. \$1.48.

CHINESE ROSE WINTER—There is no question but what this is the best winter radish grown in this locality. When peeled and sliced in the winter, one can hardly tell them from young radishes fresh from the garden. Excellent keeper, tender and crisp. Color rose pink. Plant seed middle of July in this latitude. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 24c; ½ lb. 44c; 1 lb. 78c; 2 lbs. \$1.48.

NITRAGIN INOCULATION—Use nitragin on your peas, sweet peas, and beans of all kinds including limas. It makes them more vigorous and thrifty and gives higher yields. Garden size can, postpaid, 25c.

White
Tip

SUMMER SQUASH

New Mammoth White Bush

Scalloped or Improved Patty-Pan. Great improvement over the Early White Bush. Very uniform in shape and wonderfully prolific. Fit to use very early, of beautiful clear white color, and grows to a large size—12 to 15 inches across. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 32c; ½ lb. 48c; 1 lb. 85c; 2 lbs. \$1.55.

New Giant Summer Straightneck

The old standard crookneck with the "crookneck" removed. Rich, buttery flavor and a desirable shipper. Flesh deep orange color, thick and meaty. Postpaid, Pkt. 5c; oz. 18c; ¼ lb. 38c; ½ lb. 58c; 1 lb. \$1.05; 2 lbs. \$1.98.

New Fordhook

This Squash is very early, but in a cool, dry place it will keep as long as a Winter Squash. The outside color is bright yellow; inside color straw yellow. The skin is so thin that it need not be removed for cooking. This meat is thick, dry and sweet and can be used at any stage of their growth. Postpaid, pkt. 5c; oz. 11c; ¼ lb. 32c; ½ lb. 48c; 1 lb. 85c; 2 lbs. \$1.55.

New Giant Summer Crookneck

Standard Early—Splendid Quality. Twice as large as the ordinary Crookneck, more warty and earlier. This combination makes it the most desirable for the market or private garden. Postpaid, pkt. 5c; oz. 18c; ¼ lb. 38c; ½ lb. 58c; 1 lb. \$1.05; 2 lbs. \$1.98.

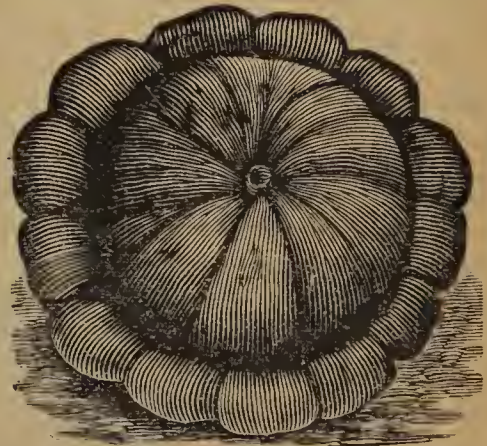

New Giant Summer Crookneck

Note

We pack carefully and guarantee satisfaction.

Golden Custard

Mammoth Early Golden Custard or Yellow Bush, Scalloped

Standard early Summer variety. Nice to use in its green state and valuable for making pies when it has attained full size. Postpaid, Pkt. 5c; oz. 12c; ¼ lb. 30c; ½ lb. 44c; 1 lb. 78c; 2 lbs. \$1.40.

Cocozelle, Italian Vegetable Marrow or Summer Asparagus

COCOZELLE (Italian Marrow or Summer Asparagus) is one of the most delicious additions to the Squash family. For piquancy of flavor, tenderness and general palatability it has few equals. This plant does not make a vine, but grows in the form of a compact bush, and 5 or 6 hills is sufficient for a large family. The oblong green fruits should be picked when not more than 4 to 6 inches long. If the fruits are allowed to grow larger they lose their delicacy of flavor, and when one fruit is allowed to mature it checks the formation of any more fruit on the plant. The fruits form and grow rapidly and may be picked almost every day until frost. If planted early it will fruit from the latter part of June until October. Can be cooked like Asparagus or Squash, and most excellent when prepared like French fried potatoes. Postpaid, pkt. 8c; oz. 15c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.20; 2 lbs. \$2.30.

Pike's Lawn Seed is the best that money can buy.

WINTER SQUASH

Improved Hubbard

Improved Hubbard

GRAND OLD FAVORITE—The Famous American Standard Winter Squash—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly good throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartsiness of the shell, but the latter peculiarities are largely determined by the soils in which the

Squashes are raised. Postpaid, pkt. 8c; oz. 15c; ¼ lb. 38c; ½ lb. 68c; 1 lb. \$1.15; 2 lbs. \$2.10. **NEW TABLE QUEEN OR ACORN**—A comparatively new variety. Market gardeners have found it their best seller. The enthusiasm of customers entitles it to the place among Squashes accorded to "Golden Bantam" in Sweet Corn. Table Queen is just the right size to serve two persons. This avoids the waste resulting from the use of larger varieties. Does not require over twenty minutes for baking or boiling. Color, dark green. Postpaid, pkt. 8c; oz. 15c; ¼ lb. 38c; ½ lb. 68c; 1 lb. \$1.15; 2 lbs. \$2.10. **BOSTON MARROW**—A popular fall and winter variety. Thin rind, and yellow flesh. Excellent for pies and a good keeper. Postpaid, pkt. 5c, oz. 9c, ¼ lb. 27c, ½ lb. 48c, 1 lb. 98c. **FORDHOOK**—A very early, good keeping variety. The skin is very tough and in localities where bores are bad it is one variety that will survive this pest. Fine winter keeper. Squashes are oblong, slightly ribbed, thick yellow flesh and splendid flavored. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 27c; ½ lb. 48c; 1 lb. 98c. **PROLIFIC ORANGE MARROW**—A good early variety always in big demand. Market Gardeners plant this variety extensively. Thin rind, orange flesh. A pie squash that resembles the pumpkin in color, thus used largely as a substitute. Postpaid, pkt. 5c; oz. 9c; ¼ lb. 27c; ½ lb. 48c; 1 lb. 98c. **BLUE HUBBARD or MARBLEHEAD**—A similar variety to

Market Gardeners WE PAY ALL CHARGES AND SAVE YOU MONEY

Our low prices prepaid to large planters will save money, time and expense. If larger quantities of single varieties are wanted than we list, will be glad to quote PREPAID prices. Our high quality seed is GUARANTEED. See our guarantee on page 1. Send in your list today. Our prices will surprise you. We are never undersold, quality considered.

EARLIEST OF ALL TOMATO—A beautiful bright red tomato which is nearly seedless. Very smooth skin, free from core, and makes a perfect shipping Tomato as the meat is very solid. The vines are blight resisting and the fruit often bears 8 to 10 in a cluster. By far the earliest Tomato of all and you can't compare it with any other. A trial will convince you. Pkt. 15c; ½ oz. 35c; oz. 55c; ½ lb. \$3.25.

JOHN BAER—One of the best early varietes grown. No tomato has gained popularity as rapidly as this one variety. An early smooth red, very solid, practically no acid, core or seeds. A rather dwarf growing vine that sets heavily with fruit. Resists disease. A tomato that is exceptionally fine for canning, market garden purposes and private family use. Postpaid, pkt. 5c, oz. 30c, ¼ lb. 90c, ½ lb. \$1.75. **DWARF STONE**—The largest of the dwarf tomatoes grown. Known as the Tree Tomato, for it grows more or less erect, like a tree with heavy stalks and does not require staking. A medium early variety. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c, ½ lb. \$1.45. **EARLY ACME**—One of the most highly priced by Market Gardeners. The vine is large and prolific, bearing uniform medium fruits in clusters of 4 to 5 and continues from early until late. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 70c, ½ lb. \$1.35. **BEAUTY**—A popular purple variety with large vines. Bears heavily. Fruits are large and uniform, very smooth, purplish-pink skin with light pink flesh. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c, ½ lb. \$1.45. **BONNY BEST**—A smooth, large, uniform fruit. Early. Bright scarlet in color. A variety that ripens a little later than John Baer and continues until frost. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 70c, ½ lb. \$1.35. **CHALK'S EARLY JEWEL**—An extra early smooth red that produces large crops of uniform fruit. A very fine variety for both home and market gardens. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c; ½ lb. \$1.45. **CRIMSON CUSHION or BEEFSTEAK**—A handsome red that is early, large and solid. One of the leading varieties grown. Postpaid, pkt. 5c, oz. 35c, ¼ lb. \$1.15, ½ lb. \$1.95. **DWARF CHAMPION**—One of the best Tree Tomatoes for the home garden. Early, medium, smooth, purplish-pink, with a solid flesh. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c, ½ lb. \$1.45. **EARLIANA**—This is one of the very earliest varieties which is large, smooth and bright red. Grows compact. Yields heavily and the quality of the fruit is exceptionally fine. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c, ½ lb. \$1.45. **PONDEROSA**—The latest tomato grown. A giant in size, rough, and pinkish. Less acidic than some other varieties.

TOMATOES

CULTURE—In early spring the seed should be sown in hot beds or in boxes inside and transplanted in the open ground as soon as weather is warm enough. Transplant 3 feet apart in the row and 3½ to 4 feet between. Closer planting may be followed when vines are tied to trellis or stakes.

OUR VERY BEST

John Baer

A tomato that is in a class by itself. Yields heavily, is very solid and sweet. Market gardeners can never grow enough of this variety owing to its popularity. Postpaid, pkt. 5c, oz. 35c, ¼ lb. \$1.15, ½ lb. \$1.95. **NEW STONE**—Medium early that for size and appearance is among the leaders. The smooth skin, small core, fine grained flesh with little acidity makes this one of the old standards that is hard to beat. Canners plant this variety for their main crop, for it never fails to produce splendid fruit. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 70c, ½ lb. \$1.35. **JUNE PINK**—One of the earliest of the pink varieties, having a fine smooth skin, medium in size and very popular among both home and market gardeners. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 75c, ½ lb. \$1.45. **LIVINGSTON'S GLOBE**—A wonderful early red globe shaped tomato that is very smooth and firm with few seeds. An excellent slicing tomato. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 70c, ½ lb. \$1.35. **MARGLOBE**—The Department of Agriculture claims this variety is Wilt Resistant everywhere. A beautiful scarlet, solid round fruit, with one of the best flavors of any Tomato grown. Good bearer, prolific, good keeper and excellent for market purposes. Pkt. 5c; oz. 35c; 2 ozs. 65c; ¼ lb. 98c; ½ lb. \$1.90; 1 lb. \$3.48, prepaid. **MIXED**—A good mixture of large fruited sorts desirable for the home garden. Postpaid, pkt. 5c, oz. 20c, ¼ lb. 70c, ½ lb. \$1.35.

Pike's Small Fruited Tomatoes

CULTURE—These small fruited tomatoes are very popular in making pickles and preserves. Grown the same as large fruited varieties. **YELLOW PEAR**—Small, bright yellow, pear shaped tomato. Very attractive vines when laden with fruit. Children are delighted with this fruit. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **YELLOW PLUM**—Similar to the pear, but plum shaped. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **YELLOW PEACH**—A lemon yellow peach shaped tomato. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **RED PEAR**—Same as yellow only red. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **RED PLUM**—Same as yellow, only red. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **RED PEACH**—Same as yellow, only red. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c. **SMALL MIXED**—A nice mixture made up of all the varieties listed and well proportioned. Postpaid, pkt. 5c, oz. 25c, ¼ lb. 90c.

Salsify or Vegetable Oyster

Only one variety of Salsify is catalogued, for all others under various names are so similar that it is doubtful if experts can tell the difference.—Salsify should be grown the same as parsnips or carrots and after they are frosted, should be served in a like manner. They have a decided Oyster flavor, thus the name.

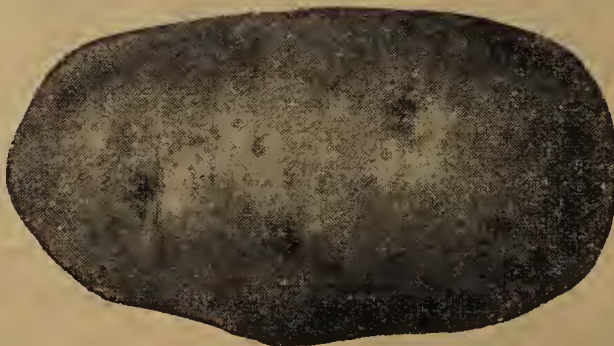

MAMMOTH SANDWICH ISLAND—The largest variety grown and is delicious when boiled or fried. Postpaid, pkt. 5c, oz. 15c, ¼ lb. 45c, ½ lb. 60c.

IRISH COBBLER—A world wide favorite. It is a most excellent extra early variety, maturing good size tubers seven weeks from time of planting. It has also the remarkable characteristic of producing very few, if any, small potatoes; all the tubers being of marketable size. The vines make short, upright growth, so that the hills may be only a short distance apart. The flesh is pure white, with a clean, smooth, white skin; and in quality they are excellent, always cooking dry and mealy. Splendid keepers and a first class sort. Postpaid, 1 lb. 35c; 3 lbs. 75c; 5 lbs. 98c. Not prepaid, ½ bushel (30 lbs. net) \$1.10; 1 bushel (60 lbs. net) \$1.85; 1 bag (150 lbs. net) \$4.25.

ALL POSTPAID EXCEPT AS NOTED ON THIS PAGE

SELECTED SEED POTATOES

EARLY SIX WEEKS—Grows medium to large size, resembles Early Ohio. Is very early. The tops and tubers grow so rapidly that in six weeks from planting the potatoes are marketable size, and reach maturity in 72 days. A fine table potato, not excelled by any other sort. Oblong to round in shape, colored skin, white flesh, very smooth eyes even with the surface. Tubers grow close together in the hill. Heavy yielders. Postpaid, 1 lb. 35c; 3 lbs. 80c; 5 lbs. 98c. Not prepaid, ½ bushel (30 lbs. net) \$1.10; 1 bushel (60 lbs. net) \$1.85; bag (150 lbs. net) \$4.25.

SPINACH

New Zealand

CULTURE—Sow in drills one foot apart and one inch deep as early as the ground can be worked. Do this every two weeks for a succession of crops. **TRIUMPH**—A variety that withstands the hot weather better than any other variety, thereby lengthening the season about a month. Has a fine texture, thick fleshy leaves, good quality. Postpaid, pkt. 5c, oz. 8c, ¼ lb. 16c, ½ lb. 26c.

BLOOMSDALE SAVOY—The leaves are wrinkled and blistered like a savoy cabbage. An excellent variety for family use. Fine fall sowing spinach. Postpaid, pkt. 5c, oz. 8c, ¼ lb. 16c, ½ lb. 26c.

NEW ZEALAND—A distinct variety that is fast becoming the most popular grown. The stems and leaves are soft and thick. Plants resist the heat exceedingly well and will grow in poor soil. The leaves never seem to get tough, no matter how old they are. Good all through the summer months and fall. Postpaid, pkt. 5c, oz. 10c, ¼ lb. 18c, ½ lb. 34c.

TURNIPS

CULTURE—Sow seed in open drills or use a seeder. After plants are up, thin out to 4 or 5 inches. Sow every two weeks for a succession. For winter use, sow in this climate about August first.

Choice Turnips

PURPLE TOP STRAP LEAF—An early rapid growing, mild flavored turnip that is one of the best for table use. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

PURPLE TOP WHITE GLOBE—The flesh of this well known variety is firm, fine grained, sweet and well flavored. Grows to a good size and is a fine producer. Globe shaped. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

PURPLE TOP MILAN—Handsome appearance; somewhat flattened, white with purplish tops. Flesh snow white. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

EARLY WHITE FLAT DUTCH—A medium size white that makes a very quick growth. Excellent variety. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

EXTRA EARLY MILAN—An early turnip that can be used in spring or fall. The skin is smooth snow white, has a polished appearance, medium size, white, tender and sweet. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

SEVEN TOP—A great southern turnip that is grown for its leaves that make fine greens. Makes a fine stock feed throughout the winter in the southern states. Grown more for its tops than roots. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

COW HORN or LONG WHITE—A stock turnip that grows half out of the ground. Carrot shaped. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

MIXED TABLE TURNIP—A fine mixture for general table use. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 16c, 1/2 lb. 30c, 1 lb. 48c.

RHUBARB

Grow Pie Plant or Rhubarb
Big Money-Maker

CULTURE—Sow seed in shallow drills and the second year, transplant in rows three feet apart and 30 inches in the row. For forcing, dig roots in fall and plant in boxes. Allow them to freeze solid. In midwinter place in a dark warm basement and in three weeks the stalks will be ready to use. Forced Rhubarb is the most delicious of all with a wonderful flavor. It makes the finest sauce and pie imaginable.

PIKE'S "STRAWBERRY"—A large excellent cooking variety with pink juicy stalks that cannot be excelled for the making of sauce and pies. Postpaid, pkt. 5c, oz. 14c, 1/4 lb. 40c.

Pike's Strawberry Rhubarb Roots

Large roots, 19c each; 3 for 54c; doz. \$1.98, postpaid.

SUNFLOWER

CULTURE—Seeds may be drilled or sown in rows around edges of gardens, in fields and will grow in most any location which is sunny.

MAMMOTH RUSSIAN—The largest sunflower grown. Single heads often measure 15 to 20 inches across and are filled with large seed. One of the best egg producing feeds known. Will grow on any soil under most any condition. Postpaid, oz. 5c, 1/4 lb. 8c, 1 lb. 24c, 2 lbs. 39c, 5 lbs. 90c, 10 lbs. \$1.70. Not prepaid, 50 lbs. \$7.98, 100 lbs. \$15.48.

Choice Tobacco

HAVANA IMPORTED—A fine cigar variety with large, long leaf, very early, making two crops, in the south, with one planting. Postpaid, pkt. 5c, 1 oz. 98c.

CONNECTICUT SEED LEAF—A variety grown largely in the middle and northern states and used for fillers. Strong grower. Postpaid, pkt. 5c, 1 oz. 48c.

VIRGINIA BROAD LEAF—A large broad leaf variety that is used for wrappers, cut or plug tobacco, etc. Cultivated extensively in Kentucky. Postpaid, pkt. 5c, 1 oz. 48c.

RUTABAGAS

Rutabaga or Swedish Turnips

CULTURE—Sow seed about the middle of June in this climate in drills about 2 feet apart. Thin to 6 or 8 inches in the row—Best results can be had if transplanted.

AMERICAN PURPLE TOP—The largest and best shaped variety, small neck and smooth skin, good cropper and keeper. Flesh yellow. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 14c, 1/2 lb. 26c, 1 lb. 48c.

WHITE AMERICAN—Similar to the yellow, but milder. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 14c, 1/2 lb. 26c, 1 lb. 48c.

LAING'S SWEDE—A short and medium purple top with flesh yellow tubers. Good keeper. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 14c, 1/2 lb. 20c, 1 lb. 48c.

SKIRVINGS—A good large variety. Good keepers. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 14c, 1/2 lb. 26c, 1 lb. 48c.

MONARCH or ELEPHANT—An excellent stock crop for early feeding. Oblong, yellow flesh, fine flavor. Produces from 6 to 8 tons more to the acre than any other variety. Postpaid, pkt. 5c, oz. 9c, 1/4 lb. 14c, 1/2 lb. 26c, 1 lb. 48c.

HERBS

ANISE—Used for cordials, garnishing and flavoring. Postpaid, pkt. 5c, oz. 18c.

BALM—A perennial with fragrant leaves. Used for beverages such as Balm Wine, Balm Tea, etc. Very useful for treating fever. Postpaid, pkt. 5c, oz. 28c.

CARAWAY—Seeds are used for flavoring. Postpaid, pkt. 5c, oz. 22c.

DILL—Used largely for pickling cucumbers. Postpaid, pkt. 5c, oz. 16c.

SWEET FENNEL—Leaves are very ornamental. Used for fish sauce. Hardy. Postpaid, pkt. 5c, oz. 16c.

HOREHOUND—Hardy. Leaves used for seasoning and making candy, cough medicine, etc. Postpaid, pkt. 5c, oz. 28c.

LAVENDER—Hardy. A fragrant medicinal herb. Postpaid, pkt. 5c, oz. 28c.

MARJORAM—Sweet. Used for seasoning. Postpaid, pkt. 5c, oz. 28c.

SAGE—Hardy. Used for seasoning and dressings. Postpaid, pkt. 5c, oz. 54c.

SUMMER SAVORY—Used for flavoring. Postpaid, pkt. 5c, oz. 24c.

WINTER SAVORY—Hardy. Used for flavoring. Postpaid, pkt. 5c, oz. 38c.

Mixed HERBS, pkt. 4c; oz. 20c, postpaid.

GOURDS

DISH CLOTH—The inner skin of the shell makes an excellent dish cloth or rag. Easily kept clean. Postpaid, pkt. 5c, oz. 38c.

NEST EGG—Resembles in color, shape and size a hen's egg. Makes the best nest egg of all for they never crack. Fine vine for screens and used a great deal on porches, etc. Postpaid, pkt. 5c, oz. 24c.

DIPPER—This gourd makes an excellent dipper for hot soap and other liquids. Never rusts and will last for years. Also makes good bird nests for Wrens, etc. Postpaid, pkt. 5c, oz. 24c.

BOTTLE—This gourd was supposed to have been used in the Orient in an early day. Quite a novelty and well worth growing. Postpaid, pkt. 5c.

SUGAR TROUGH—Make an enormous growth and used for different purposes, such as salt, seed corn, soap, etc. Will hold from 8 to 10 gallons each. Some use them for nesting boxes also. Postpaid, pkt. 5c, oz. 24c.

PIPE—This gourd makes a light attractive pipe of the famous Calabash type and make good smoking pipes, preferred by many to any other. Postpaid, pkt. 5c.

MOCK ORANGE—A well known variety. Postpaid, pkt. 5c.

SPOON—A small ball shaped variety with slender necks. By slicing off the side of the bowl, a good spoon. When dried they make good rattlers for children. Postpaid, pkt. 5c.

Mixed—Postpaid, pkt. 5c, oz. 24c.

Strawberries from Seed

BRAZILIAN EVERBEARING bears fruit in about four months after seed is sown and continues to produce fruit until very late in the Fall. The berries are not as large as the standard varieties, but are of superior quality and have the rich wild strawberry flavor. The plant is ever-bearing in the true sense of the word, producing fruit all summer, and comes perfectly true from seed. Perfectly hardy everywhere and easy to grow. A packet of seed should produce 40 to 50 plants. Pkt. 15c, 2 pkts. 25c, postpaid.

WONDERBERRY OR GARDEN HUCKLEBERRY

WITHOUT QUESTION LUTHER BURBANK'S GREATEST LUSCIOUS BERRY THAT MAY BE GROWN AND RIPENED FROM SEED IN ANY SOIL OR CLIMATE IN THREE MONTHS

Fruit more like a great rich, luscious blueberry than anything else. Beautiful color, fine flavor and unsurpassed for eating raw, cooked, canned or preserved in any form. It is easily the greatest garden fruit ever introduced. Easiest plant in the world to grow. Succeeding anywhere and yielding great masses of rich fruit all Summer and Fall. **THE QUALITY** is sweet and delicious when fully ripe. Like the grape, it should have time to ripen well after coloring in full sun. Skin, which may seem a little tough in a raw state, cooks tender. Seeds small, one-quarter the size of Tomato seed, and cook soft, and are not noticeable. We offer this desirable garden delicacy in two distinct colors. Postpaid, Pkt. 9c; 3 for 25c; oz. 35c.

TRANSPLANTED PLANTS—Transplanted plants should bear 4 weeks earlier. Strong plants, 3 for 20c; 6 for 35c; doz. 60c, prepaid.

Borecole or Kale

Leaves are curly, like parsley and have a very fine flavor. Handle same as Cabbage. Sow seed in May or June. Transplant in July. Pkt. 5c; oz. 9c; 1/4 lb. 25c; 1/2 lb. 39c, postpaid.

KILL RATS

"BLACK CAT" is sure death to Rats, Mice and Gophers, but is harmless to Man, Dogs, Cats, Baby Chicks, Poultry and all Domestic Animals. May be safely used in the house, barn or poultry house. **"BLACK CAT"** can be mixed with butter, corn meal, ground meat or other food. Rats and Mice eat it readily and it drives them outdoors to die.

GUARANTEED TO KILL RATS, MICE and GOPHERS and nothing else, when used according to directions.
50c per package, postpaid

Garden Huckleberry

INSECTICIDES

BORDEAUX MIXTURE—Used to cure and prevent mildew, blight, black rot and fungoid diseases on fruit and plants. One lb. can will make 5 gal. Per lb. 35c.

EVERGREEN—Kills most all plant pests. Harmless to man, animal and birds. Oz. 35c.

HAMMONDS SLUG-SHOT—Destroys insects attacking vegetables and flowers. One lb. sifter top can 25c, 5 lbs. \$1.00.

BLACK-LEAF 40—A highly recommended spray for soft bodied insects. The directions must be carefully followed on each bottle. Oz. bottle 35c. (Insecticides are not Prepaid.)

LAWN GRASS SEED

(See Bottom First Cover Page for Lawn Grass Seed)

FERTILIZERS

NITRATE OF SODA—A very good food for plant life because you can dissolve it in water and all of nourishment goes to the roots. lb. 15c; 5 lbs. 50c. Not Prepaid.

BONE MEAL—An excellent fertilizer finely ground and very valuable for plant, shrubs and lawns. 5 lbs. 65c; 10 lbs. \$1.00, Not Prepaid.

PIKE'S PLANT FOOD—This odorless soluble, harmless and efficient plant food is especially prepared for house plants, window boxes, vases, etc. Season's supply for ordinary house use only 15c; 3 for 40c, Prepaid.

See page 22 for lawn garden fertilizer. On larger quantities write for special prices

NOTE

Full directions for applying given on all bags sent out.

INDEX

Explanation of Table Below.
Numbers prefixed with B, Bulb; HP, Hardy Plants (Perennials); P, Plants; R, Roots; S, Seeds; PS, Plants & Seeds; T, Tubers.

WE PAY POSTAGE

Climbing Blue Rose

Talisman. One of the most popular Roses either as a cut flower or for the garden. The long pointed buds are bright yellow. As the petals unfold they develop into fair-sized, double, fragrant, high-centered flowers that combine bright apricot, gold, and deep rose-pink into a glittering mass of color. Continuous and free flowering. 19c each, 3 for 53c, postpaid.

Climbing Roses

CLIMBING BLUE ROSE (Veilchenblau)—An excellent novelty type with violet-blue flowers. 18c each, 3 for 51c.

CLIMBING AMERICAN BEAUTY—Deep crimson. Fine climber. 15c each, 3 for 42c.

CLIMBING CRIMSON RAMBLER—Fine crimson in large clusters for trellis or hedging. 15c each, 3 for 42c.

CLIMBING DOROTHY PERKINS—Deep pink in large clusters. Very sweet scented. 15c each, 3 for 42c.

CLIMBING GARDENIA—Bright yellow. Very fragrant. Best hardy yellow grown. 15c each, 3 for 42c.

PAUL'S SCARLET CLIMBER—One of the very best vivid scarlet climbers. 15c each, 3 for 42c.

CLIMBING SHOWER OF GOLD—A beautiful deep golden yellow. The finest yellow climber grown. 18c each, 3 for 51c.

CLIMBING PINK RADIANCE—Same color and type of rose as the bush except that it is of a climbing habit. 15c each, 3 for 42c.

CLIMBING RED RADIANCE—Same type as the bush rose. Color of the flower the same; except that it is of a climbing habit. 15c each, 3 for 42c.

Special Offer

Will send one each of the 9 kinds of Hardy Climbing Roses for \$1.24.

Baby Roses

Baby Pink or Sweetheart BABY PINK OR SWEETHEART ROSE—A handsome miniature rose coming in sprays of 3 to 5 buds. Color blush-pink shaded with light salmon. 22c each, 3 for 58c.

NEW DELICIOUS SALADIA

Easy to Grow—Delicious—Prolific—

Often new vegetables are introduced from Europe or Asia with little or no merit, but this unique vine from Asia will soon be one of America's most popular vegetables and will find a large market, due to the popularity of Salads on the American Table. Served with Mayonnaise or other Salad dressings it makes a delicious dish, even taking the place of Lettuce or can be used with Lettuce, Tomatoes, Cucumbers, etc., in a combination Salad. Some prefer to serve this hot. It can be cooked in the shell or dipped in a batter and fried the same as Egg Plants. The fruit grows to the size of a coconut and when ripe is quite firm. When cut open the delicious slaw like contents are easily removed and ready for serving. This fascinating Novelty is so different from anything we know of that is grown along the vegetable line, we consider it the outstanding Novelty of the Vegetable Garden. We know you will be as enthused as we were the first time we saw it growing. Try a packet and surprise your friends. Follow up your first plantings so you will have "Saladia" on your table all summer and plant some late for winter use, as the fruits will easily keep until spring in your basement. Packet 15c; 3 for 40c; ounce 60c; postpaid.
